Tales of Spring

I walked with face uplifted Amid the aisles of spring; My heart was filled with rapture And happiness was king.

I watched the friendly meadows Grow greener day by day; The hills donned robes of grandeur And vernal ecstasy.

Mine was the song of fountains Beneath an April sun; My heart grew all-courageous— The night had changed to dawn!

The glad voice of robins Filled me with eagerness; I pondered God's vast mercy And man's indebtedness.

And I was glad for living Amid the isles of spring; Where life was song and laughter And happiness was king.

—George S. Whitaker.

Only Sleeves Betrimmed

By MME. LISBETH.

The spring coat I am illustrating today is fashioned of black satin with white lining and facing. The loose, wraplike sleeves are heavily trimmed with embroidery, this sleeve trimming being all that is used on the coat. A neat little white hat with flowers drooping on to milady's shoulders is worn with the coat. Miss Sally Long, of screen fame, is the wearer. A number of slender touches are seen on the new coats for stout women. Charmeen coats adroitly tucked on collar, sleeves and down the fronts are one style recommended. A panel of tucks running from hip-line to the hem on either side is an-

other mode of effecting a slimmer silhouette. And tailored stitching is always a smart and effective way of trimming for the heavy woman. Colors employed are tigers eye, tan, gray, black and navy.

For the young women the top coat "a la Wales" is still good. Swagger, demora or mannish coatings are mostly chosen for these tailored, double-breasted coats with their trim lapels and slightly nipped-in hip lines. They are silk lined throughout and are popular in natural shades and in- visible plaids in gray-blue and fog-gray tones.

Keep Your Clothes Clean. Dresher Quality Service Costs No More. Many people imagine that because Dresher Brothers maintain the largest and finest cleaning and dyeing plant in the Middle West and use the most modern equipment and the highest type of workmen, that their prices MUST be higher than others. This is not true—in fact, BECAUSE we do have the largest plant and the most modern methods is the REASON we are able to make prices AS LOW or LOWER than the smaller firms who must distribute their overhead charges among only a few customers while we send our work to every State in the Union and two foreign countries. When you consider that we use the most modern equipment money can buy; that we employ only the highest type of workmen; that we are morally and financially responsible for any work entrusted to us; that your clothes are protected by insurance against fire or theft from the time we call for them until they are delivered; that we have a fleet of delivery trucks always at your command—and then realize that our prices are NO HIGHER, and in many cases actually lower than the small cleaner, you will see the advantage in sending ALL of your work to us. We pay Return Parcel Post charges anywhere under the American Flag. Branch Offices—Dresher, The Tailor, 1515 Farnam, and Brandeis Store, South Side—4625 South 24th. 2211-2213-2215-2217 Farnam Street.
