

Delegates in Fist Fights Over Klan

Brawl Precipitated When States Refuse to Join Anti- K. K. K. Demonstration at Convention.

McAdoo's Name Offered

(Continued from Page One.)

to take the state banners into the parade and those who sought to prevent it.

The quiet had been restored, Mr. Johnston concluded his speech and former Governor Charles H. Brough of Arkansas presented the name of Senator Robinson. He was applauded for many parts of the hall and the Arkansas delegation stood on its chairs and cheered, but there was no prolonged demonstration.

The nominating speech for Mr. McAdoo was made by former Senator James D. Phelan of California. Long before he took the platform, the machinery for a demonstration had been set up on the convention floor and at the mention of the name of the former treasury secretary it all came into action. A group of women trumpeters blew a clarion call from the midst of the California delegation. Two men lifted to their shoulders a girl dressed in the national colors and bore her to the head of the fast-forming parade. A cheer leader took his place at the speakers stand, and scores of colored bandanas and California state flags, previously distributed to delegates and workers, were brought into play as the show got underway. It was impossible to estimate how many delegates took part in the hour's demonstration. Among the marchers were many who wore no badges to identify them and a group of these gathered in front of the speakers stand and beat whistles and up for McAdoo after most of the delegates were back in their places. The band too, and a group of McAdoo boosters stationed in the gallery, carried the demonstration along for a time while most of the rest of the hall was quiet.

There was some shuffling on the surface tonight to indicate that this or any other development of the day had affected the relative standing of the candidates. Both the McAdoo and Smith forces, each predicting victory kept up their canvass for votes while the friends of all the other candidates continued to smile complacently at the prospect of a deadlock.

Tax Reduction Sought.

The board of equalization was asked Wednesday to reduce assessments 50 per cent on the four buildings at Twelfth and Farnam streets.

Births and Deaths.

Births
Sally and Florence Sproule, La Platte, Neb., girl.

Roy Henkel, 21 years, hospital.
Francis Javda Banchar, 7 years, hospital.
John Henry, 13 years, hospital.
Charles Kuecht, 65 years, 2116 Spencer street.

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen of Rochester, N. Y., suffered for years with rheumatism. Many times the terrible pain left him helpless and unable to work.

He finally decided, after years of ceaseless study, that he could be free from rheumatism until the accumulated impurities, commonly known as uric acid, were dissolved in the joints and muscles and expelled from the body.

With this end in view he consulted physicians, made experiments and finally compounded a prescription which completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenthu, to others who took it, with what might be called his usual candor. After years of urging he decided to let sufferers everywhere know about his recovery through the newspaper. He has therefore instructed druggists everywhere to dispense Allenthu with the understanding that if the first pint bottle does not allow the way to complete recovery he will gladly return your money without comment. Boston Drug Company can supply you.

Child-birth

WHEN the little one arrives, you can have that moment more free from suffering than you have perhaps imagined.

An obstetrician, expert in this science, has shown the way. It was he who first produced the great relief in the world, "Mother's Friend," Mrs. C. J. Hartman, Scranton, Pa.

"With my first two children I had a doctor for and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I was very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mother and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield's Dispensary, 230 N. 7th St., Atlanta, Ga., for a free illustrated book containing information every expectant mother should know. "Mother's Friend" is sold by all drug stores.

HORSE KICKS CAR INTO DITCH

Beatrice, Neb., June 25.—On the Cornhusker highway near the Union Pacific crossing just north of the city a horse kicked an automobile off the road into the ditch in a foot of water. In the car were Mrs. Mattie Roberts, her mother, Mrs. Oudekirk, and two granddaughters, Maxine and Bessie Oudekirk, all of Franklin.

The party was en route home from a visit with relatives near Cortland, Neb. The car came up behind a team driven by a young man, who turned to the right to let the autoists get by. As the car was passing the horses the one nearest the machine struck it with his hoofs and pushed it into the ditch. The occupants were shaken up and badly frightened, but none injured. The car was only slightly damaged.

