One week ago last Sunday two hunters drove onto a farm south of this town, got out of the buggy and started out with guns and dogs. They soon saw the owner of the farm coming for them. They ran to the buggy, got in and, as they drove rapidly away, called out to the farmer: "Go to hell, you —"

Is it any wonder that the farmers up here are bitter against hunters? That farmer's horses were away off in the pasture. Had they been in the stable some one might have got hurt. He has a swift horse and a good gun, and knows how to use it—and is not afraid to use it if necessary. Some years ago four hunters were up here, shot into the school-house and broke 27 panes of glass. These hunters were from McCook. Four years ago Thomas Real was quietly reading in his house, one Sunday afternoon, when something struck the house, and the report of a gun followed. He went out and found some hunters in the grove near the house. They might have seriously hurt, or killed one of his children. They were from McCook. Farmers are getting pretty sore over this hunting and some one will get hurt yet.

George A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Red Willow county land is by many underestimated. It is of much value as farming land. Be wise and do not undervalue Western Nebraska land. Eighteen sections of land in range 7, Nebraska, was once advertised for sale at \$1.00 an acre. Furnas county land has doubled and trebled in value within the past three years. All the above land should be sold by Christmas. Consider the terms, and with proper farming, it will pay for itself. Use the phone, or wire if you deem it necessary—it often beats the mail, if some other fellow is writing.

I have 40 farms in Frontier county for sale at \$4.00 an acre up. Send for list.
