

WOMEN MUST SLEEP.

Avoid Nervous Prostration.

If you are dangerously sick what is the first duty of your physician? He quiets the nervous system, he deadens the pain, and you sleep well. Friends ask, "what is the cause?" and the answer comes in pitying tones, nervous prostration. It came upon you so quietly in the beginning, that you were not alarmed, and when sleep deserted you night after night until your eyes fairly burned in the darkness, then you tossed in nervous agony praying for sleep.

Mrs. A. HARTLEY.

You ought to have known that when you ceased to be regular in your courses, and you grew irritable without cause, that there was serious trouble somewhere.

You ought to know that indigestion, exhaustion, womb displacements, fainting, dizziness, headache, and backache send the nerves wild with fright, and you cannot sleep.

Mrs. Hartley, of 221 W. Congress St., Chicago, Ill., whose portrait we publish, suffered all these agonies, and was entirely cured by Lydia E. Pinkham's Vegetable Compound; her case should be a warning to others, and her cure carry conviction to the minds of every suffering woman of the un-failing efficiency of Lydia E. Pinkham's Vegetable Compound.

London's Old Taverns.
There yet remain in London of the old taverns seven Adam and Eves, five Noah's Arks and, naturally, connected with that, as many Olive Branches. There are two Jacob's Wells, one Job's Castle and one Samson's Castle. Oldest of all, but not the least appropriate, is a Simon the Tanner, in Long Lane, Bermondsey, the seat of the tanning industry in South London. Among those marked for destruction, too, one notes the sign of the Two Spies, a reference, of course, to those advance Israelites who returned from the Promised Land with their burden of grapes.

Carrie's Sharp Reply.
Several invitations of a more or less farcical nature have been sent to Mrs. Carrie Nation regarding a New York visitation. The latest was a suggestion that she try her hand at reforming the Four Hundred, reference being made to the burlesque saloon smashing act at Senator Clarke's valentine ball. She replied, "The society people of New York probably need reformation as badly as any class of people in America, not excepting saloonkeepers. If they want to burlesque me when I am trying to save men's souls I do not care. They had better employ their time driving vice out of their own city."

NEARLY GONE.

Mrs. Julia A. Mallahan, of Owosso, Mich., Has a Very Narrow Escape—The Doctor Had Little Hope.

Owosso, Mich., March 25.—(Special.)—Elite Rebekah Lodge, No. 2, I. O. O. F. of this town, came very nearly losing their esteemed and capable secretary, Mrs. Julia A. Mallahan. Mrs. Mallahan caught a severe cold last winter, and like many others, failed to recognize the dangerous possibilities until it had settled in her kidneys, and left her with very severe bearing down pains and almost constant backache. It almost carried her off. Mrs. Mallahan tells the story this way:

"I caught a cold last winter, which I neglected until it settled in my kidneys, causing severe bearing down pains and almost constant backache. My health had previously been so good that I paid little attention to these symptoms, until the disease had gone so far that my doctor entertained but a slight hope of my recovery.

"Fortunately one of our Lodge Members mentioned Dodd's Kidney Pills. Her description of the cures they had effected sounded like a fairy tale, but I sent for a box, deciding to give them a trial. I soon found that she had but half told the story of what they could do. I bless the day I first tried them, and have nothing but the highest praise for them."

Many very valuable lives have been saved by the timely use of Dodd's Kidney Pills, and not a few of these have been in Owosso and other neighboring Michigan towns. There seems to be no case of kidney trouble or back-ache that Dodd's Kidney Pills will not cure.

They are 50c. a box, six boxes for \$2.50. Buy them from your local druggist if you can. If he cannot supply you, send to the Dodds Medicine Company, Buffalo, N. Y.

LABORS ABOUT ENDED

Legislature Agrees to Quit to Go Home March 28th.

THE RUSH OF WORK NOW ON

Some Important Measures Getting Through But Others are Given Quietest by Indefinite Postponement—A Record of Daily Doings.

