The board of managers of the Nebraska state fair have ordered plans for an auditorium to seat 4,500 people. This building is to be erected west of the Administration building on the side hill, where a natural amphitheater is obtained. This building will make a splendid place for Liberati's Grand Military Band and Concert company of 60 people, 18 of whom are grand opera singers and soloists, who render Stabat Mater and other grand operas. National speakers can also be used here to advantage and we are pleased to see the management are using their money for such buildings for the people's comfort.

Watch the date, Thursday, April 30, the day when the Campbell Brothers great consolidated shows appear here. Each succeeding year new features are hunted up and added to this already famous circus—startling acts that play upon the imagination; hair-breadth escapes in mid-air by daring acrobates and the various ring acts that never fail to amuse. Horses always take a prominent part in every circus, and this is no exception to the rule. Beautiful silky-coated horses with glittering trappings and mounted by a bevy of pretty girls in natty costumes, catch the eye on all sides; no matter where it is, in the parade, or under canvas, in the sawdust ring, horses reign supreme. Campbell Brothers are famous for their thoroughbred horses and the number and beauty of their circus horses this season are beyond comparison. Watch for the grand street parade at 10 a. m. and the big shows at 2 and 8 p. m. under the new water-proof tents, rain or shine.
