

### Borglum Ready to Face Charge

Sculptor Arrives in North Carolina for Habeas Corpus Hearing.

Greensboro, N. C., March 7.—Gutzon Borglum, deposed sculptor of the Stone Mountain Confederate Memorial, today declared he was willing to return to Georgia to face felony charges against him, but that his counsel had advised him to fight extradition proceedings.

Greensboro, N. C., March 7.—Gutzon Borglum, former chief Stone Mountain Confederate Memorial sculptor, wanted in Georgia on felony charges, arrived here early today, and tonight will seek to gain his freedom through habeas corpus which will be heard by John Michael Scheck of the superior court.

Borglum said he came here from Washington. He went immediately to a hotel and arranged a conference with his attorneys.

Borglum was arrested here last Saturday on a fugitive warrant, issued in Georgia on February 25, when he was alleged to have destroyed several models used in carving the memorial. The sculptor instituted habeas corpus proceedings and the judge released him in bond to appear here tonight for a hearing.

It is a book of 52 pages, illustrated with over 40 pictures of former and present ministers and laymen active in the work of the Nebraska churches. The book is 7 1/2 by 10 1/2 inches and handsomely bound. ### SUGAR BEET BIG AID TO FARMERS

William Blonder, Omaha representative of the agricultural division of the Great Northern railroad, has returned from an extensive trip through the country much enthused over the outlook for 1925.

The cultivation of the sugar beet will play an important part in the development and four sugar refineries are now in course of construction throughout the territory.

There will be an active land movement this year, Blonder says, and to encourage prospective homeseekers to view the north country his railroad will soon institute excursions with special rates on the first and third Tuesdays of each month.

Blonder also expresses the opinion that there will be a general revival of land investment throughout the entire agricultural west.

### How Many Women Keep Young Looking

"A woman may be old at 18 and young at 35," says a prominent club-woman. Yara don't matter. Didn't Nison de L'Enclis have a proposal at 90?"

"The youth of our women is more lasting than it was a generation ago, because we are better acquainted with simple physiological laws. When the first aging marks appear—wrinkles, bagginess of cheeks, neck and chin—we realize that the cause is a loosening of the skin and softening of the tissue underneath. We know the remedy must be found. Instead of laying on paste we send to the drug store for an ounce of powdered exfoliate and a half-pint of witch hazel. Mix them and bathe face, neck and hands in the solution. We know this tightens the skin, solidifies the tissue, induces a healthy circulation. We treat causes rather than effects. We use reason—and stay young."

### OMAHAN, 80, FLAGS TRAIN; SAVES CAR

When his new automobile stalled on the Northwestern railroad track west of Fairacres Friday afternoon, George W. Smith, 80, wholesale dry goods man, jumped from the car and "flagged" a train approaching from the south.

Fred Sornes, the engineer, brought the train to a stop within a few feet of the car. Smith's daughter, Marjorie, 33, 2207 Lake street, was driving. A flooded carburetor caused the car to stop. "It was a narrow escape," he said.
