ROCKY MOUNTAIN NEWS.

Established 1859.

The Daily News, of seventy-two columns, has a capacity for reading matter equal to the large Eastern papers. It aims to furnish all the news of the day, complete in detail, yet concise in form. It is devoted to Western, and especially to Colorado interests.

Our SPECIAL TELEGRAPH SERVICE is superior to that of any other Journal west of St. Louis. The News employs more agents and pays more for special dispatches than all other Western newspapers combined.

The News is issued every day in the year. The Weekly News furnishes a compendium of every notable event, at home and abroad, with a liberal supply of choice, original and selected articles, specially adapted to family entertainment and instruction. It is the best weekly family newspaper published in the West.

A feature of both the Daily and Weekly editions of the News, of the first importance to the public, is our perfect system of market reports. The absolute reliability of our commercial department has long been recognized by the business men in the state, and every issue will continue to furnish a true reflex of the latest Kansas City, Chicago and St. Louis, as well as local quotations.

AN ADMIRABLE CYCLOPEDIA.

We are glad to note the appearance of Vol. XXV. of Alden's Manifold Cyclopedias; a most admirable work, now rapidly approaching completion. Among the countries, states and cities we find treated in this volume are: Montenegro, Montreal, Moravia, Moscow, Morocco, Munich, Naples, Nashville, Nassau, Nebraska, and Netherlands. In the line of biography, we have Montesquieu, Montgomery, the poet; Moody, the evangelist, with an account of the Northfield seminary and the Mount Hermon School for Boys; Sir John Moore; Hannah More; Sir Thomas More, author of Utopia; Moreau and Murat, the great generals; Gouverneur Morris and Robert Morris; Oliver P. Morton, Indiana's great war-governor; John Lothrop, the historian; Valentine Mott; Murillo, the painter; Lindley Murray; Nansen, the explorer; Napoleon Bonapart; Neander, the church historian; Nelson, the admiral; and many other eminent men. Among the hundreds of topics coming under the head of general information, we notice: Moon; Mormons, 13 pages; Mortality, Law of, with useful tables; Motion, 6 pages; Movement Cure; Music, about 18 pages; Mythology; Nationalism; Navies, a valuable article; Negro; Neo-Platonism; Nervous Diseases, Nervous System, 16 pages; and Neuralgia. The whole field of human knowledge is comprehensively covered, the subjects have been well brought down to date, and there are numerous illustrations. One of the best things about this magnificent work is the fact that the prices are extremely low (75 cents a volume for cloth binding, \$1.00 for half-Morocco), and the publishers are offering such wonderfully easy installment terms as to bring it within the reach of every one. Send for free specimen pages. John B. Alden, Publisher, New York Chicago, and Atlanta.

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking ten bottles found herself sound and well, now does her own housework and is as well as she ever was. Free trial bottles of this great discovery at A. McMillen's drug store. Regular sizes 50 cents and \$1.00.

Extend sympathy to some people and they begin to cough all the more loudly to show how bad they are.

Happy Hoosiers.

Wm. Timmons, postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from kidney and liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best kidney and liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength, good appetite and felt just like he had a new lease on life. Only 50 cents a bottle at A. McMillen's drug store. 25-lmo.

A good deed is never lost; he who sows courtesy reaps friendship, and he who plants kindness gathers love.

Worth Knowing.

It is not the cough that kills but what it leads to—cough, colds and bronchitis are always cured by Humphreys' Specifics Nos. one and seven, being used by thousands with the most triumphant success.

Never get into a rut—it is hard to turn out for your enterprising, wide-awake contemporaries to pass by you.

INDIANOLA.

A. J. Rand is editor-in-chief on the Courier.

Union service at the M. E. church, Thanksgiving day.

Attorney Snavelly went down to Lincoln, Tuesday evening.

A large number of Lebanonites were in the city, the past few days.

Postmaster General Peterman still adheres to his republican faith.

Treasurer-elect Henton was over from the Beaver, fore part of the week.

The World-Herald man worked this town for fourteen copies of the daily.

Joe Dolph of Danbury was doing business in the county-seat, Monday.

The Bret Harte Literary Club will give a public entertainment in the near future.

S. R. Smith in digging a well near his house claims to have found a good quality of ochre.

District Court Reporter Gibbs came in over the short line from St. Louis, Tuesday evening.

Starr, Snavelly and Smith have been employed by Burt and Bennett in election contest.

The Masonic lodge of this city is furnishing aid to large number of members living in the country.

The way the janitors of the M. E. and Congregational churches ring the bells is quite enough to cause one to yell fire.

The Grange store that has been flourishing in Indianola for the past year like a green bay tree has gone into winter quarters.

C. H. Crocker, one of our most progressive farmers in this section of the county, has moved to the eastern part of the state.

Danbury is without a drug store. Consequently there is an uneasy feeling there least someone should get bitten by a snake.

As near as can be ascertained there are but sixteen of "the relation" now in the county and so the "Indianola ring" has gone glimmering.

A large crowd gathered in town on Tuesday and Wednesday to attend the auction sale going on at the Grange store, under the supervision of Deputy Sheriff Crabtree.

Edward Parks of Red Cloud, brother of Mrs. C. S. Quick, on his way back from Denver where he had been as a delegate to the K. of L. convention, stopped off for a few days with Mr. Quick and family.

Almost everyone had forgotten about the Indianola ochre and so we were greatly surprised, a few days ago, when Mr. Lamburn told us he had received an order for ten car loads. Work will commence in the mine, January 1st.

There was a joint discussion at the M. E. church, Tuesday night, of the question whether or not women should be admitted to the general conference. Scripturally the argument was good enough, practically it hardly reached the home base.

Whenever Attorney Captain Frank Strout has a case before a county justice he packs Colonel's old grip with rags and lugs it into the presence of the court, when the opposing counsel runs off and hides in the bunch grass and the hairs of the justice turns white in less than a minute.

Attorney Frank Selby of Cambridge came up Saturday, to file papers with the clerk of the district court, said to be petitions for the foreclosure of real estate mortgages. Incidentally, Col. Frank is an advocate of "squatter sovereignty" and will remain in Cambridge 'till the heavens fall or the Bartley canal bonds are declared illegal by the highest court in the land.
