TWENTIETH YEAR

McCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, MARCH 7, 1902

NUMBER 43

Choked to Death.

Death invaded G. C. Budig's home, Monday afternoon, in a most distressing and tragic manner, and his victim was their two-year-old baby boy Charlie.

The mother was about her usual domestic duties and an older daughter was looking after the baby, which suddenly appeared to be choking. The mother was immediately summoned from her work. She took up the child and rush forth for assistance to C. G. Coglizer, who was working on a building near by. He did all he could to relieve the infant, but without avail.

A post-mortem examination, Tuesday, disclosed the fact that the baby had swallowed a large screw, which found lodgment in the windpipe, and death was inevitable and sudden.

Funeral services were conducted by Rev. L. M. Grigsby at the home, Wednesday afternoon, after which the remains of the dear one were interred in Longview cemetery.

The sympathy of this community goes out in large and tender measure to Mr. and Mrs. Budig in this great sorrow that has come to their hearts and home so unexpectedly and tragically.

Must Not Use Stem-Setting Watches.
PUEBLO, March 1.—A very important order was, today, issued by the officials of the Denver & Rio Grande railroad by which all the employees in the operating department will be forced to discard stem-setting watches, no matter how valuable the time-piece may be, and accept the regulation watch, which must pass muster with the official inspector.

The ladies and friends of the Dorcas society gave an informal farewell, Wednesday afternoon, to Mrs. W. O. Norval, at the home of Mrs. J. A. Gunn. There was a short program of instrumental and vocal music and recitations, in addition to the joyous social intercourse of the occasion.

An Informal Farewell
The ladies and friends of the Dorcas society gave an informal farewell, Wednesday afternoon, to Mrs. W. O. Norval, at the home of Mrs. J. A. Gunn.

Shipped to New York City.
Mrs. Giles died up in Hayes county, Wednesday afternoon, of consumption. She and her husband were at one time missionaries in India. He died there and his remains were brought to New York city for burial. Services were held at the home, yesterday afternoon, after which the body was brought to McCook for shipment to New York city, to which point they were shipped this morning on No. 2. The deceased had long been a sufferer and her demise was expected.

A Double Celebration.
Mrs. J. W. Hupp gave a delightful high-five card party, last Saturday evening, to about twenty-five guests, in honor of the birthdays of Mrs. A. Campbell and Mr. Hupp. It was a very happy affair in every detail and particular. Both Mrs. Campbell and Mr. Hupp were handsomely remembered by the guests of the evening.

A Sure Winner.
The man who saves on his present salary. Are you saving? Have you saved anything the past year? If you have not, commence now by taking five or ten shares of stock in the McCook Building Association, which will be secured by gilt edged loans on McCook real estate.

Bought by N. M. Ayers & Co.

The entire stock of general merchandise of Artz & Thompson, together with fixtures etc., was on Monday purchased by N. M. Ayers & Co., and possession was taken, Monday noon. N. M. Ayers is an old merchant of Beaver City and was burned out in one of the recent fires in that burg. He came into possession of the stock at a low figure and announces that he will close out everything at sacrifice (see his advertisement elsewhere in this issue.) N. M. Ayers is one of Nebraska's well-known Masons, being at this time grand senior warden of the order.

LATER.

Since the above was done into type representatives of Richardson-Roberts Dry Goods Co., principal creditors of Artz & Thompson, purchased the stock from N. M. Ayers & Co., paying, it is stated, \$1,500 over and above the \$5,000 it is stated that Mr. Ayers paid Messrs. Artz & Thompson for the stock. A gentleman arrived from St. Joseph, yesterday on 13, and an inventory is being taken of the goods on hand, preliminary to offering them for sale.
Mr. Ayers and clerk Mr. Hardin departed for Beaver City, this morning. It was a very profitable three days' merchandising for Mr. Ayers.

Dr. Burnett is Convicted.

CHICAGO, March 2.—The jury in the case of Dr. Orville S. Burnett, who has been on trial, charged with the murder of Mrs. Charlotte S. Nichol of Nashville, Tenn., returned a verdict of guilty and recommended that Burnett be sent to the penitentiary for fifteen years.
Burnett's attorneys will ask for a new trial, tomorrow. The verdict was a surprise, as Judge Baker's instructions to the jury were considered favorable to the defendant.