HOUSE.—Almost the entire time of the house on the 22nd was devoted to consideration of the general appropriation bill in committee of the whole, which was considered item by item. In the consideration of the general appropriation bill a bitter and at times sensational controversy occurred between Redman of Adams and Brown of Furnas over the appropriation for the hospital for the insane at Hastings. The total appropriation for the institution as proposed by the bill as it came from the finance ways and means committee is \$199,500. Redman sought to have the amount increased, first \$12,120, and, being defeated in this, \$10,000. Comparatively few amendments were made to the bill as it came from the committee. Following are those which were adopted: For a new engine house, engine and dynamo at the Soldiers' home at Grand Island, \$6,000; a standpipe at the Soldiers' home at Milford, \$3,500; repairs at the Home for the Friendless at Lincoln, reduced from \$8,000 to \$5,000; fuel and lights at the Nebraska City school for the blind, reduced from \$5,000 to \$2,500; water rent at same institution, reduced from \$1,000 to \$600; stock feed at same from \$1,200 to \$800; brick walk at same, from \$1,000 to \$800; fuel and lights at Beatrice institute, reduced from \$18,000 to \$10,000; photographing convicts at state penitentiary, increased from \$150 to \$800; expense of maintaining state militia as guards at penitentiary, \$4,572.30.

HOUSE.—The report of the joint committee was submitted to the house on the 21st and adopted by a practically unanimous vote. Armstrong of Nemaha being the only member voting in the negative. The report fixes Thursday, March 28, as the date for final adjournment of the legislature. The probabilities are, however, that the two houses of the legislature will extend the last day's session, through continuous sitting, until Saturday night or Sunday morning. Two bills were read for the third time and passed. These were house roll No. 299, by Sears, Governor Dietrich's bill to authorize the state board of purchase and supplies to make long time contracts, and senate file No. 103, Senator Currie's reform school bill. In committee of the whole the following bills were considered: House roll No. 409, by Mullen, to exempt free parochial schools from taxation. Recommended for indefinite postponement. Senate file No. 104, by McCargar, to require a stamp or label on every ball of binder twine sold, giving the name of the manufacturer and number of feet to the pound. Recommended for passage. Senate file No. 62, by Van Boskirk, creating a state registry of brands and marks and abolishing the present brands and marks commission. Recommended for passage with amendments. House roll No. 262, by Laffin, increasing the salaries of county treasurers by raising to \$10,000 the collections on which 10 per cent fees shall be allowed. Following is the vote for senator: Allen, 53; Berge, 3; Crouse, 9; Currie, 8; Hinshaw, 7; Hitchcock, 43; Martin, 4; Meiklejohn, 23; Rosewater, 31; Thompson, D. E., 58; Thompson, W. H., 14.

HOUSE.—Almost the entire time of the house on the 20th was devoted to consideration, in committee of the whole, of bills advanced by the sifting committee. The bills to tax peddlers by requiring the payment of annual licenses to the county were discussed at length during the morning session. House roll No. 294, by Jouvencat, requiring state bank receivers to report to the state banking board and requiring the county judge who appoints an examiner to remove him when requested by the board so to do, was recommended for passage. House roll No. 314, by Humphrey, to provide for a more complete organization of high school districts, was recommended for passage. House roll No. 347, by Cain, to prohibit any person from soliciting appointments as juror, was recommended for passage. House roll No. 359, by McCoy, amending the Omaha charter to vest in the mayor the power to appoint, by and with the consent of the council, the members of the fire and police commission and park commission, and empowering the fire and police commission to fix salaries of employees and officials under their control was indefinitely postponed. House roll 348, by Fuller, to permit the investment of county sinking funds in county warrants, was recommended for passage. House roll 317, by Hibbert, appropriating \$15,000 for the purchase of a tract of land to be used for farming and gardening purposes for the In-

stitute of Feeble Minded Youth at Beatrice, was recommended for passage. The vote for senator resulted as follows: Allen, 54; Berge, 2; Crouse, 10; Currie, 9; Hinshaw, 4; Hitchcock, 14; Kinkaid, 1; Martin, 9; Meiklejohn, 20; Rosewater, 29; Thompson, D. E., 56; Thompson, W. H., 42.

