Shoes for the Whole Family

OUR store is really a Family Shoe Store, because our stock and ability enable us to give either a man or woman ease, snap and style; or to shoe the feet of a child so they will grow and serve the purpose for which they were intended, and not be hindered or cramped. We take a lot of just pride in this—and this is but one source of our many satisfactions—and yours.

**\$10.00 down and \$10.00 per month, without interest or taxes,
buys a farm and town lot in the most beautiful, fertile and indisputably the richest fruit and vegetable land in the United States.**

A proposition to which we have invited the most critical investigation and only a short time ago the company sent a number of prominent citizens of Nebraska to investigate and report to the people of Nebraska.

The following are the names of the investigating committee who have recommended this to be one of the most profitable investments that can be found anywhere:

H. C. RICHMOND, World Herald.
J. W. ARMSTRONG, Merchant, Auburn.
R. G. DOUGLAS, Editor, Osceola.
HILGER GREISEN, Platte Center.
C. P. BEAL, Sup't Schools, Adams.
W. D. REDMAN, Deputy State Sup't Schools.
W. E. PRATT, Osceola.

ALIOS SLEPICA, County Clerk, Wilber.
W. A. WAY, Farmer, Columbus.
H. H. PHILPOTT, Omaha Bee.
W. W. COCHRAN, Coal and Lumber, David City.
A. L. GALL, Lincoln Star.
I. J. WESTON, Farmer, Shelton.
W. E. PENNY, Oakland.

Here is what a committee of farmers of Custer county say about the land:
Ansley, Nebraska, August 24, 1909.

To whom it may concern:

We, the undersigned, wish to say that we constituted a committee of farmers from Custer county, Nebraska, who went to Francitas, Texas, and looked over the lands of the Valley Fruit Farm and Garden Company of Lincoln, Nebraska. We made this trip of inspection on behalf of ourselves, we having purchased a number of shares in the property of this company subject to the inspection of the land, and we also made this inspection on behalf of a number of our relatives, friends, and neighbors, who wished to buy some of this land provided we found it as represented by the company.

We take pleasure in saying that we found the land of the company fully up to the representations made in their printed matter. We visited orange and fig groves in this section on land just similar to that of the company and have taken home with us fine samples of oranges, figs, and pears grown there. We are also convinced that there is no better place for the growing of small fruits and winter vegetables, because they can be grown there at the time of the year when the prices of such products are highest.

Although we visited this land during the month of August and during a period of the most intense and oppressive heat that has visited the country for many years, we found the weather there pleasant and delightful. We found less flies and mosquitos there than are prevalent in Nebraska at this season of the year, and were able to sleep comfortably without screens on the windows.

Several of our number expect to make their permanent homes on the lands of this company about Francitas and altogether we, the members of this committee, after looking over this land and the entire Gulf Coast country and seeing what could be done there, and what is being done in the way of fruit and vegetable growing, have purchased sixty-one contracts for farms from the company, and we recommend this proposition and land to our friends either as a place for a home or an investment.

Yours respectfully,

CONRAD SELL, Arcadia, Nebraska.
H. H. DEWEY, Ansley, Nebraska.
FRED NORDEN, Ansley, Nebraska.
ELMER ANDERSON.
FLOYD WORDEN.
J. B. HOUTS.

This is a rare opportunity for the rich and poor alike to get a farm in a country, where with judicious cultivation in fruits and vegetables will produce from \$200 to \$800 per annum and when developed fully will be worth from \$500 to \$1,000 per acre. Land is located around the town of Francitas on main line of St. Louis & Brownville railroad as well as a navigable river.

For full particulars inquire of

A. G. BUMP, McCook.