Doctor Finds Patient Dead Sitting in Chair

Wymore, Neb., June 24.—W. H. Baumgardner, 84, one of the early settlers of Wymore, a former Burlington shop worker for 20 years, died suddenly Monday evening. A few moments before his death he was talking to members of the family. He was discovered dead sitting in his chair by Dr. Haworth on a professional call.

Mr. Baumgardner was born in Pennsylvania and came to Nebraska in the early days, working as a carpenter and contractor. He built the first courthouse at Beaver City and the school building at Culbertson and several residences at those places and Arapahoe and Cambridge. He built over 25 of the early residences in Wymore and was a cab and wood worker for the Burlington railway. His wife died at Wymore 12 years ago. Those surviving are two sons, Louis, former Ak-Sar-Ben custodian, of Omaha; Walter, assistant postmaster of Beatrice, and two daughters, Mrs. Maize Kessler and Miss Maude, a teacher in Wymore High school. Burial will be Thursday.

Wire Practice Condemned.

Shenandoah, Ia., June 25.—Packers are getting many kicks on the practice of cattle men using wires in calves to prevent blackleg, according to Don Griswold, county agent. The only effect of wires used in this way is to spoil machinery in the leather factories. Calves should be vaccinated for blackleg and not treated with wires, the county agent states.

Audubon Mayor Dies.

Atlantic, Ia., June 25.—Funeral services were held Tuesday for F. R. McLaughlin, mayor of Audubon, who died Sunday from the effects of tumor. Mr. McLaughlin was serving his second term. He was about 75 years of age.

Lions Hear Plea of Blind Youth for Braille Book

Convention Votes to Furnish Magazine to Every Sight- less Youngster in U. S. and Canada.

(Continued from Page One.)

Cedar Point on the Erie" says one huge invitation: "Los Angeles 1925" says the other. Cedar Point campaigners have triangular points stuck in the hats of all delegates. California delegates broadcast literature and got in a last minute drive at the California reception at the Auditorium Wednesday night.

Important resolutions remain to be acted on at the final session. The morning meeting will start at 9 o'clock, with invocation by Rev. Donald MacLeod, pastor of Dundee Presbyterian church. Merle Smith, Kansas City, is on the program as the speaker of the day, to appear in the forenoon. Delegates, particularly motorists, are expected to remain over until Friday morning.

Full Program Yesterday

Entertainment features of the convention came to a close with the full program yesterday. Women visitors were guests of the Kiwanis club at the Strand theater at 10 o'clock and guests of the Altrusa clubs of Omaha and Council Bluffs for an auto ride and dinner at the Happy Hollow club in the afternoon.

The show at the Ak-Sar-Ben den in the evening was the climax of the week's events for the men. Cars lined up at the Auditorium at 7 o'clock and for an hour visitors were invited aboard to be taken to the scene of the Ak-Sar-Ben mysteries. Charles Gardner was in charge of the show.

Returning from the den, the Lions were the guests of the California delegation at a reception at the Auditorium. There was a liberal distribution of fruit and literature and lively musical numbers. The hosts not only invited the Lions to the Golden West for the 1925 convention, but for their permanent residence.

Great Street Parade

Douglas Malloch, Chicago poet, added to the entertainment of the day with his talk on "Sinners I Have Met." Mr. Malloch contended that the best bond on the market is the bond of good fellowship and friendship.

The Lions' parade Wednesday night overshadowed all other activities of the delegates and visitors. Omaha turned out to see the Lions and was well repaid, for the visitors presented a colorful sight in their varied costumes, and their yells and songs

Rock Island Employees in Fairbury Number 529

Fairbury, Neb., June 25.—Rock Island railroad gives out the following information: "There are 529 Rock Island employees living at Fairbury. Of this number 424 are heads of families. The number of people dependent on wages received is about 1,500. The amount received in salaries for one month is \$75,000; for one year, about \$945,000. Many of these families own their own homes."

