

"Hearst, Harmony and Hilarity" to Be Democrats' Cry

Convention Really Two-in-One Affair, Composed of Slatemakers and Pleasure Hounds.

(Continued From Page One.)
Republican administration, and then sing as softly as a cooing dove about the democratic foreign policy.
The gentle tip has gone out to all who are preparing nominating speeches to "lay off" the Wilson foreign policy, but put the loud pedal on every reference to the weak and vacillating foreign policy of the republican administration. That string on the democratic harp will be played until it frazzles.
Senator "Pat" Harrison, who is to sound the democratic hevgag, commonly known as the "keynote," is a wise bird, and he isn't going to upset the birds. Doubtless he has been tipped off what the play is to be, and nobody expects him to take up any time eulogizing the league of nations, thus offending William Randolph.
Democratic leaders have just two things they are going to build their campaign plans upon—the exposures of corruption and "the weak and vacillating foreign policy" of the administration. The tariff will be incidental.

Party Bosses at Work

Delegates are arriving in ever-increasing numbers. The dawning of the Sabbath day will find most of the state reservations occupied. But the day will be unwholly, like the Sabbath day of the bucolic regions. While the delegates, supposedly here for the purpose of representing the hosts of the untrifled democracy, are consuming "hot dogs" and riding the "tub" at Coney, or getting a crick in their necks looking at the top of the Woodworth building, the dozen or so party bosses will be sweltering in an upper room, surrounded by cracked ice and things, making the platform and planning the campaign. Incidentally, they will also agree on just who they will let the delegates nominate.

If the delegates are not amenable to discipline and refuse to take the combination formed by the big bosses, the stage will begin. The floor strategists will have their instructions and the parliamentary battle will be prolonged until the delegates from the "hinterland," as the New Yorkers call the country west of the Alleghenies, are starved into submission and willing to accept anything in order to start home.

St. Alban's, Vt., June 20.—Fireman William Forbes was killed and two trainmen were injured when a heavy freight train collided head-on with the Washington-Montreal express on the Central Vermont railway in Sharon early today. No passengers were injured.

Highway Remarkd.

Table Rock, Neb., June 20.—Re-marking the state highway through Pawnee county was completed this week by County Highway Commissioner W. J. Campbell and assistants. Hereafter the highway will be designated as number 26 instead of number 18 as in the past. The new marking is easy to read, consisting of the numerals 26 in large figures, surrounded by an outline map of the state of Nebraska.

Hippen Exonerated.

Beatrice, Neb., June 20.—The case of the state against G. H. Hippen, farmer taken with 15 others in a liquor raid a week ago, was dismissed in county court as it was shown the defendant was in no way connected with the alleged booze ring. Mr. Hippen resides in the Adams vicinity.

Crippled Liner, Sinking, Wins Race in Fog to Save Lives of Passengers

By Associated Press.
St. Johns, N. F., June 20.—How a liner, half crippled and slowly sinking, raced against time with its 700 passengers through a blind fog off the New Foundland coast—and won—was told after two battered steamers found their way into this port last night after colliding off Cape Race. The vessels were the Italian steamer Clara Camus, which crept into port with its forward peak driven back to the forecastle winch by the force of the collision, and the Canadian liner Metagama, bearing 700 passengers bound for Montreal from Glasgow. The Metagama, listing heavily, was beached on a shoal in St. Johns harbor. Loss of life was averted in the crash.
Cool action by the Metagama's officers averted a panic aboard the craft when the passengers rushed on deck after the collision had sent the craft reeling.
Passengers praised both captain and crew for their handling of the situation. During the long race seamen provided music with bagpipes, string instruments and phonographs to help maintain the courage of those aboard. Although other ships had appeared to be of assistance, the captain did not halt to attempt a transfer in the dense fog.
As the Metagama came to anchor in St. Johns harbor it appeared in a critical condition and passengers implored boats and tugs to take them off, but, with time apparently too short for safe transfer, its captain beached his ship on a mud bank. Passengers will be taken off today or Saturday.

Horsewhipped, Woman Sues

Louisiana Matron Asks \$75,000 From Her Alleged Assailants.

Alexandria, La., June 20.—Charging that she was taken from her home by three women and horsewhipped, Mrs. Lillian Bonnette has filed suit for \$75,000 in district court against Mrs. Gertrude Ball, Mrs. Amelia Jordan and Mrs. Leslie Hatchett, who she named as her alleged assailants.
The woman charged that on the night of April 25 she was in her home clothed in a kimono and bedroom slippers, recovering from an operation, when the three women entered her house, beat her and pulled her hair, "hogtied" her, searched her house, taking a revolver, necklace and fur, then put her in an automobile and took her into the woods, where she was "beaten and tortured like a dog."
Mrs. Bonnette is the mother of a boy, 7, and a girl, 3.
Officials have not announced the reason for the attack.

