

RAW AS BEEF FROM ECZEMA!

No Torture Equal to the Itching and Burning of This Fearful Disease.

Not much attention is often paid to the first symptoms of Eczema, but it is not long before the little redness begins to itch and burn. This is but the beginning, and will lead to suffering and torture almost unendurable. It is a common mistake to regard a roughness and redness of the skin as merely a local irritation; it is but an indication of a humor in the blood—of terrible Eczema—which is more than skin-deep, and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, therefore, is through the blood.

Mr. Phil T. Jones, of Mixersville, Ind., writes: "I had Eczema thirty years, and after a great deal of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly."

Eczema is an obstinate disease and can not be cured by a remedy which is only a tonic. Swift's Specific—

S. S. S. FOR THE BLOOD

—is superior to other blood remedies because it cures diseases which they can not reach. It goes to the bottom—to the cause of the disease—and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be free from potash, mercury or any other mineral, and never fails to cure Eczema, Scrofula, Contagious Blood Poison, Cancer, Tetter, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. S. S.; nothing can take its place.

Books on these diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.

McCONNELL & BERRY.

From New Zealand.
 REEFTON, New Zealand, Nov. 23, 1896.
 I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it and know its value from the use of it in my own family. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

A Sure Sign of Croup.
 Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croup cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by McConnell & Berry.

ADDITIONAL RAILROAD NEWS.
 Of the 1,135 miles of railroad in Cuba, 551 miles are controlled by British companies.
 Armored and armed trains are the latest addition to warfare and its destructive instruments and methods.
 The Pennsylvania railroad company has contracted for 100,000 tons of steel; and it is said, the price to be paid is \$33 per ton.
 The Illinois Central has just given an order for 38 new passenger coaches, to be delivered January 1st, 1900. They will represent the very best and latest in superior coach equipment.
 The earnings of American railroads in 1898 were \$1,250,000,000. The running expenses of the roads were \$860,000,000. The roads carried \$25,000,000 passengers, and moved 915,000,000 tons of freight.
 A 25-mile railroad was recently packed in the hold of a steamship at San Francisco, for use in the Philippines. Everything complete but the ties, which the island will supply. It is said that the railway will be used to extend the 30 miles of railroad now controlled by the American troops. The American engineering corps will build the bridges, etc.
 An employee of the Pennsylvania road has invented a machine that will revolutionize the firing of locomotives, if it does all that its maker claims for it. Its work is to throw coal into the engine firebox with an even distribution. If the device is a success and is adopted generally by the railway companies it will displace several hundred thousand firemen and allow locomotives to be operated by one man instead of two.

The curfew ordinance is coming more and more into favor as an aid to morality and good citizenship. It provides that boys and girls under fifteen years of age shall be in their homes at a specified hour each night. Reports from cities that have adopted the ordinance testify to the beneficial results of the law, showing a decrease of seventy five per cent in youthful criminals, that being the best demonstration of its wisdom.

 The citizens of Quincy, Mass., have just held a jubilee meeting to commemorate the record of seventeen years of prohibition, which the city has just completed.

Track laying on the Burlington extension from Alliance, which is being built to Hartville, Wyo., and to Brush, Colo., has been delayed since October 10th by the graders. The grade south of Angora, the new station recently opened at the top of the divide twenty miles south of Alliance, has not been completed and the construction train could proceed no farther until the work was in a more finished condition. It is understood that within a few days the work of track laying will again begin and be pushed along as rapidly as possible. Reports indicate that no more waiting on graders will be necessary, as much of the grade south of the divide is already completed and ready for the steel. Some of the bridgework is being done ahead of the track laying and the graders are well along with road-bed building far out toward the state line. With good weather the state line can be reached by January 1. New depots and buildings required for railroad use will be placed at the new stations opened as rapidly as possible. At present three stations on the new extensions started this season are served with temporary depots. They are Comstock, Sargent and Angora—Lincoln Journal.

BOX ELDER.
 Ed. Lakin's little boy has been seriously sick, but is some better now.
 This is fine weather for gathering corn, and the farmers are improving it.
 Wm. Walter is building a new sod house on the farm he has rented up in Frontier county, and will occupy the same in the near future.
 Election at Box Elder was as quiet as the day was beautiful. Every one seemed to know how and for whom they wished to vote.
 Mrs. Peter Brower accompanied her daughter-in-law, Mrs. Ida Brower, home to Denver, where she will spend the greater part of the winter.
 Mae Creasman has returned home from McCook, where she has been attending school. She will resume her studies at the Burnt Hill school-house.
 Thos. Pinkerton and wife started, Thursday night, for their new home in Oregon. They leave a host of friends who join in wishing them success.
 George Harrison team got frightened while he was picking corn and took quite a run, fortunately doing no damage to themselves and only breaking the wagon a little.
 Fred Lakin and Miss Gertrude Atkinson, who were married in McCook on October 16th, departed for Deadwood, S. D., where Fred has a position in a smelter. The young people were favorably known in this community, having resided here the greater part of their lives. We extend congratulations and best wishes for their success in their new home.

Millions Given Away.
 It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on McConnell & Berry, druggists, and get a free trial bottle. Regular size 50c and \$1. Every bottle guaranteed or price refunded.

INDIANOLA.
 Messrs. Frank Fritsch and M. G. Shackleton had business in the west-end city, Monday.
 "I-told-you-so" and "Betsy-and-I-killed-the-bear" are having their innings, since the election.
 Postmaster McCool was in the county capital, Saturday, to see the lay of the land, politically speaking.
 Speaking of scratching tickets, it's about a stand-off between Indianola and McCook now. Just look at that vote in McCook for Foster G. Stillebauer of Danbury. And for Mrs. Cordeal, too. Had either of them received the party vote in McCook, they would have been elected.
 Chairman Fitzgerald of the Democratic central committee wended his way up to the county seat, Wednesday, to explain to Pat and Johnny how it all happened in Indianola; how it was that Johnny didn't get all the votes promised; why everything was sacrificed to save that \$50 bet; but he failed to mollify the boys. "Tis said that Dennis left two or three tears in the west-end burg, but the deponent sayeth not.
