Special on Hope Muslin.

This standard bleached muslin is perhaps the best value at 10 cents that can be found. If you will cut out this item and bring it to us not later than Saturday, Sept. 30th, we will give you one 10-yard cut for 69 cents. Don't expect to get it without bringing this coupon. The Thompson D. G. Co. Utmost values for cash.

In time of sickness you are interested as much as the physician in getting the best results from the medicines prescribed. No prescription is ever filled in our store without following out every detail carefully, and using nothing except just the remedies called for by the physician. You get just what the doctor wants you to have, and compounded in the most scientific and careful manner.

Bring your prescriptions to us day or night and they will receive our best attention.

"The Punkin Husker."
On Saturday evening, September 23, the Sutherland Stock Co. will present for the first time in our city, a new and popular four-act comedy, "The Punkin Husker." This play, as the title implies, deals with life on the farm and the simple story drawn from nature touches the heart as no other subject can. Denmon Thompson immortalized "The Old Homestead" which play has never had an equal since. Both plays follow nearly the same lines except that the author of "The Punkin Husker" has followed more closely the comedy side of the rural life. Lige, the country gawk, and Willie, the street waif, furnish two characters with but few parallels in the comedy world. If you wish to witness a good, clean wholesome moral play visit Temple Theatre, Saturday evening, Sept. 23rd, and see "The Punkin Husker."

Grave Lot Resold.

A lady by the name of Blake, from Iowa, was in the city, Tuesday, trying to locate the grave of a baby buried here in what is now known as the city cemetery but was at the time the remains were buried therein, property of H. C. Rider. The child was buried here about 25 years ago, being moved here from a farm up in Frontier county. By some clerical or other error, the same lot had been resold and at present the lot for which Mrs. Blake has the deed was occupied by the bodies of the two wives of Lovell Clyde, a fact over which Mrs. Blake was decidedly perturbed.

McCook Highs Go Higher.

The McCook high school will be more than commonly well represented in attendance upon higher educational institutions this fall. Among the number are: Gertrude Morrissey and Adaline Koller at Knox college, Galesburg, Illinois; Gertrude Suess at Mexico, Mo.; Margaret Thompson, Marie Smart Clara Kankin, Ed. O'Rourke, Roy Green, Baxter Austin, Fay Stagner and Florence Simmons to the Nebraska University; Joseph Moore, Jr., to the Wesleyan university at University Place.

Sommers-Rickards.

Mr. Edgar E. Sommers of Grafton, Neb., and Miss Jemima Rickards of Culbertson, Neb., were joined in marriage Wednesday a. m., at the Baptist parsonage, D. L. McBride officiating. The young people were accompanied by Mr. and Mrs. Asa Schlegel of northwest of town. They will make their home in Fillmore county, Nebraska.

W. T. Davis New Superintendent

The board of education has elected Supt. W. T. Davis of Beaver City to succeed Chas. W. Taylor in the superintendency of the McCook public schools.

There was a large list of strong applicants for the place, nearly all of whom made a personal canvass of the board for the position.

Supt. Davis comes to McCook with splendid record as school man. He is a graduate of the state normal school at Peru from the advanced course. He started in the profession with six years of experience in rural schools before going to the Normal. Since graduation from the normal Supt. Davis has held the superintendencies at Elmwood and Beaver City with increasing success in each case.

When Mr. Davis went to Beaver City five years ago, he found there a high school of 65 pupils with eleven grades of instruction. He has built it up till now the membership is 130, within a few of the McCook high school, with twelve grades, State University accreditation and full normal training work. Under his administration the Beaver City high school has come to high rank in debating, declamatory work and athletics, in all of which student activities Supt. Davis is a great pusher and enthusiast.

In these matters the McCook high school leads in Southwest

Nebraska. At the present time there is an enrollment of 133, the largest in the history of McCook high at this time of the year. This will undoubtedly increase to 160 before the end of the year. But what is more important than numbers is the fact that the high school is working together in a quiet, harmonious and enthusiastic manner in all activities and departments. Students and teachers seem to be united in the effort to make this the most successful year in the history of the McCook high school. Supt. Taylor is to be congratulated in being able to turn over the school to his successor in such an efficient and well organized condition.

Supt. Davis has been in town going over the work with Supt. Taylor for the past two days. Mr. Davis' family consists of a wife and one child. Mrs. Davis will spend the next month in packing and visiting relatives and friends in Lincoln and Peru before moving to McCook which will be about November 1st.

Board of Health Re-

The Board of Health last Monday sent samples of ice water, well water, milk and city water and a sample of water from the Driftwood, to Dr. L. H. Waite of Lincoln, for analysis, to determine if possible, the cause of typhoid fever.

Dr. Waite is the bacteriologist of the State University and reports as follows:

"That he finds the Driftwood sample, two samples of the wells, and the city water all classed as suspicious; one of the wells and the Driftwood water as unfit for use."

The milk and ice water contained no evidence of typhoid germs. The conditions about the Driftwood stream are unusually bad this year owing to the extreme long dry spell and when the large freshet came about August first it washed out all the accumulated impurities of almost a year. This water passed near the city wells and could easily have polluted our city wells as they are within 40 or 60 feet of the river. As the wells are kept well pumped out, the danger for the present may be passed, but as a precautionary measure, it would be advisable to boil all water used for drinking purposes for a time at least.

BOARD OF HEALTH.

Fifth Birthday.

Master Kenneth Miller entertained a party of about twenty little friends, Monday afternoon, at four o'clock, in celebration of his fifth birthday. Refreshments were served at five o'clock, and Miss Ruby Lineburg and Miss Pauline Burns assisted in entertaining the little folks, all of whom had a fine time. Master Kenneth was generously remembered by his young guests.

Silk Values.

Any estimate of silk values, to be satisfactory, must include an examination of our offerings, which begin with our celebrated "Leatherwear" black taffeta at 89c and embrace very attractive warp-printed novelties, satin mes-salines, peau de soies, etc. We invite your inspection. The Thompson D. G. Co. Utmost value.

Superb Fruit Specimens.

Wallace McMillen, who recently returned from Provo, Utah, where he has been visiting his brother Russell on a fruit ranch, brought with him some superb specimens of grapes, plums and peaches grown on his brother's farm, this season. The peaches are of such size that 36 of them, or 18 in a layer, will fill a crate. All the fruit is of fine flavor.

Return the Freezer Top.

The name of the party who gained entrance to the basement of the Bon Ton last Saturday night after 12 o'clock, taking away the top of a two-gallon freezer and two gallons of cream, is known. They may avoid exposure by returning the freezer top.
