HUDSON

Largest Selling Six-Cylinder Closed Cars in the World

The greatest of all Hudson-Essex values is responsible for the greatest of all Hudson-Essex years. All rivals are distanced in actual proof of value---which is SALES.

The Hudson-Essex Coach is the largest selling 6-cylinder closed car in the world, not merely because it gives "Closed Car Comforts at Open Car Cost," but because it gives chassis value and performance not equaled within hundreds of dollars of the price.

For Ten Years "The World's Greatest Buy"

Hudson is called the "World's Greatest Buy," not for today alone. That is acknowledgment of ten years' constant refinement of a great car around the famous patented Super-Six principle. Basic patents have kept others from copying its motor.

All now know that higher price can buy no smoother performance than Hudson's. It cannot buy more brilliant results in pick-up, power or speed. It cannot buy greater reliability or endurance.
