Congressman Latta of the Third Nebraska district has paid the last price of mortality and gone to his reward. Interest now centers in his prospective successor. Wise ones are staging Dan V. Stephens of Fremont for the place.

Lincoln finds nothing in her water system to warrant the suggestion that her present typhoid cases are traceable to that source. An analysis was made of seven different samples of city water, taken from the wells and water pipes at different places on the system.

### Seed Wheat For Sale.

No. 2 Red Turkey wheat for sale. Updike Grain Co. Phone 169.

Several Beaver City homes were broken into, Saturday last, the date of the wild west show in that burg. Attaches of the show were searched, but no evidence was found upon their persons.

## The Burlington Crop Report.

The Burlington crop report for the past week carries with it a more optimistic view of the present crop conditions throughout the state. The soil, except in a very few places where the rainfall has been exceedingly light, is generally in excellent condition. The rainfall during the past week has been fairly good over the entire division.

### Corn.

Conditions for the week were all favorable and corn is nearing maturity very rapidly. Estimates from the various sections of the state indicate the following percentage for the crop based upon a full crop and present condition. Omaha division 62 per cent as against 65 per cent for last week. Lincoln division 77 per cent as against 74 per cent for last week. Wymore division 76 per cent as against 70 per cent for last week; McCook division 50 per cent which was the same as the estimate of last week. Already grain men over the state are asserting that the corn crop this year will yield from five to ten million bushels more than last year. As yet no damaging frosts have been reported in this state, and the longer it holds off the better it will be for the crop.

### Fall Plowing.

Fall plowing has progressed

well in all parts of the district where winter grain is raised and the seeded acreage will be very large this year.

### Potatoes.

As has been previously reported the potato crop this year will do well if it amounts to half a crop.

### Pastures and Meadows.

Pastures and meadows are in excellent shape. On the McCook division the third crop of alfalfa was the best of the three, and there are places in the eastern divisions where the fourth crop promises to be the best of the season. Hay on the whole will be short, but rains during the latter part of the summer have produced a good deal of rough feed.

### Sugar Beets.

Reports of this crop continue to be very favorable. It is thought that harvesting the crop will commence about the tenth of this month.

### Temperatures.

The general average for the temperature of the state for the past week was 65 degrees or 6 degrees higher than for the corresponding week of last year. The maximum temperature recorded at Lincoln for the week was 93 degrees and the maximum wind velocity was 32 miles an hour.

## CLAPP WILL SPEAK AT LA FOLLETTE FEED

Sent From Madison, Wis., to Address Nebraska Insurgents Thursday.

Lincoln members of the Nebraska Progressive Republican league received word from Madison, Wis., Monday morning that Senator Clapp of Minnesota, one of the seven original insurgents in the upper branch of congress, will be here next Thursday evening to speak at a state banquet in the interest of Senator LaFollette's candidacy for president. The banquet will take place at the Lindell hotel, commencing at 6:30. It has not yet been decided who will be toastmaster. Governor Aldrich will be unable to grab this honor, as he is out of the state. Congressman Norris will probably not be able to attend owing to his speaking dates. C. O. Whedon may be called on to preside at the table. He will at least be one of the speakers. Letters are being sent out to LaFollette and Norris supporters over the state asking them to be here for the banquet. Without much doubt, a permanent state organization will be formed to boost LaFollette and Norris, and arrangements made for the opening of state headquarters, probably in Lincoln.

Senator Clapp is to come here through an assignment from LaFollette's headquarters at Madison, Wis. It agreed to furnish either him or Merriam of Chicago, who is pushing a LaFollette movement in Illinois. Clapp is now speaking in the Dakotas. — Lincoln Star.

## DANBURY.

Clarence and Claude Young were McCook visitors Friday.

There was a pound social held for Rev. H. W. W. Allen Tuesday night at this place.

Ed Young is working for C. W. Rogers for a couple of weeks.

The little daughter of J. J. Yarnall has been very sick.

A number of pupils outside of the district are attending school here.

There was a social held at the Wm. Musgrove home Friday evening. A nice time was reported.

tured wrist he could not work.

The state fair visitors arrived home Friday. They say it was a great treat to see the "bird men" make their flights.

Mr. and Mrs. Andy Greer are the proud parents of a baby girl born Thursday, Sept. 7th.

Mrs. Millie Billings left for McCook on Saturday for a visit with her brother Dan Clouse and family.

Knowles & Long, a wagon show troupe, gave a performance here Monday night.

# STOVE BUYER WARNINGS

### Caution

Be sure to see the above trade-mark always on famous Garland Stoves and Ranges. Never sold by Mail-Order or Catalog. Always by the most reliable dealers. Made for over 40 years. Highest quality. In over 4,000,000 homes.

## Risks of Mail-Order Stove Buying

- 1—Quality!**

No picture, however attractive; no price, however low, can justify the purchase of a stove or range that lacks the vital element of quality. Experience, skill, science and plain, old-fashioned honesty in materials and workmanship must all be wrought into the stove or range before it has the quality that will stand the test of years.

A "30-day test" of stoves or ranges, which many Mail-Order Stove Concerns offer, merely limits the responsibility of the seller to that brief period.

We are responsible for the quality as long as the stove or range is in your possession.

Note the tremendous advantages of buying from a local dealer, who stakes his reputation on Garland Quality.
- 2—Guarantee!**

Your guarantee of quality, when you buy Garland Stoves or Ranges, is based on forty years
- 3—Bargains!**

Every stove or range sold by mail is (on paper) the "greatest bargain ever offered."