FARM CONTROL OF GRAIN FIRMS URGED

(Continued From Page One.)
farmer-owned elevators and individuals as a grain merchandising agency.
"It is understood that the tentative plan has been presented to other farm organizations."
Gray Silver, Washington representative of farm bureau federation, spent several hours here today closeted with important figures in the Chicago grain trade and left shortly afternoon for Washington.

The announcements of the American Farm Bureau federation that a plan for producer control of certain factors of the grain marketing machinery had been submitted by unnamed interests recalled to leaders in the grain trade in Chicago persistent rumors of negotiations in this direction about a year ago.
At that time, it was recalled, Bernard M. Baruch, Wall street operator and formerly chairman of the war industries board under President Wilson, made public correspondence in which he had made suggestions that farmers purchase a "going concern like the Armour Grain company" as a solution to their problems of co-operative marketing.
The correspondence consisted of letters and telegrams to J. M. Nehl, secretary of the United Grain Growers, Inc., and "a prominent agricultural senator" whose exact identity never has been formally revealed.

French Deputies Stage Fist Fight

Battle Precedes Initial Vote of Confidence for Herriot Government.

By International News Service.
Paris, June 20.—After a stormy session, during which members clashed on the floor, the chamber of deputies gave the new Herriot cabinet a vote of confidence early today. The vote stood:
For the government, 313.
Against the government, 234.
This was the new ministry's first test of strength. Herriot sought the vote to make sure he had the support of the chamber when he goes to London tomorrow to confer with Premier Ramsay MacDonald upon reparations and the Ruhr issue.
There were exciting scenes when socialist and communist deputies came to blows. While the fighting was in progress right bloc deputies remained in their seats cheering the fighters.

"Farmer-Labor Control of U.S." Third Party Cry

Campaign to Be Waged on Platform Calling for Industry Nationalization, Says McDonald.

By KENNETH CLARK, International News Staff Correspondent.
St. Paul, Minn., June 20.—"Control of the government by farmers and workers" was the campaign cry flung to the nation today by the new third party formed here under the control of the communists.
"We are going into the campaign following the dictates of our platform, calling for nationalization of industry and control of the government by the farmers and the toilers," Duncan McDonald of Springfield, Ill., the party's presidential nominee, told International News Service.
McDonald's announcement that the party would press a vigorous drive to capture the votes of "the exploited farmers and workers" was supported by William Bouck of the state of Washington, unanimously chosen as the vice presidential nominee.
Delegates Walk Out.
But McDonald's hopeful prediction for the new party was not shared by the chiefs of the farmer-labor delegations to the convention, who walked out of the hall, charging "complete domination of the party by communists."
More than two score delegates bolted the convention when McDonald, backed by the communist leaders, William Z. Foster, C. E. Ruthenberg and Joseph Manley, all of Chicago, was nominated.
But a flickering hope remained today in the hearts of the few farmer-labor delegates who stuck out the convention. They wanted "Bob" La Follette, but they virtually had to abandon all hope when Foster, who directed the communist strategy from the start announced "we will never stand for La Follette unless he agrees to our platform and agrees to take charge of our campaign."
May Go to Cleveland.
There was unanimity of opinion among the delegates remaining in town that La Follette would never consent to have anything to do with this party which asked for votes upon a platform that actually was written under the personal dictation of Manley, Foster's son-in-law.
Holding this view, many of the delegates who bolted planned to go to Cleveland for the "Big Four brotherhood" convention July 4, when it was believed here, La Follette would be formally endorsed for the presidency.
There was no question in the minds of the farmer-labor delegates that La Follette would accept the endorsement of that convention.

SECOND BROTHER HELD FOR FRAUD

North Platte, Neb., June 20.—Alvin T. Johnson, proprietor of the Johnson department store, this city, was arrested by United States Marshal Manderville of Grand Island yesterday upon a warrant charging Johnson with using the mails to defraud wholesale houses. He was given his freedom on \$2,000 bond which was supplied by relatives from Gothenburg. Johnson's brother, Rindol, was sentenced Wednesday to 15 months in the federal prison on the same charges.
Eleven counts were returned against Johnson by the grand jury which sat this spring in Omaha. All counts charged using the mails to defraud.

New Kidnaping Note Received

Chicago, June 20.—Another "kidnaping" letter, this time threatening Josephine Franks, sister of the kidnaped and slain Robert Franks, to which Nathan Leopold and Richard Loeb confessed, has been received by Chief Justice Caverly of the criminal court.
The letter is regarded by Chief Justice Caverly as the work of a crank. It was signed "George Johnson," the name used in the ransom note sent by Leopold and Loeb. It is only one of 100 letters received by Chief Justice Caverly concerning the Franks case and was turned over to the police.
Coming so soon after a note threatening to kidnap the son of Irvin H. Hartman, wealthy furniture dealer, who has sent his two children to Baltimore, the police believe several cranks and mischievous persons are writing such notes.
