**RUSSIAN LIFE PICTURED**

**THE SOWERS**  
By Henry Seton Merriman  
To Be Printed Serially in This Paper

**THE SOWERS** is one of the very strongest of recent novels. It is a graphic pen picture of Russian life today, made from personal observation, revealing the splendor of the palace and the squalor of the hovel. "The Sowers" is above everything else a powerful story of love, hate and intrigue, full of human nature.