HOUSE.—The house, in committee of the whole on the 19th, resumed consideration of the salaries appropriation bill. After a hard fight by Hawby and Taylor in favor of an increased allowance for the State Normal school at Peru, the sum of \$47,500 was finally recommended. This is an increase of \$2,500 over the amount fixed in the bill, and of \$5,700 over the appropriation of two years ago. On motion of Lane of Lancaster the salary of the matron and physician at the Geneva institute was fixed at \$800, instead of \$1,000, as recommended by the committee. The salary of the family managers of the same institution, on motion of Fowler of Fillmore, was left at \$800, instead of \$1,000, as recommended by the committee. Hathorn of Red Willow offered an amendment increasing the salary of the surgeon of the Soldiers' Home at Grand Island from \$750 to \$1,200. The amendment was lost. The salary of the engineer at the Milford institute was raised from \$600 to \$900 a year. Miskill of Saline offered an amendment increasing the salary of the secretary of the state banking board from \$1,500 to \$1,800, and that of his chief clerk from \$1,000 to \$1,200. The amendment did not prevail. Dahlston moved a reconsideration of the action of the committee fixing the salary of the governor's private secretary at \$2,000 a year, which is \$200 in excess of the constitutional limit. The motion was lost by a rising vote of 32 yeas to 33 nays.

HOUSE.—At the afternoon session of the house on the 18th the Lincoln charter bill was read for the third time and passed with the emergency clause by a vote of 69 yeas to 2 nays. House roll 331, by Fhl, appropriating \$36,370.75 to reimburse subscribers to the fund for bringing the First Nebraska home from San Francisco, and \$11,000 to reimburse individual members of the regiment who same home at their own expense, not exceeding \$37.50 each, was passed by a vote of 74 yeas to 2 nays. House roll 290, by Hanks, authorizing the supreme court to appoint a commission to investigate the various systems of land transfers, particularly the Torrens system, was passed with the emergency clause by a vote of 72 yeas to 5 nays. House roll 255, by Ollis, reducing freight rates on live stock 10 per cent and prohibiting any increase in rates on other commodities, was passed, after a call of the house, in order to compel all members to go on record, by a vote of 64 yeas to 23 nays. Following is the vote: Yeas—Anderson, Armstrong, Becher, Boulier, Boyd, Broderick, Brown (Furnas), Buresh, Cain, Calkins, Cooksey, Coppoc, Crissey, Crockett, Dahlsten, Diers, Fellers, Fowler, Fuller, Gallogly, Gawne, Gishwiller, Grell, Hall, Hamilton, Hanks, Hawby, Hibbert, Horton, Householder, Hay, Humphrey, Hunt, Hunter, Jamison, Johnson, Jordon, Kaveny, Lamm, Lichty, Loomis, Lowe, McCarthy, Miskell, Murray, Ollis, Olson, Peisger, Redman, Sandall, Smithberger, Sprecher, Steinmeyer, Stockwell, Tanner, Taylor, Thomsson, Venedegrift, Waring, Whitmore, Zimmerman, Zimmerman and Mr. Speaker—64. Nays—Andres, Beekly, Coffee, Corneer, Evans, Gawne, Hathorn, Lane, McCoy, Mead, Mendenhall, Mockett, Mullen, Rohwer, Scott, Shellhorn, Spencer, Swanson, Tefft, Tweed, Uhl, Warner, Wilcox—23. Absent and not voting—Beall, Edmondson, Friedrich, Harris, Jouvencat, Marshall, Ream, Schinstock, Walker, Watson, Wenzl, Wilkinson—1.

SENATE.—The senate on the 22d killed Senator Martin's bill to authorize and regulate organization of mutual savings banks in the state. It was senate file 198, introduced by request, Senator Liddell's bill to create a free employment bureau at expense of the state, in Omaha, was passed on third reading, with only four votes against it. These were cast by Olson, Owens, Newell and Van Boskirk. It was senate file 257. Other bills passed on third reading were: Providing for admission of crippled and diseased children of the Home for the Friendless. Providing that a tenant shall be termed holding over beyond the terms of his lease whenever he has failed, neglected or refused to pay his rent, or any part thereof, when the same was due. Increasing the rigors of the compulsory education law. Extending the scope of professional teachers' certificates. Empowering cities of the first and second class to establish and maintain heating and lighting systems. Providing that all town officers shall hold office two years and until their successors are elected and qualified. Quite a number of bills were recommended for passage, after which the senate adjourned.

