SINCE August first "Jim" Hill is plentifully in evidence in Burlington affairs, thank you.

It is easier to make a whistle out of a pig's ear than to make a lasting hero out of a public embezzler, no matter how royal a fellow he may be, so the brethren of the press may as well desist first as last.

SECRETARY WILSON advises Nebraska farmers to raise canaigre, a plant used in tanning hides. The soil of the state is suited to it and when the plant is raised some enterprising men should proceed to use it on the hides from South Omaha's packing houses. There is no reason why this should not be one of the largest tanning centers in the world.—Omaha Bee.

THE east, whenever the question of irrigation enterprises has been up in congress, has always fought favorable action. The representatives of that section have always held that if the west wanted to irrigate it should not look to the government for any assistance—it was all the government could do to improve eastern harbors. The protracted drought in certain sections this year has opened the eyes of the east to the fact that the raising of a crop in the west is of as much consequence to the east as to the west. It is to be hoped the lesson may be effective in rendering eastern congressmen more reasonable in the future.—Omaha Bee.

CONDITIONS in Southwestern Nebraska, it seems to THE TRIBUNE, are not such as to call forth mirth or to develop and encourage facetiae, but call for good hard thinking and the exercise of all the reserve nerve and judgment left in the sturdy people of this section. The question of sustaining life and preserving values and maintaining the integrity of this land through the winter and until the opportunity of another crop shall come to fruition, is not a problem for a fiddling Nero or a buffoon. The situation is grave enough to demand the most careful consideration and the most patriotic action of all interested in maintaining the status of affairs in Southwestern Nebraska. Stand to the rack or give way to others!

The Prize Winners.

The Nebraska prize-letter contest announced by the passenger department of the Burlington, December 18th, 1900, was on July 31st decided and the winners announced. The contest closed, May 31st, 1901, and 546 letters had been received up to that date. The majority of the letters are stated to have been so excellent that the task of awarding the prizes was not an easy one; indeed, in some instances, the contest was so close that the letters were separately and carefully examined by four competent persons. It is the purpose to reproduce most of the letters submitted in The Corn Belt, the agricultural monthly issued by the Burlington Route. The letters will appear within the next two years.

Yellowstone Park and Back. The Burlington's Yellowstone Park excursion, which leaves Nebraska, Kansas and Colorado points, Tuesday, Aug. 20th, will be back again on the morning of the 29th.

In other words, the trip to and through the park will take only about nine days. \$100 more than covers every expense of the trip—railroad fares, sleeping cars both ways, meals en route, hotels and stage in the park.

Write for booklet giving full information. J. FRANCIS, General Passenger Agent, Omaha, Neb.

The Anti-Saloon League met, Sunday evening, in the Presbyterian church to consider the best means to rid the village of the dives and places engaged in the illicit sale of whiskey and beer. The Culbertson Gun Club and its manager, W. G. Vastine, came in for a good share of the roasts dished up, to the no little discomfiture of Mr. Vastine, who was present. Old Man Hunter assayed to defend the whiskey-seller, but made a dismal failure of it, a fact which the old fellow realized before he got through. The sentiment was so overwhelmingly against Hunter and his intrusion into the meeting that he closed his talk in despair by challenging the temperance people to meet him in the court house.

A good rain fell in and around this place, Tuesday evening, and has freshened things up nicely. North of town, along Missouri Ridge, about an inch of rain fell; here in town about one-third of an inch of rain; south about an inch and a half of rain is reported; further on southeast, near Metcalf's ranch, the Sappy was reported to have about six feet of running water after the rain passed over. It was quite a general rain from this place on east extending a little farther west than Cedar Bluffs, and one can hear now from most of the farmers that we will get some corn. Lightning flashed all around during the storm very promiscuously, but no damage was done, except that the prairie grass was set on fire a time or two southwest of town about two miles.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of Mother's Friend before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hard pains. This limit is the greatest remedy ever made."

Mother's Friend

It will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breasts is altogether avoided, and recovery is merely a matter of a few days.

Druggists sell Mother's Friend for \$1 a bottle. The Bradford Regulator Co., Atlanta, Ga. Send for our free illustrated book.

A Good Thing. German Syrup is the special prescription of Dr. A. Boschee, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and all lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1865, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts.
