THE McCook Tribune.

### The McCook Tribune.

#### Our Hearts Are There.

Respectfully dedicated to Frank Huber, attached to U. S. Steamer "Brilliant," of the Mississippi Squadron. Frank by name and Frank by nature, Word and Deed, by R. E. H. Levering, Lancaster, Ohio, Oct. 20th, 1864.

#### ALL-OUR FLAG IS THERE.

Our Hearts are there! Our hearts are there! With waving flag and deadly blow! Our Hearts are there, Our Hearts are there. The Conquerors of the Southern Foe. Our Country calls! We list the voice. With leaping soul and steered arm, Our Spirits in the fray rejoice.

With Battle Strength and Battle Charm. CHORUS—Our Hearts are there, etc.

Our Country's Dead of olden time, The Recent Slain on Southern Sod, Appeal our Hearts to deeds unflinching. For Home, for Country, and for God, We bid Farewell to every tie.

We echoing breathe the Patriot Flame, For these to fight for these to die, And shield our glorious Flag from Shame. CHORUS—Our Hearts are there, etc.

Though Doubt, and Fear, and Blood prevail, And brewing Clouds from foreign shores, Though Traitors with the foe assail, The Eagle Bird was made to soar, The Spirit our forefathers swayed, The Starry Flag the same endures, The same firm Trust on Heaven is staid, The final Victory shall be ours, CHORUS—Our Hearts are there, etc.

O let the mighty Tocsin sound, On every wind its accents fly, The East and West swift pass it round, The North and South repeat the cry, The Battle Hosts to Battle speed, In Union Strength and Union Heart, With Spartan Soul and Spartan Deed, To blaze their names on Glory's Chart. CHORUS—Our Hearts are there, etc.

Our Spirits for the Patriot Dead, Shall weep around the Nations Urn, Our Hearts shall to the Living speed, With Wreaths on Glory's Field they won, To distant Time the Truth shall spread, This Land is Heavens peculiar care, To Freedom true, to Victory led, As she moves her Conquering Car, CHORUS—Our Hearts are there, etc.

THE Nebraska Chautauqua Assembly at Crete, June 27th to July 4th, promises to be the greatest meeting ever held in the state. An excellent program has been made and everything done necessary to make it a success.

THE Oklahoma investigations are proceeding, but so far nothing has been found to positively criminate any United States deputy marshals in taking up land prior to the date fixed by the president. The investigation, however, is not yet completed.

THE street sprinklers of Lincoln have gone to law. One fellow procured license for some sixteen miles of streets, a part of which covered the territory claimed by another, which has led to the legal proceedings. The constitutionality of the ordinance is being tested.

TO SIT behind a three-minute horse hour after hour, would seem to be pretty fast traveling. The steamer City of Paris, which made such a wonderful run recently, averaged on some days 2 1/4 miles an hour, nearly a 2-40 gait the twenty-four hour through. And yet steamship builders are not satisfied. They want a 2-30 gait.

THE committee on trusts appointed by the New York legislature has reported that a trust is harmless as long as it remains a trust, but that as soon as it becomes a "corner" it is objectionable and ought to be suppressed by legislation. This work evidently exhausted the committee, for no legislation was outlined nor any remedies suggested.

THE people of Genoa, Italy, are already beginning preparations for the celebration in 1892 of the completion of the fourth century since the discovery of America by their fellow-townsmen, Mr. Columbus. They propose to celebrate the event in a unique manner, and one that is appropriate as well. The Municipal Council has been directed to confer with the National Government and to secure the construction at Genoa of a first class ironclad. This it is proposed to have ready for launching Oct. 8, 1892, that being the day of the month when Columbus landed at Salvador. The vessel is to christened the Cristoforo Colombo, and will be constructed in the best possible manner.

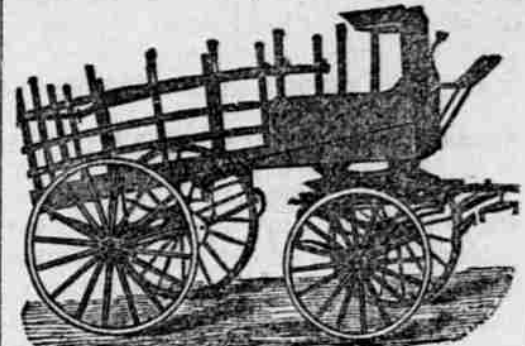

ARTICLES of incorporation of one of the largest companies ever formed in the state, were filed in the office of Secretary of State last week. The capital stock is \$1,000,000, divided into shares of \$100 each, and its object is to found a beet sugar factory in Lincoln county, about thirty miles south of North Platte. Nearly all the capital is foreign and comes from England and Nova Scotia. It has been found from analysis that some of the finest quality of sugar beets have been raised in this vicinity. The official analysis was sent to London, from thence to Germany and France. It was proclaimed by all to be the best percentage of sugar in beets ever heard of, being nearly 17 per cent., 5 per cent. above the average of Germany, France or England. Reports state that that quantity of beets should easily produce from 200 to 300 pounds of sugar per ton. It is creating great excitement in the old country. It is estimated that from 15 to 20 tons of beets can be raised per acre. The price paid for beets delivered at the factory will be about \$4.00. At this rate the farmer will make from \$60 to \$100 per acre from beets. This amount would be cash and beets would always have a ready sale. One man could care for ten acres of beets and do considerable other work in addition. Minden Ga.