The case was one of the most unusual that has ever been tried in the Cook county criminal court. Burnett, who is a young dentist, was charged with being accessory before and after the fact to the death of Mrs. Nichol, even though it was admitted by the prosecution that Mrs. Nichol had committed suicide. The state endeavored to establish the point that Burnett and Mrs. Nichol agreed to commit suicide together and that the man weakened, allowing the woman to go to her death alone.
The defense disputed that there had been any agreement between the two to end their lives together and asserted that Mrs. Nichol had taken her own life while Burnett was lying intoxicated at her side.

J. E. Morrissey has received a call to take a position at division headquarters in McCook, and consequently will turn the Beaver City station over to his successor in a day or two. Mr. Morrissey is one of the company's most efficient and trustworthy employees, and the promotion is worthily bestowed. During their stay of two and one-half years in Beaver City, Mr. and Mrs. Morrissey have made many friends.—Beaver City Tribune.

The case of Herman Kielbeck, administrator of the Karl Bartenbeck estate, against the B. & M. railroad Co., for damage will come up at the next term of the district court for Red Willow county. This action, being one of several, is the result of a railroad accident at Holbrook, Oct. 10th, 1900, when four persons were killed by a lone engine. E. B. Perry is one of the attorneys for the plaintiff, whose wife was one of the victims of the horrible accident.—Cambridge Clarion.

Engineer M. A. Snyder recently turned in engine 147 which had made the remarkable record of running 55,000 miles or a distance of nearly four times around the globe, without overhauling. In return he got 228 which is a racer and a pretty swift animal for his line. In '97 when the Burlington made its remarkably long distance run from Chicago to Denver with the Mayhans special, 228 kicked up the dust between Akron and Denver and helped land the rich mining man in Denver five hours ahead of the schedule agreed upon.—Holyoke Republican.

F. F. Tomblin, who has been station agent for the Burlington company at this point for four years, has been promoted to the Indiana office at an increased salary. Mr. Tomblin has given excellent satisfaction to the patrons of this station, always obliging and courteous to all patrons. Mr. and Mrs. Tomblin will be greatly missed from the social circles of our city. We wish them good luck and pleasant surroundings in their new home. Indiana gains an excellent agent, who has an excellent wife and they should be excellently welcomed at their new home.—Imperial Republican.

A. J. Washburn has resigned his position as section foreman at this place and will go to Alaska in the near future in the interest of a mining company formed at McCook for the purpose of mining gold. Jack, as he was formerly known, is one of the most popular section foremen on the line and was an especial favorite here. We all regret his leaving but join in wishing him the greatest success in his new field of labor. Mrs. Washburn will remain here for the next four months, having rented the T. Vencil residence. Mr. Washburn's successor is Tone Mitchell of Arapahoe.—Holbrook cor. Cambridge Clarion.

A number of high school pupils, interested in debating, met, Wednesday evening, in the east high school room and organized a debating society to be known as "The McCook High School Debating Club." A constitution was adopted and the following officers were elected: President, Charles Kelley; Vice-President, Bessie Peterson; Secretary, Bessie Bosworth; Treasurer, Emma Perry; Sergeant-at-arms, George Campbell. A program committee composed of Lester Littel, Lillie Campbell, Chester Rodgers, Willie Cullen and Bessie Peterson was appointed by the president. Saturday evening of each week was set apart as the time for holding the meeting.

Two books, "The Nerve of Foley" and "Held for Orders," which were received as a gift of remembrance from the author, Frank H. Spearman, have been placed in the public school library. These books attract considerable attention because of the fact that the author was at one time a member of our school board, and also because they are railroad stories written from facts that the author chiefly gathered while a resident of our city and therefore have to do with many things which are familiar to us. In the assembly room, Monday morning, it was voted to send a letter of thanks to Mr. Spearman. This was written and forwarded by a committee of five pupils, one from each of the assembly room grades, and suitably expresses the school's appreciation of his kindness.

The most incisive and most keenly analytical sketches of public men which have been prepared during the past two years have been those of William Allen White. The humorous little episode between Mr. White and Thomas C. Platt is still fresh in the public memory. Mr. White's sketch for March appears in the Cosmopolitan and is on the late President Harrison. It will be read with wide interest by both the opponents and friends of that statesman.
