Whitcomb, Friend; superintendent machinery, W. C. Caley, Creighton; superintendent county collective exhibits, W. E. Ewing, Franklin; superintendent specialists, Charles Mann, Chadron; superintendent agricultural instruction, T. L. Egmont, Lincoln.

THE STATE AT LARGE.

The Roosevelt Club at Osceola is arranging for a celebration March 1.

The tool house of the Union Pacific at Columbus was destroyed by fire. Mrs. Julia Thomas of Sarpy county, four years and two, died a few days ago.

Dr. Canfield, a practicing physician for many years at Edgar, died last week.

Revival meetings have been started at Columbus and will continue two weeks.

The second week of the revival meeting at Osceola is on with continued success.

James D. Brown, a pioneer of Butler county and a wealthy one withal, died last week.

Bakers of Lincoln are discussing the advisability in view of the increased rate of wheat.

Farmers are showing much interest in institutes being held here and there throughout the state.

A four weeks' revival has just closed at Crab Orchard, the result being a great spiritual uplift.

Dr. Offerman, a pioneer of Nemaha county, died last week. He was for many years a leading practitioner.

The Omaha Mitten and Manufacturing company of Omaha has filed articles of incorporation with the secretary of state. The firm has a capital stock of \$100,000.

At a meeting of farmers and citizens of Kearsaw at the Exchange bank it was voted to incorporate a local telephone company with a capital of \$10,000 and put in an up-to-date plant.

The State Bank of Elwood, has filed an application with the comptroller of the currency to reorganize and form a national bank, to be known as the First National Bank of Elwood.

Charles Deitrich, an old soldier who has been acting rather queer of late, was taken before the commissioners on insanity at Nebraska City and declared insane. He will be taken to the asylum.

A Weaver of Rockford, Gage county, was in Beatrice recently with a three-year-old son who was bitten by a pet dog. Mr. Weaver went to Wymore intending to have a malpractice applied to the wound.

The spring session of district court of Hall county is about to open with less than fifty-five civil cases, none of any great importance and but five criminal cases, of which only two will probably come to trial.

The Beatrice Produce and Cold Storage company, which was recently incorporated in Beatrice with a capital stock of \$200,000, expects to erect a cold storage building and ice plant there the coming spring.

The ground of the Jefferson County Agricultural society were sold at sheriff's sale and were purchased by Fairbury for park purposes for \$8,500. The grounds are thirty acres in extent and only four blocks from the court house.

The Fulton bloodhounds were sent to Seneca, Kansas, at Beatrice, to assist in the capture of two men suspected of robbing the bank at Goff, Kans. They were driven overland to Marysville, where a train was caught for Seneca.

While he was prying at a window at night, the prowler who has disturbed residents of Grand Island for some weeks past was shot at and apparently believed to have been hit by Mrs. McBride, the wife of a Union Pacific conductor.

A disastrous fire, which broke out in the basement of the opera house at Greenwood, destroyed that building, a mill and an adjoining feed store and caused the death of Manager Cutler of the opera house. Mr. Cutler was asleep in the basement, where the fire broke out, and was buried to death in his bed.

For the first time since imprisonment of Frank Baker, the alleged double murderer, his mother visited him at Red Cloud and the meeting was one of great sorrow to the stricken mother and her evidence of grief was great. The prisoner was unconcerned and showed no sorrow at the trouble that has overcome him.

An important discovery in the Barker murder case has been made by the finding of a .32-caliber revolver in the barn of the murdered man. Three empty chambers were found which tally with the number of bullet holes found in the bodies of the victims. The weapon was found beneath the hay. The prisoner has not yet been apprised of the finding of the gun.

A number of farmers in the vicinity of Cedar creek have recently made complaints that persons have visited their barns recently during the night time and several thefts have been committed. Jerry Schroeder's barn was entered Sunday night and four of his horses were poisoned, it is supposed, by mixing rough-on-rats with feed.

John J. Moor, a wealthy citizen of Coleridge, has gone to Ireland, his native land, to spend a year in recreation and recuperation.

The state board of public lands and buildings will accept an offer of the Van Dorn iron works to put 240 cells in the state prison for the sum of \$80,000. The members had made a contract to allow the concern to place 159 cells in the penitentiary for \$69,030.

Fire destroyed the barn of E. A. Spurr near Belmont, entailing a loss of probably \$2,000 and almost consumed the barn of James Strine, across the alley from the first named.

The county commissioners of Hall county propose to sell the old court house and build a new one.

HOLDS GAMBLING LAW INVALID.

Supreme Decision is Handed Down by Attorney General Prout.

Attorney General Prout has handed down a decision that the gambling law of this state making gambling a felony is invalid and of no effect. The reasons given by the attorney general for his decision are the same as mentioned in his column several days ago when the matter first came up. He holds that the title of the bill is not proper, in that the body of the bill contained wider matter than was shown by the title, and that all of the bill which was changed after it passed the senate, where it originated, was not read three times in each house, as provided for in the constitution. This decision leaves the old gambling law, which provided a penalty of a fine of \$100 or three months in jail, still in force. The county attorney of York county wrote to the attorney general for the opinion.

A number of prominent Lincoln attorneys do not agree with the attorney general on his stand. Farmer County Attorney Meager, who fought out the whole thing in the local courts six or seven years ago, said that the attorney general certainly did not go entirely through the matter as he would not have arrived at such a conclusion.

"I have all the records, including the senate and house bills, passed together in my office and I not only believe the law to be good, but it has been so passed upon by the district court, Judge Holmes and Hall sitting on the case.

