

Entered at postoffice, McCook, Nebraska, as second-class matter. Published semi-weekly.

There is at least one good Indian in the Kit Carson Wild West aggregation: They found him dead at Wymore.

Roderick Dhu Sutherland of Nelson seems to have one optic glued on the Democratic nomination in the Fifth district and the other on the Democratic nomination for governor.

Half the population of Havelock captured a midnight burglar the other night, to find they had in lock a confused somnambulist arrayed in underclothes and overcoat.

The Hastings Democrat opines that too much Bell Telephone Octopus defeated Judge Alberts for nomination for supreme judge on the Democratic ticket. The Columbus Democrat insists that Omaha's "red lights" did the job.

Virile Senator Borah of Idaho has a bill up his sleeve, which, he declares, will dispose of the "lame duck" political scandal if it becomes law. Borah is tired of the manner in which men who have been discredited by the people are cared for by fat federal appointments.

The selection of ex-Congressman J. J. McCarthy as president of the Progressive Republican league must be especially satisfactory to Congressman G. W. Norris, who is a particular friend and admirer of the aggressive ex-congressman, who is named as a probable candidate for the Latta succession in the Third district.

State Sup't Crabtree recently discussed the gift and favor form of bribery in the school book business with characteristic vigor. It is a humiliating fact that this species of graft is not above some Nebraska county and city superintendents and teachers. The state superintendent hopes this paltry graft may be eliminated without the necessity of recourse to such legislation as the case demanded in Minnesota.

Congressman George W. Norris has returned to his home at McCook after an honorable service at the national capital, and will soon begin his campaign for the Republican nomination for the United States senate. Dund county has always stood by Geo. W. Norris, both as district judge and congressman and will further prove its fealty in his candidacy for the senate, which place he has earned by his brilliant and fearless advocacy of every cause for the benefit of the common people.—Benkelman News.

A change has been made in the location of the Interstate Highway through this county, between Culbertson and Palisade, taking in to the divide about five miles north of town from the Frenchman valley. This route has some bad canyons to cross, and we believe that a much better route could be had by coming through Trenton and Stratton, and then taking the divide road to Wauneta. The commissioners say that if this route is selected it would be put in good condition as soon as possible. It would pass through and benefit the three principal towns of the county and very little objection would be made to use of county funds for its improvement. Right now is the proper time to agitate this little change in the route, as it must be made sooner or later and while the agitation is in progress, let the extra work on the road be pushed ahead. Good roads are one of the assets of any community and our commissioners are willing and anxious that the "big road" through Hitchcock county will equal any road in the state. Give them encouragement.—Trenton Republican.

Foley's Kidney Remedy (Liquid) is a great medicine of proven value for both acute and chronic kidney and bladder ailments. It is especially recommended to elderly people for its wonderful tonic and reconstructive qualities, and the permanent relief and comfort it gives them. A. McMillen.

THE OLD SETTLERS' PICNIC

The day was pleasant and while there were not so many present as on some former occasions, it was one of the most enjoyable of the picnics. The meeting and greetings of old friends and acquaintances were cordial and heartfelt and soon a bounteous dinner was spread, and enjoyed as open air dinners are enjoyed.

After dinner the proceedings were opened by prayer by Rev. McBride, followed by singing by a quartette composed of Mr. and Mrs. Calvin, Mrs. Hadley and Mr. McCool. Mr. McBride made a speech, more music, a speech by Mr. Perry, music, then Mr. Cordeal gave an interesting epitome of the history of Red Willow county, with extracts of a dairy kept by Royal Buck, on the expedition of the founders of the county in 1871. And just here, it may be allowable to mention a subject of interest in connection with naming the town and county of which Mr. Buck writes in his dairy. In discussing the matter, the shape of the counties farther east being square and one leading town, as Clay Center, York Center, etc., it was considered more expedient to have this new county longer than wide, in order to allow for more than one large town.

The honored guest was Mr. G. B. Nettleton, who came the day before, from Colorado Springs, to be present. The venerable gentleman was invited to take part in singing one of the songs, which, though new to him, was sung with the old time expression and clearness of tone, which characterized his singing in early years. He was touched when the chataqua salute was given as he came upon the platform. Mr. Nettleton was our first county superintendent of schools and was so well known in other capacities, that he has a warm place in hearts of old settlers. He says he "is 84 years old and growing younger every day."

