### ROZELL & BARGER

THE LEADING CLOTHIERS

#### The Culbertson Nursery

Look form in the year 1901, and has been in existence ever since. I take this manner of offering a catalogue to the public and would suggest to all interested to cut this out of the paper and hang it up for future reference. While it is brief, it is specific in naming the tribes, sorts and especially adapted fruit trees, forestry, shrubs and bulbs, absolutely known to be adapted to this country. If you will send me an order, with the money or not at all, I will give you notice of acceptance, set a day ahead for delivery and the trees shall in no wise be in transportation longer than six hours.

#### Information for Your Benefit

All agents are paid a salary ranging from \$60 to \$100 a month and expenses. In effect 25 per cent of the value of the amount of stock sold and delivered by them. Said agents tell you all things are good for all men, therefore help yourself and we will replace your losses free of charge indefinitely and otherwise. I save you this discount and there is no misunderstanding between you and the agent; you deal with me direct.

Come with me and try a half dozen, three to four feet high, at 20c apiece.

These trees are not grown by irrigation, and if they do not live I will replace them at half price until they live. If you have any doubts as to my responsibility or truthfulness, write to any man in Hitecock county, Nebraska, and I will abide by what he says. Remember there will be no flap-doodle or flimsy discussions created by tree agents' manipulation or ambiguous statements. You will tell your troubles to me direct and thereby find out whether you want to continue business with me.

This catalogue suggests to you the varieties to plant, backed by the experienced tests, and propose and pledge ourselves to replace your losses at half price and the transportation which you must pay.

We further supply any article in nursery stock listed in any other catalogue in any size or variety you may desire at the same discount, and guarantee and replace at half price. We have many things in stock not mentioned for want of space and unnecessary expense of incorporating them in this catalogue.

I call the attention of the people of McCook to this fact that you can buy of me any house plant, any thing in shrubbery and call me by phone No. 108 at my expense. I am at the door of your homes.

#### Red Willow County Teachers Meet.

The Teachers' Association held at Indianola, last Saturday, was unusually well attended and particularly interesting. Practically every section of the county was represented. Each number of the program was ably filled and the pleasing and instructive addresses on "Great Educators and the Principles for Which They Stand," by Sup't G. H. Thomas is especially worthy of mention. The music was fine. The program in full was as follows:

**PROGRAMME.**

 There were fifty-seven pupils enrolled in the spelling contest and results of the contest will be published next week.

#### The Silver Medal Contest.

A large audience heard the silver medal contest, last Friday evening, in the Methodist church, under auspices of the W. C. T. U. In every respect the contest was one of the most satisfactory and successful yet given by the ladies. There were five contestants for the medal, Mildred Dougherty, Veda Cadman, Bessie Smith, Mable Hegeberger and Vera Fitzgerald. And it may be stated with exact regard for veracities that the girls each and all acquitted themselves splendidly. The judges, Sup't G. H. Thomas, Miss Stetter and Miss Storer, awarded the medal to Bessie Smith, and honorable mention to Veda Cadman. Mrs. Mattie Welles presented the medal in a felicitous manner. The efforts of Frey's orchestra were pleasing and enjoyable.  
 Mrs. Edker Burton sang "Anchored" very effectively.  
 The ladies of the union and the cause are to be congratulated.

#### Hard Times Social.

The Modern Woodmen enjoyed a great evening, Wednesday, with a "hard times social." For their banquet mush and milk were served. The prize for the most original and unique costume representing hard times was divided between Mrs. Laura Hamilton and Mrs. M. L. Ruby. Julius Kunert was the winner of the men's prize.  
 An excellent program was given and much appreciated:  
 A vocal solo by Miss Ruth Wiehe, piano number by Miss Ila Briggs, selections by the alfalfa male quartette, Messrs. Frank Colfor, Frank Ploussard, Ray S. Light, H. B. McFann, a duet by Miss Misses Schlagel and Moss, a duet by the Misses Peterson constituted the musical bill of fare, for which the Woodmen make grateful acknowledgment.

