"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for."

"In consulting with my druggist he advised McElree's Wine of Cardui and Theodor's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

The library for the Presbyterian Sunday-school arrived last week and was installed in a new book case presented by the church, Sunday. Among some of the best known volumes are Louise M. Alcotts works, the Pansy books and the Elsie books.

Our teachers, the Misses Vincent and Purviance, attended the teachers' association last Friday and Saturday. They drove over to Indianola Thanksgiving day and took dinner with Prof. Casner and wife, going to Cambridge on the morning train, Friday.

William Adams and mother came in Friday morning. They have been away for quite a long time but were glad to get back to Nebraska. Bill was in Illinois, Missouri, Indiana, California and all intervening states, and he says he would rather live on the Beaver than in any of them, excepting California.

**Subsidies to Support Art.**  
The government of Bavaria has voted a considerable sum for the maintenance of art institutions throughout the kingdom during the coming year. The allowances for the purchase of paintings and their preservation is particularly liberal. The various art institutes in Munich receive handsome subsidies and the Germanic museum in Nuremberg gets an increased allowance. Various other institutions have been voted large amounts for repairs and maintenance. These art allowances in all reach \$1,081,163 marks (\$753,741).—Emil Hensel, in Chicago Record.

**A Timely Suggestion.**

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by McConnell & Berry.

**Cupid Ambushed.**

Mr. Stowgill (about to propose; line 11 p. m.)—"I am about to say something. Miss Chillington, that I should have said some time ago. Look into my eyes and tell me if you cannot guess what it is." Miss Chillington (suppressing a yawn)—"You look as sleepy as I feel, so I guess you must be going to say 'good night.'"—Chicago News.

**Milk Attain's Disease Germs.**  
Place a jug of milk near fish for a few hours and there will be a fishy flavor about it. In this same way that milk is susceptible to odors, so it attracts disease germs; diphtheria, typhoid fever, etc., are often contracted in this manner. This is not always due to carelessness, for these bacilli are in the very air we breathe. The only true safeguard when contagious disease is about to sterilize the milk.

**Corn Stubble Cuts Throat.**  
L. T. Davis, a farmer living near West Union, W. Va., had his throat cut by a corn stubble and almost died to death before assistance reached him. While hauling fodder he fell from his wagon, his throat striking the sharp-pointed stubble. A tearing gash was the result.

**Information Complete.**  
Chicago Tribune: "You remember that worthless little cousin of mine you knew ten years ago? Well, he's Capt. Harkness now."  
"United States service, Salvation army or baseball club?"

**Mistakes Made at the Mint.**  
John Erhard of Philadelphia has a coin dated 1891, which has a head on either side, showing that mistakes are made even at the mint. Every finished coin passes through the hands of a great many experts, and there is little chance of an imperfect piece escaping this scrutiny. There are said to be many of 'fers in circulation, however. No particular value is attached to the coins outside of their rarity as curiosities.

**Dust at Sea.**  
Great quantities of dust collect on the decks of vessels at sea, no matter if they are swept twice or thrice a day. Most of it too is found on sailing vessels. The inference is that the sails act as dust collectors, arresting the particles which drift in the air.

**A Plausible Theory.**  
Hixon—"I wonder how Methuselah managed to live to such a ripe old age."  
Dixon—"Probably because there were no bacteria and disease germs in his day."

**Depredations of Foxes.**  
Citizens of Alameda and adjoining counties of Texas are in a state of terror because of the depredations of coyotes, which are killing scores of cattle. Worse than that, the slinking brutes are spreading hydrophobia among the stock. A man living in Tilden was bitten by an infected coit and died in a few days. Ways and means of getting rid of the pests are being considered.

**Corn Rotting in Fields.**  
Corn is so plentiful in the vicinity of Chelsea, I. T., that the farmers are letting it rot in the fields. Twenty cents a bushel is all they can get for it and they do not think that price pays for harvesting.

**Home for Families of Handic.**  
Not actuated by remorse, but by pure philanthropy, Jim Jenkins, hunter of outlaws, has concluded to devote all his money to the maintenance of a home for the orphans and widows of men he has run to earth, in particular, and of criminals of the great Southwest in general. Jim Jenkins, now of Kansas, is now 65 years old and has spent forty years as a scout and hunter of bandits and train robbers. In this way he has made about \$50,000. Among the distinguished outlaws he has chased were Jesse James and his brother, Bob Ford, Bill Dalton and Bill Cook, while he was the leader of the band that caught Cherokee Bill in 1890. In the Dalton raid in Coffeyville, Kas., Jenkins was shot eight times. He estimates his bag of bad men at about 150. The home, which is being built on a 5,000-acre farm owned by Jenkins, near Pryor Creek, I. T., is to cost \$20,000.—Buffalo Express.