SENATE.—In the senate on the 21st bills passed on third reading were: Senate file 284, by Crouse, providing

for sale of the governor's mansion. Senate file 263, by Van Boskirk, providing that appropriations of water for irrigating purposes shall be determined in priority and amount, by the time made and amount of water the works are constructed to carry. The general committee on finance, ways and means reconsidered Uhl's bill, house roll 321, for passage. It appropriates \$36,370.75 for reimbursement of those who advanced money for return of the First Nebraska from San Francisco. In committee of the whole the senate during the day indefinitely postponed two bills as follows: Senate file 203, by Meredith, preventing dangerous construction of chimneys, fireplaces, etc. The vote was 11 to 7. Senate file 264, by O'Neill, to make the insurance commissioner of the state deputy auditor. The sifting committee recommended nine additional bills for passage. The last of them was Van Boskirk's legislative re-apportionment bill, senate file 76.

SENATE.—In the senate on the 20th a bill to amend the errors in Senator Harlan's measure was submitted by the governor and recommended for passage. Representative Evans' game and fish bill, house roll No. 138, was then passed on third reading. Governor Dietrich's bill permitting Oteo county to issue \$40,000 of funding bonds, was also passed on third reading. On motion of Senator Young, Representative Evans' game bill, house roll No. 138, which had such a stormy time passing through the house, was ordered engrossed for a third reading, without the formality of being considered in committee of the whole. It was passed at the afternoon session. Private Secretary Lindsay read the following message from the governor relative to Senator Harlan's bill for incorporation of first-class cities of more than 5,000 and less than 25,000 inhabitants:

"To the Honorable President and Members of the Senate: I desire to call your attention to senate file No. 74, to which I have attached my signature. There are many errors in the engrossed and enrolled bill, which, in some instances, are of such a nature as to practically invalidate the section or sub-division of the act in which they occur. Numerous amendments were made to the bill, which were not incorporated. One serious error in particular occurs in section 48, sub-division 55, where it reads, in referring to municipal bonds, 'that they shall not be sold for their par value,' when the evident intent was to say that they shall not be sold for less than their par value.' There are many other errors of almost as serious a character, and there are upward of forty errors in orthography, which, while they may not necessarily enter into the validity of the act, they at least impress your attention to this matter, that you may inaugurate a remedy.

"I have caused to be drafted and I send you herewith such amendments to the act as, in my judgment, are necessary, in order that the errors may be properly corrected, and I desire that said amendments be introduced and duly considered.

CHARLES DIETRICH, Governor."

SENATE.—In the senate on the 19th Representative Crockett's bill authorizing counties to pay damages caused by laying out, altering or discontinuing any county road from the general fund was passed on third reading. It is house roll 14. Representative Mead's bill, house roll 51, make it a crime to accuse or threaten to accuse any person of a crime or offense, or to do injury to the person or property of another for the purpose of extorting money, was passed on third reading. Senator Lyman's bill, providing that if bonds be demanded of county, township, school district or road district officers, such officer may give either personal or indemnity bond security, and if he gives the latter the corporation requiring it shall pay the premium, was passed on third reading. It is senate file 54. Senator Currie's bill amending the present reform school law so as to eliminate its unconstitutional features, senate file 103, was also passed on third reading. Senator Harlan's bill, senate file 230, empowering county roads to divide their counties into as many road districts as may be necessary, regardless of the portions occupied by cities or incorporated villages, was passed on third reading without a dissenting vote. On motion of Senator O'Neill the senate concurred in the house amendments to senate file 41, O'Neill's bill relating to disposition of supreme court reports by the clerk. On recommendation of the committee on insurance, Representative Beecher's bill to repeal the mutual hog insurance law, house roll 193, was placed on general file.

