WHAT IS SAPOLIO?

It is a solid handsome cake of scouring soap which has no equal for all cleaning purposes except in the laundry. To use it is to value it.

What will SAPOLIO do? Why it will clean paint, make oil-cloths bright, and give the floors, tables and shelves a new appearance. It will take the grease off the dishes and off the pots and pans. You can scour the knives and forks with it, and make the tin things shine brightly. The wash-basin, the bath-tub, even the greasy kitchen sink will be as clean as a new pin if you use SAPOLIO. One cake will prove all we say. Be a clever housekeeper and try it.

BEWARE OF IMITATIONS. THERE IS BUT ONE SAPOLIO; ENOCH MORGAN'S SONS CO., NEW YORK.

A. KALSTEDT

CENTURY NOTES.

Poultney Bigelow, who was a schoolmate of the German Emperor, will contribute an article to the Midsummer (August) Number of the Century on the first three years of the Emperor's reign—the third anniversary of his ascent to the throne having taken place on the 15th of June. Mr. Bigelow believes that "since Frederick the Great no king of Prussia has understood his business like this emperor," and in this article he gives what he considers the secret of the power of William II. with his people, and incidentally contributes many facts regarding his life.

This number of the Century will be especially rich in illustrated articles and complete stories, and the illustrations of Mr. Bigelow's paper will include a number of views of the palaces at Berlin and Potsdam, and engraved portraits of the Emperor and Empress will form a double frontispiece.

NORTH DIVIDE NUBBINS.

Corn, although somewhat backward, is making a rapid growth and looks very promising.

Miss Emma Haulein is attending the teachers' normal at Bartley. She expects to be absent from home the remainder of the summer.

The heavy wind and rain storm of Sunday evening last did considerable injury to a number of pieces of small grain in this immediate neighborhood.

Small grain is being taken care of with all possible haste, and those farmers who are fortunate enough to possess a self binder are kept busy almost day and night—Sunday's included.

Joe Sanders had quite a misunderstanding with a large weed in his corn field, the other day, and while trying to exterminate the same it seems he exhibited too great an amount of strength and was landed more or less unceremoniously against his cultivator. His expressions about this time were of a choice jocund nature. CONSTE.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve and his leg is now strong and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. A. McMILLEN.
