**Atlanta Officials Face Charges
of Accepting Bribes, From
Inmates for Favors.**

Atlanta, Ga., Dec. 19.—A federal grand jury today returned an indictment against A. E. Sartain, former warden of the federal penitentiary, charging acceptance of bribes. He made bond in the sum of \$5,000 for his appearance the first Monday in January.

Atlanta, Ga., Dec. 19.—An indictment was returned here by a federal grand jury late today, charging L. J. Fletcher, deputy warden at the federal prison, with asking and receiving a bribe from Emanuel Kesler, for appointment as assistant librarian at the prison.

Cincinnati, O., Dec. 19.—An affidavit, charging that men of financial influence, now serving terms at Atlanta federal penitentiary in connection with alleged bootlegging activities, were given liberties not permissible under prison regulations, was sworn to here by a former federal prisoner.

The affidavit alleged that George Remus, so-called Cincinnati "bootleg king," was among the prisoners given special privileges. The document was forwarded to A. E. Sartain, deposed warden of the prison, to aid his defense in meeting the charges that he accepted bribes.

**MOTHER DEFENDS
GOULD CHILDREN**

New York, Dec. 19.—Mrs. Guinevere Sinclair Gould, widow of the late George J. Gould, appeared today at the referee's hearing in the Gould accounting suit to defend her three children against the charge, made yesterday, that her husband was not their father.

The question of the legitimacy of the three children, who were born before Mrs. Gould's marriage to Gould, was first brought into the accounting suit yesterday when J. Arthur Leve, counsel for George J. Gould, Jr., denied that the late George Gould was their father.

Gould, in his will, acknowledged the children—a boy and two girls—as his own and left them part of his estate. Mrs. Gould said today that two of her children—George and Guinevere—were born in a hospital in New York city in April, 1915, and June, 1916, respectively. The third, Jane, was born at Lakehurst, N. J., in April, 1922, she said.

"Was George Gould their father?" she was asked.
"Yes," answered Mrs. Gould. She said she married Gould in May, 1922, a year after the death of his first wife.

**French Deny Attempt to
Prosecute Blasco Ibanez**

Paris, Dec. 19.—The French foreign office officially denied today any intention to attempt the prosecution of Vicente Blasco Ibanez, the Spanish author. The report that it would initiate such a prosecution because of the publication of his pamphlet against King Alfonso was printed in a Paris newspaper yesterday.

**Widow Barely Able to Feed 5 Tots;
Warm Shoes Next to Impossible**

Christmas! Santa Claus! "Kiddies" warm in their snug "beddies!" Good fires in the furnaces! Warm clothes when the boys and girls get up. Heavy shoes and rubbers to keep out the cold.

But here in Omaha are many little boys and girls who have no good shoes, who shiver in hovels, who cry in the night because they are cold and when day comes they can't go out because they lack the all-important shoes.

"There are five of the children and none of them have shoes. It is all I can do to get the rent, \$14 a month, and enough corn meal and bread and a little meat to feed them," writes one widowed mother. "I sew clothing for them" but I can't make shoes."
"A group of friends" sent \$100 to

the fund, which is acknowledged with thanks.

Through school teachers, cases are investigated and the children are sent to the city hall where J. B. Carver gives out tickets which entitle the children to be fitted with shoes at a store and the bill paid by the Free Shoe fund, provided by readers of The Omaha Bee. Thus there is no "overhead expense." Every cent goes for the shoes.

**Britten Suggests
Naval Increase**

**New Measure Would Cause
Expenditure of \$101,400,000
on New Construction.**

Washington, Dec. 19.—Expenditure of \$101,400,000 on additional naval construction is proposed in a bill introduced late today by Representative Britten of Illinois, ranking republican on the house naval committee.

The measure would authorize the building of four scout cruisers at a cost of \$11,100,000 each and one floating dry dock to cost \$7,500,000, and would increase the limit of cost of the air plane carriers Lexington and Saratoga, now under construction, from \$23,000,000 to \$33,000,000.

Authority also would be given the navy to elevate the turret guns on the battleships Florida, Utah, Arkansas, Wyoming, Pennsylvania, Arizona, Oklahoma, Nevada, New York, Texas, Mississippi, Idaho, and New Mexico at a total cost of \$6,500,000.

Containing the improvements are necessary if the American navy is to equal Great Britain's in strength, Britten said his bill necessarily would bring on hearings at which the exact condition of the United States navy would be revealed.
