"Mrs. Crabtree from Haigler caused. so I saw in The McCook Tribune and Wilcox Herald, considerable excitement about Dr. C. Neef on the train, without cause, so I take it as my duty to explain how things happened:

"I take the case of Mrs. Crabtree's daughter for some deformity of the leg for \$137.50, with brace, massage roller and medicine. The treatment would last 6 months, maybe longer. Later I study the case over and found out that I would be short if I had to go every week to Haigler, because the expenses weekly were \$5.38,so I wrote her a letter, that she has to bring the girl weekly to McCook; if she cannot do so, I was willing to give her the money back. I sent her a telegram from Hildreth, that she could find me in Commercial hotel, to her. She never wrote if she would come or not, so I was not prepared for the whole amount. I gave her \$35 and a yard at McADAMS'. for the balance security.
