FEATURES OF THE STATE FAIR.

Cresceus Day Expected to be a Record Breaker at the Show.

The coming of Cresceus to the state fair this year will be the event in the attraction line, and will make on the day that he trots against his record a day in attendance and interest and enthusiasm equal to the J. I. C. day at the fair some fifteen years ago.

Every big day at the fair each year since the time that J. I. C. trotted has' been compared with that date, but nothing has ever equalled the attendance on the day when that wdely advertised horse trotted. This year An eight-year-old son of Walter the record of attendance of the J. I. C. Rowlett, living south of Norfolk was day will be broken, on the day that Cresceus goes against his record. Grimes of Beatrics cure him for a day at the Nebraska state fair this year was getting an attraction that thousands and thousands and Jefferson counties from Governor of people over the state will appreciate and approve by their attendance.

> Lovers of the races should remember also that the state fair management this year has increased the purses for running, trotting and pacing to double the amount of a year ago. In other words this year \$8,000 is devoted to the speed ring, besides the additional thousand dollars it takes to bring Cresceus here. This large amount of money hung up in purses will bring the largest number of good horses to the fair that ever have been gathered at one time in the history of the exposition. It means that every one of the five days commencing with Monday and ending with Friday will have three strong races and occasionally an extra race thrown in for good measure. There will not be a day of the fair when the speed ring will not be especially attractive and interesting.

It was demonstrated a year ago by the attendance at the races that the people appreciated good horses and that they were ready to patronize that feature of the fair. This year the board of managers propose to give the public who enjoy this feature the best entertainment every day ever given in the state, and there need be no doubt this year will be the greatest in its
