COMMERCIAL CLUB HAS SESSION.

Some Matters of Interest Taken Up and Disposed of by the Members.

The McCook Commercial club was in session, Monday evening, and several matters of moment and interest were taken up, discussed and disposed of.

The banquet committee reported progress and was instructed to complete arrangements along the line indicated by the committee. As the matter now stands the banquet will be given in the Monte Cristo cafe on Tuesday evening, October 6th. Plans contemplate a banquet, toasts, music and a general reign of goodfellowship, all tending toward securing better community action in affairs having for their purpose a bigger and a better McCook.

The water works park committee was not able to make report of much progress perforce of the absence of important parties in the consideration of the project.

The chautauqua committee reported, reading among other matters, a communication from the management revising the offer of the club. The revised offer of the management was not favorably considered by the club, which declined to take action on the guarantee of the company. The matter was referred to the committee and the club secretary for further information.

John Cordeal and F. M. Kimmell were appointed a committee to revise the constitution and by-laws of the club.

In the regular line of endeavor and duty he has preached 615 sermons, solemized 99 marriages and officiated at 100 funerals; having a record of only ten Sunday absences during the five years.

The record in church property acquisition is equally as remarkable: At the begining of his pastorate, October 1st, 1903, the church and parsonage property was valued at \$4,500. The old church, which in this total is valued at \$2,500, was sold to the Adventist brethren for \$800. The present total valuation is \$20,000, all free of debt.