Ministers Hold Picnic

Plainview, Neb., June 25.—The ministers of Pierce county, with their wives and families, laid aside their pastoral duties Monday and met at a grove eight miles southeast of Plainview for a picnic. Baseball and horse shoe pitching were features. During the afternoon a paper on "The Office and Work of the Holy Spirit" was presented by Rev. R. L. Cosand of Plainview. Resolutions of respect were passed because of the removal from the county of the president, Rev. J. G. Russell, who has gone to Hopewell, Ia., and Rev. R. L. Cosand, who has resigned his church at Plainview, to take effect the beginning of September.

Nielson Chief Speaker

Dr. M. Nielson of Salt Lake City, district governor of Utah and Idaho, was speaker of the forenoon. He pleaded with delegates to rid the country of narcotic peddlers, to whom he referred as "the leeches who are sucking the very lifeblood of American stability."

"Prohibition," he said, "important as it is, after all is a trivial matter compared to this traffic. At least 1,250,000 Americans today have fallen slaves to the drug habit."

"I appeal to you, fellow Lions, in the name of humanity, that this convention appoint a committee to work out this problem."

Crime Is Result

"Capt. Richard P. Hobson, president of the International Narcotic Education association said: It is estimated that more than nine-tenths of all murders, holdups and daring robberies are now committed by drug addicts."

"But the gravest menace is the fact that the drug habit is making gains

GOVERNMENT SUES 30 BIG OIL FIRMS

(Continued from Page One.)

of the process, the primary defendants have pooled a number of patents covering unimportant improvements relating thereto and are seeking to extort huge sums from the manufacturers of gasoline in the guise of royalties and by means of certain restrictive covenants contained in licensed agreements to restrain and monopolize the interstate and foreign commerce in so-called cracked gasoline and other commodities produced by the cracking process."

The effect of these agreements, the attorney general charges, has been to pool a large number of patents and alleged patent rights, relative to minor improvements in a long practiced art, to stop all parties to the plan from in any manner contesting the validity of said asserted patent rights; to burden the interstate and foreign trade and commerce in gasoline, kerosene and other commodities, by levying thereon heavy charges in the guise of royalties; and to secure to the defendant the Standard Oil company of Indiana, a virtual monopoly of trade and commerce in gasoline in the 15 states described in the agreement as the Indiana company's territory.

Omaha Firm Named

The secondary defendants, the attorney general charged, who have become parties to the combination by accepting licenses from one or more of the primary defendants are the Standard Oil company of Kansas, the Standard Oil company of Kentucky, Standard Oil company of Louisiana, Standard Oil company of New York, Standard Oil company of Ohio, Aetna Refining company, American Refining company, Beacon Oil company, Clayton Oil and Refining company,

Diseases traced to constipation are many

Why does constipation breed other diseases? Because it floods your system with dangerous poisons. And the longer you suffer, the more poisons accumulate. That is why constipation should be relieved at once.

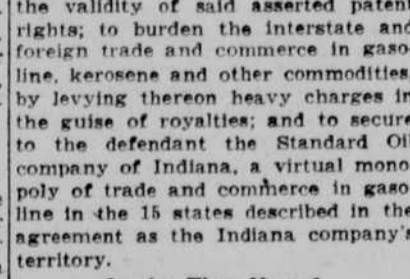

Doctors recommend Kollogg's Bran, cooked and crumbled. They know it brings relief because it IS ALL Bran. And only ALL Bran can be 100 per cent effective in relieving constipation.

ALL Bran—Kollogg's—sweeps, cleans and purifies the intestine. It acts as nature acts. It makes the intestine function naturally and regularly. If eaten regularly, it will bring permanent relief in the most chronic cases of constipation—is guaranteed.
