A Regrettable Occurrence.

The most regrettable occurrence in the history of the McCook public schools was that of Monday evening of this week, when the entire twelfth grade, the class of 1910 to be, marched into Sup't Taylor's office in the high school building, and announced the retirement of the class in a body from the school.

The action taken is said by members of the class to be the culmination of the denial and refusal of several desires and requests of the class.

At this juncture, THE TRIBUNE does not intend to go into a discussion of the merits of the case, which from every aspect seems to be most deplorable.

That the pupils are supported in their action by their parents must be plain from the fact that but one member of the class has returned to school and complied with conditions imposed.

The majority of the members of the class have announced their purpose to enter the Holdrege high school for the balance of the year and the completion of the course.

Two pupils left for Holdrege, this morning, and seven more expect to follow.

THE TRIBUNE cannot refrain, however, from saying that it feels that the matter could have been adjusted differently without serious loss of dignity or discipline.

THE TRIBUNE stands for just laws and authority and for righteous and reasonable discipline. Governments and schools and homes cannot exist without them.

Change of Date.

Mrs. Heald, state president of the W. C. T. U., will give an address in the Baptist church, Friday evening, March 11. Admission 15 cents. All school pupils free. She will also meet the ladies at 2:30 in the afternoon of the same day and at the same place.

We are very desirous for the ladies of McCook to meet Mrs. Heald and extend a hearty invitation to all to come and hear her. Mrs. Heald will not disappoint you. She is a sweet, gracious woman, of charming personality and has her cause earnestly at heart.