Tabulating Land Values. Land Commissioner Folmer is working on a tabulation of land values that will be placed before the State Board of Equalization, which is expected to materially assist the board in arriving at something like the true assessment of land throughout the state. Mr. Folmer has a record or is securing a record, of all the land sales in every county in the state, with the price paid.

Not Signing Any Contracts. LINCOLN—Athletic managers at the state university have ceased signing contracts for spring athletic events. This has been done on account of the action of the board of regents in the location of the physics building, the construction of which will encroach on the athletic field. Students hope to get the regents to reconsider their action.

Betts Brought to Lincoln. LINCOLN—Frank Betts, a youthful forger with many names, was brought to the city by Detective Bentley, who got the prisoner from the authorities at Milwaukee. Since last December Betts has forged paper to the extent of more than \$5,000. He swindled Lincoln jewelers out of more than \$600 and for this he will be tried one of the exploits of Betts while in Minneapolis was to buy a grocery store with a bogus check for \$2,500.

Relic of Territorial Days. PAPILLION—Joseph Whitted received from friends at Florence, Neb. some relics of the early days of that town in the shape of some \$1 notes, dated 1856. Recently an old safe had been opened at Florence and in it was found a bunch of these old bank notes. The notes are not signed, but were issued by the Bank of Florence and are in perfect condition. Mr. Whitted was an early settler of Florence and in distributing the notes amongst those living in Florence in that year Mr. Whitted was not forgotten.

A COMRADE OF GENERAL GRANT

Says: "I Do Not Believe Pe-ru-na Has a Superior for Catarrh."

BENJAMIN F. HAWKES.

Benjamin F. Hawkes, of Washington, D. C., is One of the Three Living Comrades of General Grant in His Cadet Days at West Point.

In a recent letter from 611 G Street, S. W., Washington, D. C., this venerable gentleman says of Peruna:

"I have tried Peruna after having tried in vain other remedies for catarrh, and I can say without reservation that I never felt a symptom of relief until I had given Peruna the simple trial that its advocates advise. I do not believe it has a superior, either as a remedy for catarrh or as a tonic for the depressed and exhausted condition which is one of the effects of the disease."

Benjamin F. Hawkes.

ISAAC BROOK, a citizen of McLennan County, Texas, has lived for 114 years. In speaking of his good health and extreme old age, Mr. Brook says: "Peruna exactly meets all my requirements. It protects me from the evil effects of sudden changes; it keeps me in good appetite; it gives me strength; it keeps my blood in good circulation. I

have come to rely upon it almost entirely for the many little things for which I need medicine.

"When epidemics of the grippe first began to make their appearance in this country I was a sufferer from this disease.

"I had several long sieges with the grippe. At first I did not know that Peruna was a remedy for this disease. When I heard that the grippe was epidemic catarrh, I tried Peruna for the grippe, and found it to be just the thing."

—Isaac Brook.

Pe-ru-na Used in the Family for Years.

Mrs. E. West, 137 Main Street, Menasha, Wis., writes: We have used Peruna in our family for a number of years and when I say that it is a fine medicine for catarrh and colds, I know what I am talking about. I have taken it every spring and fall for four years and I find that it keeps me robust, strong, with splendid appetite, and free from any illness. A few years ago it cured me of catarrh of the stomach, which the doctors had pronounced incurable. I am very much pleased with Peruna. I am 87 years old."—Mrs. E. West.

A fault which humbles a man is of mere use to him than a good action which puffs him up with pride.

Mrs. Winslow's Soothing Syrup. For children teething, softens the gums, reduces inflammation, allays pain, cures whooping cough, croup, colic.

An Enthusiastic Reception.

Sir Harry Rawson was welcomed as governor of New South Wales with the greatest enthusiasm. One port greeted him in a novel and interesting way. There were no guns big enough to salute him with, so an enterprising loyalist hit on the happy idea of utilizing kerosene tins. With the assistance of plugs of dynamite and a fuse the salute was duly given, resulting in a round dozen of loud bangs, the same number of flying kerosene tins, and distracted natives fleeing for their lives in all directions.

ALABASTINE
the Durable Wall Coating,
Won't Rub Off!

WHY?

Because it cements to, and is not stuck on the wall with decaying, animal glue, as are the various so-called "wall finishes," which are kalsomines sold under fanciful names.

You can apply Alabastine.

ALABASTINE

The Only Sanitary and Permanent Wall Coating

ALABASTINE is not a disease-breeding, hot water plus wall finish, furnishing a lodgment and harbor-ground for disease germs; it is a natural, rock-base composition, in white and many exquisitely beautiful tints; in powder form, ready for use by simply mixing with cold water. Anyone can brush it on.

ALABASTINE cements to walls, destroys disease germs and vermin, and never rubs off or scales. Other wall coatings, under fanciful names, and usually mixed with hot water, are unhealthy kalsomines, stuck on the wall with glue, which soon rots, nourishes germs of deadly disease, rubs and scales, spalling walls, clothing and furniture. When it is necessary to refinish, the old coats must be washed off—an expensive, nasty, disagreeable job, making the rooms damp and unfit to live in.

When walls are once coated with Alabastine, succeeding coats may be applied, year after year, without washing the walls, thus saving great expense and annoyance.

Hot and Cold Water Kalsomines Have No Merit

Some dealers try to sell them, buying them cheap, and trying to sell on Alabastine's demand until such time as their customers learn of the imposition.

THEY ARE WORTHLESS PREPARATIONS

If you cannot buy Alabastine of your hardware, paint or drug dealer, refuse all imitations, and write us. We will tell you where you can get Alabastine without delay, or sell it to you direct. \$500.00 GIVEN AWAY. Write for particulars.