Some old friends were missed from their places, but many new ones came. Those from a distance were: G. B. Nettleton of Colorado Springs; Mrs. Jacob Longneck and three children from Fleming, Colorado; Mrs. J. E. Wilson of White Cloud, Kansas; Miss Mabel Gowing of Lincoln; Mr. Williams, wife and daughter, of Wauneta. "Bob" Williams was cordially greeted by old friends of early years, and many incidents were brought to mind, some sad, some pleasant. Among the latter was his strong, rich, melodious voice, in singing bass.

Mr. Cordeal's presence was pleasing and we are proud of our young senator, who takes such interest in the history of the county, which interest gives promise of culminating in something tangible from his researches.

Mrs. Taylor's toothsome chicken pie was in toothsome evidence, as usual, while Mr. Waddell's and Will Randel's water melons were furnished to all.

These annual picnics are conducive to making hearts warm towards each other and it is hoped will be kept up with increased interest.

The failure of the editor of the Tribune to attend will need a good excuse to be condoned.

The fire department Saturday evening about 5:30 answered a call to the McCook Greenhouse. No buildings were burned, but seven tons of hay were burned and damaged. A small boy and a match furnished the cause.

All grades of Oxford flour and each sack guaranteed at the McCook Flour and Feed Store.

Freshest fruits at Magner's.

The McCook Tribune, \$1.00 a year.

McConnell for drugs.

Matrimonial Trio.

Rev. R. T. Bayne officiated at the following weddings at the Congregational parsonage since our last publication:

Thursday evening, September 14th: Elliott Hyde and Lydia Klein, both of our city. Mr. and Mrs. L. W. Snow accompanied the Burlington company.

Saturday afternoon, September 16th, at 6 o'clock: Chester A. Rowin and Estherina Golden them. The groom is employed by Gates, both of Maywood, Nebraska. They were accompanied by Mr. and Mrs. Miles Gates, also of Maywood.

Sunday morning, September 17, at 10 o'clock: Arthur C. Helm and Miss Annetta Bennett, both of Red Willow. Irve Bennett was best man and Laura Anderson, the bride's maid. They were accompanied by about a dozen of their young neighborhood friends. They were passengers on 13, the same morning, for Colorado, on a wedding trip. The bride is a daughter of Scott Bennett and groom a son of John F. Helm, both well known farmers of the Red Willow neighborhood.

Moved City Offices.

This morning the office furniture and equipment of the city were moved into the basement of the city library building. The council chamber, city clerk and water commissioner's office will be located there for the present.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at last one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Take Hall's Family Pills for constipation.

THE NEW MODE IN TAILOR-ED SUITS.

Most women are preparing for cooler weather and planning their new fall suits. There is usually a feeling of satisfaction when one gets into a trim fall suit after the soft light dresses of the summer. A fine serge is always a practical material for general use, especially in dark shades of blue. The shops still show large revers on

Ladies' Home Journal Patterns Nos. 5687 and 5688

the best models, often of contrasting material or heavy lace, and they are expected to remain in favor for some time to come.

As shown on the model in the illustration, many of the newest collars are inclined to be small in the back, with large revers in the front. On a smart blue suit, a collar of this sort was recently seen developed in a rather wide val lace, gathered at the neck and tacked to within a quarter of an inch of the edge.

The model in the illustration was developed in a surah of satin with the collar of velvet, and the revers in front of dull gold satin embroidered in Oriental effect. It is a smart design for the tall slim woman, as the applied sections on the bottom of the coat and skirt tend to cut the height of the figure. It would make a most practical suit for general wear in a serge or rough cheviot, with the collar of velvet or satin to match and with fancy bone buttons on the trimming sections.

Running up and down stairs, sweeping and bending over making beds will not make a woman healthy or beautiful. She must get out of doors, walk a mile or two every day and take Chamberlain's Tablets to improve her digestion and regulate her bowels. For sale by all dealers.

You'll be delighted with the results of Calumet Baking Powder. No disappointments—no flat, heavy, soggy biscuits, cake, or pastry. Just the lightest, daintiest, most uniformly raised and most delicious food you ever ate. Received highest reward World's Pure Food Exposition, Chicago, 1907.

ANOTHER BANK STORY

Smith bought some pigs from his neighbor Jones. The price came to \$6.42. Smith paid Jones in cash, but as usual neither had the proper change, and Smith said; "Just make it even money." Smith lost 8 cents. Jones bought some pigs from his neighbor Johnson. The price came to \$6.42. Jones had his money in the bank and gave Johnson a check for the exact amount. Jones did not lose a cent. This is only one of the advantages of a checking account. Come in and let us explain further.