There's magic in the word "bargain"—it is one of the biggest assets of the mail-order system of stove selling.

Don't let the "bargain" idea run away with your business judgment. No mail-order stove concern can sell stoves for less than their market value without going bankrupt. The huge profits of mail-order selling come out of the buyer's pocket. Your own good judgment will tell you that a local merchant, who buys stoves and ranges in carloads, will give you a better deal and bigger value than you can ever secure from any mail-order stove concern.
- 4—Delays!**

In buying a stove or range by mail, you run the risk of unexpected delays. Instances are on record where the anxious buyer waited six months for delivery.

Single shipments are subject to delay or damage, and frequently go astray, requiring weeks of "tracing"—are sometimes lost in transit.

Why not buy from your local Garland dealer, who can make immediate delivery?
- 5—"Knock-Down" Stoves!**

No mail-order stove is shipped set up, ready for use. The buyer must uncrate them, set them up and hook them himself. In case of breakage he must make complaint by letter, wait a long time for new parts and suffer the inconvenience of delay.

We deliver your stove or range set up, complete, hooked and ready for immediate use.

Which way is best?
- 6—"Money Back!"**

We do not question the good faith of mail-order stove concerns who offer "money back" if their stove or range, after 30 days' free trial, fails to give satisfaction.

But remember that when you get a stove or range on free trial, the mail-order concern has your money and goes on the stove.

It generally takes so much effort for the buyer to get the stove back to the mail-order house—and if successful, to re-crate and re-ship it—that not one dissatisfied mail-order buyer in a thousand actually does it.

A good dealer, right in your home town—not some unknown concern 500 or 1,000 miles away—is the one who is most sincerely interested in giving you full value and lifetime satisfaction.

His judgment on stove and range values comes from long experience. Come and see us before you make your next purchase. Get the benefit of our experience. Have us explain how Garland Stoves and Ranges are made—all the details that go to make up quality and value and satisfactory service, for which they are famous throughout the entire world. That's the best way to be sure of getting your money's worth.
- 7—The Best Way!**

For coughs, colds, croup, whooping cough, bronchitis and affections of the throat, chest and lungs it is an ever ready and valuable remedy. A. McMillen.

### Order to Show Cause.

In the district court of Red Willow county, State of Nebraska.—In the matter of the application of Nina Harris Wade, administratrix of the estate of James B. Wade, deceased, for license to scil real estate.

Now on this 23rd day of August, 1911, this cause came on for hearing upon the petition of Nina Harris Wade, administratrix of the estate of James B. Wade, deceased, praying for license to sell the following described real estate of the said James B. Wade, to-wit: lot numbered six in block numbered six in the original town now city, of McCook, Redwillow county, Nebraska, for the payment of debts against said estate and allowance and costs of administration, for the reason there is not sufficient personal property belonging to said estate to pay said debts, allowance and costs.

It is ordered, on consideration by me, that all persons interested in said estate appear before me at chambers in the court house in the city of McCook, in said county, on the 7th day of October, 1911, at one o'clock P. M., to show cause, if any there be, why license should not be granted to said Nina Harris Wade, administratrix, to sell so much of the above described real estate of said decedent as shall be necessary to pay said debts, allowance and costs.

It is further ordered that a copy of this order be served upon all persons interested in said estate by causing the same to be published once a week for four successive weeks in the McCook Tribune, a weekly newspaper printed and published in said Redwillow county, Nebraska.

R. C. ORR,  
Judge of the District Court.

First publication Aug. 24-4 ts.

Notice is hereby given that by virtue of a chattel mortgage executed to the McCook National Bank of McCook, Nebraska, by Charles F. Edwards and Martin L. Yager dated May 10, 1911, and filed in the office of the county clerk of Red Willow county, Nebraska, on May 26, 1911, on which default has been made and upon which there is now due the sum of three hundred and twenty-five dollars with ten per cent interest per annum thereon from August 10, 1911, said McCook National Bank will expose for sale at public auction, and sell to the highest bidder on the thirtieth day of September, 1911, at the hour of one o'clock P. M., on lot 9, in block 28, in the original town, now city of McCook, in said Red Willow county, Nebraska, the property mentioned in said chattel mortgage, to-wit: One platform scale, one hanging scale, one new National cash register, one 8x10 compartment ice box purchased from C. B. Civer & Co., one marble top wood counter with four paper cutters and all parts complete, three meat blocks, one chipped beef cutter, one nickel plate piece rack, all knives, saws and tools, six new curtains for windows, all trays and meat pans, metal hooks for box, one new 60-gallon iron kettle, one old 45-gallon iron kettle, one complete iron lard press, one electric motor complete, one complete Enterprise meat grinder and bolts and tools for same, one bone grinder complete, all back room tools and fixtures, block and tackle and rope, one delivery buggy, one set of new single harness used in delivery, one white spring wagon and one set of single harness, one gray horse, name Tom, five years old weight about 1200 pounds, one bay horse about ten years old, weight about 950 pounds, all slaughter house fixtures and tools, one sausage stuffer complete, all interest in slaughter house, one large clock, one 24-foot counter, one pole derrick, 25 feet of heavy steel chain, one Webber gasoline engine with belts, gears and all other tools and fixtures used on May 10, 1911, or since added, in conducting the meat market in the building on said lot on Main Street in said city known as the Kapke building.

Dated at McCook, Nebraska, September 6, 1911.

The McCook National Bank.
