The Wheels are Running.

The McCook roller mill is being kept
 busy now, and with the improvements
 lately made the proprietor, E. H. Doan,
 is turning out a very fine product and
 lots of it. It is well, too, to remember
 that home industries should be first sup-
 ported, and then the rest of the world.

Business has been good on the Wyom-
 ing division during the past week, with
 a bright prospect for the future. It is
 with a broad smile that the boys reach
 for their checks pay day.... C. Wagner,
 formerly section foreman at Culbertson,
 Nebraska, has been transferred as sec-
 tion foreman at Ardmore.... J. S. Cham-
 bers has been transferred as helper at
 Alliance to a similar position at Broken
 Bow.—Alliance Grip.

Conductor Frank Kendling has been
 around, this week, regaling his ac-
 quaintances with a whopping big fish
 story. Frank was a member of a fishing
 party that went out to Stephen Bolles' on
 the Willow. The facts are that the women
 caught quite a nice mess of fish, which
 Stephen's hogs ate while the party
 were eating their lunch, and they came
 home empty handed. But this doesn't
 effect Kendling's fish story in the least.
 He's all right.

More Than Last Year.

The indications are that the small
 grain crop, this season, is larger than
 that of last year. In 1895 the total
 small grain shipment from this point
 was ten cars. This year H. H. Easter-
 terday alone has shipped 16 cars and be-
 sides a few persons shipped their own
 small grain to market. We understand,
 further, that Mr. Easterday expects to
 ship as much more before the season
 ends. As to corn, there is some doubt
 about the average yield being as great
 as last year.

To Subscribers of The Tribune.

Readers of THE TRIBUNE will please
 remember that cash is an essential in
 the publication of a paper. The pub-
 lisher has been very lenient during the
 past few years, on account of crop fail-
 ures and hard times, and as a conse-
 quence many hundreds of dollars are
 due on subscriptions. We are now com-
 pelled to request all who can to call and
 make settlement in full or in part. In
 view of the facts, our subscribers must
 feel the justice and urgency of this re-
 quest. THE PUBLISHER.

A Fair Yield.

T. J. Pate completed his threshing,
 last week. He informs THE TRIBUNE
 that his small grain exceeded his expec-
 tations. His rye averaged 20 bushels per
 acre, and his wheat 10. A fair yield
 considering everything.