SENATE.—Consideration of Representative McCarthy's bill to provide for the giving of a bond to cover rent in appeals to the supreme court from mortgage foreclosures on real estate occupied much of the time of the senate on the 18th in committee of the whole. The matter was not dis-

posed of. Representative Evans' game bill, house roll No. 138, which had such a hard struggle getting through the lower house, was recommended for passage by the sifting committee. Governor Dietrich's bill for relief of Nebraska City precinct, Oteo county, empowering it to issue \$40,000 funding bonds incurred by the construction of the Missouri Pacific railroad, was read a second time and ordered engrossed for a third reading. It is senate file No. 310. The senate by an overwhelming vote refused to accept the house amendments to senate file No. 39, by Baldrige, making it optional with county commissioners whether or not they recognize and assist county fair organizations. A committee of three was appointed to confer with a like committee from the house on the subject. The following bills were placed on general file: Empowering the governor to transfer absolute title to a quarter section of land in Red Willow county to Russell F. Loomis. Providing for safety of employes engaged in erecting, repairing, altering or painting of any house or building in the state. Making county treasurers ex-officio tax collectors and otherwise amending the tax laws. Raising the school tax levy in cities of the first class having more than 25,000 inhabitants from fifteen mills to twenty mills. Providing that the property of agricultural and horticultural societies and incorporated religious societies only be exempt from taxation.

LEGISLATIVE NOTES.

The senate in committee of the whole killed Senator Miller's amendment to the bill providing for a bond for rent in appeals from mortgage foreclosures. The vote was a tie, 16 to 16. Senator Crouse, who was in the chair, voted against it, causing it to fail. Further amendments will be offered when the bill comes up again, as it was not finally disposed of.

Governor Dietrich has signed the supreme court commission bill, and it is now a law. The bill carried the emergency clause, so it goes into effect at once. The bill provides for the appointment of nine supreme court commissioners at a salary of \$2,500 each. Each commissioner is allowed a stenographer at a salary of \$1,000. According to the bill, the three judges of the supreme court are to name the commissioners. It is expected the appointments will be made in two or three weeks.

The vote for senator on the 19th was as follows: Allen, 52; Berge, 2; Crouse, 9; Currie, 15; Dietrich, 1; Hainer, 2; Harrington, 1; Hinshaw, 20; Hitchcock, 10; Kinkaid, 1; Martin, 5; Meiklejohn, 30; Rosewater, 15; Thompson, D. E., 36; Thompson, W. H., 43; Wethereld, 2.

Effects of Too Much Food.
Much of the sinking, tired and empty feeling from which business men who work their brains alone so often suffer is due to the accumulation of toxins in the system which want "working off." Two meals a day and active exercise are the preventive, and there is no exercise which can be got at any time and by anybody to the extent that walking can. But to do good it must not be sauntering. Really "smart" walking is what is wanted.

Roman Villa Site Unearthed.
The site of an extensive Roman villa has been unearthed in the village of Rothley, in Leicestershire, the birthplace of Lord Macaulay. The estate is being laid out for building purposes, and in the course of the excavations numerous finds of ancient pottery have been made. Of the Roman villa now discovered the foundations are in an almost perfect state of preservation.

Skyscraper Makes Clerks "Seasick."
Down at the Battery, in New York city, there is a skyscraper office building on the top floor of which are the headquarters of a big trust. During a violent windstorm last week the building swayed so that half a dozen clerks became "seasick." One of them said he would sooner keep books on an ocean liner.

Kansas Adds to the Language.
A word recently came into frequent use in Kansas is "buffaloed." It has a delicate shade of meaning. A man who is scared, is merely awakened into the activities of defense; a man who is bluffed is one who is badly scared that he believes defense impossible, but a man who is buffaloed not only believes defense is impossible but can't work up enough locomotion to run.—Wichita Eagle.

Astor and His Buildings.
Colonel John Jacob Astor had hardly finished the Astoria in New York city when he began to consider a project for another skyscraper hotel on some property he owns farther up Fifth avenue. Now, it is said, he intends to erect a twenty-story hotel on the site of the St. Cloud, at Broadway and Forty-second street, which he owns. Henry M. Flagler, who has built several costly hotels in Florida, has, it is reported, entered into an arrangement with the Mexican Central railroad to build and operate a number of large hotels in Mexico.

In Germany only 413 out of 1,000 males reach the age of fifty, while more than 500 out of 1,000 females reach that age.