#### Where the Value Is.

Only two worthwhile items enter into the value of advertising, namely, quantity and quality,—that is how many and how good. THE MCCOOK TRIBUNE is in a field by itself, locally, on these two points. We challenge and invite inspection and comparison. We can give you from two to three times the value for your money that any other Red Willow county publication can offer you.

#### For Emergencies.

A banking reserve is for use, not merely for show. It is for use in times of emergency. Yet some bankers look upon their reserves very much as the superintendent of a hospital regarded its emergency bed. A patient all banged up in an accident was brought to the hospital one night and was told that there was no room for him. "Why not put him in the emergency bed?" it was suggested. "If we put him in the emergency bed," it was replied, "then we would have no emergency bed."—Wall Street Journal.

#### A Clever Scheme.

Mother (examining school report)—How did you come to have such good marks in arithmetic this week? Tommy—Well, you see, it was this way: We had ten examples a day, and I got the teacher to help me to do five, and Eric Jones got her to help him on the other five. Then we swapped helps.  
 —Harper's.

#### Impartial.

"Mr. Scatterton prides himself on being strictly impartial."  
 "Yes," answered the unamiable man. "I once went shooting with him. He didn't seem to care whether he hit the rabbit, the dog or one of his friends."

#### The Dangerous Case.

One of the surgeons of a hospital asked an Irish help which he considered the most dangerous of the many cases then in the hospital. "That, s.," said Patrick as he pointed to a case of surgical instruments.

#### County Commissioners' Proceedings.

McCook, Neb., March 9, 1908.  
 The board of county commissioners met pursuant to adjournment, present F. S. Lofton, S. Premer and C. B. Gray, commissioners, and M. G. Elbert, deputy county clerk.  
 On motion the following named road overseers were appointed to fill vacancy:

Johnston, McCook; Box Elder, precinct, I. E. Neel, Indianola.

The petition of George Coppel, William Vogt and others asking for the establishment of a public road was read and considered. The board finds that all the requirements of the law have been complied with and that the public good requires it and on motion same was granted and road established as follows:

Commencing at Perry station on the line of the C. B. & Q. R. R. Company at or near the southeast corner of the southeast quarter of section 20, township 3, range 20, west of the 6th P. M., and running thence in a northerly direction on the north side and parallel to the right of way of the C. B. & Q. R. R. Co. on sections 20, 19 and 18 to the point of intersection of said right of way with the west line of section 18, and thence north on said section line to the northwest corner of said section 18, also beginning at the point where the said right of way intersects the section line between sections 19 and 20, township 3, range 20, and running thence north to the corner of sections 17, 18, 19 and 20, acting concurrently with the board of commissioners of Hitecock county, Nebraska, as to that part of said road extending along the county line between Hitecock county and Red Willow county.

On motion clerk was instructed to notify overseer of highways to open said road.  
 On motion damages were allowed on said road, by reason of establishing same as follows: James Jameson and Ed. Steinke, sw qr 20, \$150 00  
 Franz Zander, nw qr and ne qr 19.....160 00  
 A. C. Hipple, se qr and ne qr 20.....120 00

On motion the clerk was instructed to cancel the orders drawn by the road overseer of district 17 on the district fund of said district by reason of the location of road No. 415, for damages allowed by the commissioners on said road, also to cancel the orders drawn by the road overseer of district No. 8 on the district fund of said district for damages allowed by the commissioners by reason of locating road No. 411.

The board having discovered that an error had been made, a few years ago, in appraising school section 16, township 2, range 28, orders a correction by reversing the appraisal of the east half and the west half of said section from one to the other, which places the following valuation on the various tracts of said section:  
 Ne qr of ne qr.....87 00  
 Nw qr of ne qr.....7 00  
 Sw qr of ne qr.....7 00  
 Se qr of ne qr.....7 00

On motion the clerk was instructed to have this correction appear on the commissioner record and to send a certified copy of same to the state commissioner of public lands and buildings.

On motion board adjourned to meet March 25th, 1908.  
 F. S. LOFTON, Chairman.  
 Attest: CHARLES SKALLA, Clerk.
