

TREASURY READY TO MEET BONUS

Special Dispatch to The Omaha Bee. Washington, D. C., Dec. 6.—The first action for the accumulation of \$4,000,000,000 which the government will need in 1925 to pay the

soldiers' bonus will be taken by the Treasury department January 1. On that date the treasury will pay \$100,000,000 into a special bonus fund which will yield interest at the rate of 4 per cent annually. Each year for the next 20 years, the treasury will make a similar payment to this fund. The total payments will then

amount to \$2,000,000,000, and the interest, compounded annually, will double the total and provide the requisite \$4,000,000,000. Omaha and Nebraska veterans of the world war who have not yet applied for their bonus are being urged to do so in order that all applications will be in the hands of the veterans' bureau within the specified time.

POSTAL SALARIES AGAIN IN CONGRESS

Special Dispatch to The Omaha Bee. Washington, Dec. 6.—Postal employees' organizations, since the opening of the second session of congress, have been sending to congressmen

and senators a vast amount of reminders to override the president's veto of the salary increase bill passed at the last session. Congressman Willis G. Sears has been receiving postcards from members of postal employees' organizations in and around Omaha. On them is a picture of a quartet warbling "Will You Love Me in December's You

Did in May?" Congressman Sears has assured the postal employees of his district that he will support the measure whenever it comes to the attention of the house. The measure will probably not be considered until after the Christmas holidays. Bee Want Ads Produce Results.

P. E. O. State Organizer Entertained at Cozad
Cozad, Dec. 6.—P. E. O. Sisterhood entertained at a noon luncheon in honor of Mrs. Maule Handy of North Platte, state organizer of the order, and Mrs. Eloise Gettys of Lincoln, state custodian of work. Luncheon was served at the home of Mrs.

Charles Ward, president of the local chapter. Mrs. Victor West of chapter C. P., Omaha, was present. After the luncheon the visitors put on a school of instruction. Another especially pathetic little feature of every-day life in the metropolitan who fails to succeed in collecting any material.—Columbus (O.) State Journal.
