BLAINE LOOMING UP AGAIN.

Senators Washburn and Cameron Leave That He Will Run.

WASHINGTON, May 23.—Senator Washburn of Minnesota said yesterday in the most positive terms: "There is no doubt now that Mr. Blaine will not refuse the nomination if it should be tendered to him at Minneapolis."

The Dakota, Colorado and Pennsylvania senators, all of whom have talked with Mr. Blaine recently, say the same thing and now all the Republican gossip is on that matter.

The story goes that Senator Cameron saw Mr. Blaine recently and put the matter before him in about the following words:

"Mr. Blaine, the Republican party is going to nominate you at Minneapolis. It will not be until it becomes plain to all that the renomination of President Harrison is out of the question. I came simply to ascertain whether, under those circumstances, you will decline the nomination and leave the party in a hole. It will not be tendered to you as against Mr. Harrison, but because you are the man to save the party at this time."

Mr. Blaine's reply was very much in words like these, as nearly as Senator Cameron can quote them: "I don't want to be president. I want to retire to private life and enjoy the balance of my days. If I were at the white house every Republican and Democrat in the country who came to town and wanted to see a president would come and see me, for I always like to see anyone who wants to see me. I would be worn out, I am afraid."

"But you do not answer my question," persisted the senator.

"Well," said Secretary Blaine, "if that does not answer your question satisfactorily you must have the party do it."

Frank Hutton on the Situation. WASHINGTON, May 23.—This is the way Frank Hutton looks editorially today upon the Blaine boom: "We have the best of reasons for believing that Mr. Blaine would be unspcakably gratified were he to receive the spontaneous nomination of his party at Minneapolis. Whether he would accept it we do not know. It is our belief that he would, but we wish to assert that only which we have unquestionable reason for asserting, and hence confine ourselves to the single statement that the nomination coming to him unsought and in disregard of his disclaimer would be an infinite pleasure and consolation."

JERRY MAY RETIRE. The Noted Kansas Alliance Congressman Thinking of Declining Renomination. WASHINGTON, May 23.—The Post prints this to-day:

It will be surprising news to know that Jerry Simpson, the Third party Moses who came to congress as the advance guard of the Third party, and who has held aloft its banner with many strange devices has determined not to be a candidate for renomination. He has written some letters to prominent members of his party in his district, intimating this intention, and a member of the party to whom he showed the letter is authority for the statement that his withdrawal is flat-footed.

"Yes," said Mr. Simpson, yesterday, "I am considering the matter, and the probability is that I will not be a candidate for the renomination, although I could be nominated and elected easily. I came here in the first place without seeking the office, and in congress I have endeavored to do what I could to advance the interests of my party. I have written my friends that I think I can do more good by lecturing and stumping other territory, and although that would be a sacrifice, I am inclined to think that my work would be more effective conducted in that manner. My decision is not final and will not be until I consult my friends at our coming state convention."

MRS. HARRISON'S TRIALS. The President's Wife Afflicted With One Sickness After Another. WASHINGTON, May 23.—In view of the confirmation in some instances of the alarming reports which have recently appeared concerning the condition of Mrs. Harrison's health, Dr. F. A. Gardner, her physician, was requested by the Associated press to state the facts. He said that Mrs. Harrison was suffering from complete nervous exhaustion, which was the result of three years' attention to the exacting social duties of the white house. She had an attack of the grippe. It was particularly severe and tenacious and from it developed bronchitis. While in this condition she caught cold, this brought on bronchial pneumonia. Other severe and trying complications followed. Low malarial fever set in and it was several days before its weakening and wasting force could be broken and hardly had she begun to mend before an attack of rheumatism added to its exhausting, enervating influences to what preceded it. While her condition is not in any sense alarming it will be many weeks before she has fully recovered.

The Only Alliance Daily Sold. EMPORIA, Kan., May 23.—The Emporia Gazette, the only Alliance daily in the state, has changed hands. J. R. Graham, who established it, retired with last evening's issue and W. Y. Morgan, formerly of the Strong City Republican, took hold to-day. Graham, in last evening's issue, says that financial difficulties were the cause of the change and that he does not consider himself under any obligations to the People's party who failed to support him. Morgan will make it a strictly Republican paper.

The Question of Your...

And we are glad to see that you are so interested in the question of your health. We have a remedy for you that will give you relief from all your troubles.

This is a Good Crop Year. Said Mr. N. K. Grigg, the editor of the Beatrice Express: "I don't worry about the weather. We had a very dry year in 1890. Corn was not planted until June, and it was a fair crop while wheat was magnificent. I was doing a little farming myself that year, and the yield of my wheat was thirty-five bushels to the acre. There is nothing discouraging in that situation. Gage county will have big crops this year."

A Safe Investment. Is one which is guaranteed to bring you satisfactory results, or in case of failure, a return of purchase price. On this safe plan you can buy from our advertised druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of the Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon. Trial bottles free at A. McMillen's drug store.

May Thirtieth. This day is the ex-soldiers' time of mingled pride and sorrow. The modest monuments in the cemeteries are more suggestive to them than to any one else. They bring to mind the heroic days which have been and signify much of that which with each and all is soon to be. They suggest rest and quiet—a blissful bivouac in the peaceful plains of paradise. They look back to the time when the quick and the dead stood together amid the cyclone of the war and then think of the intervening years of struggle, and smile at the hope of the meeting under the trees on the warless shore.

Shiloh's Consumption Cure. This is beyond question the most successful cough medicine we have ever sold, a few doses invariably cure the worst cases of cough, croup and bronchitis, while its wonderful success in the cure of consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10c, 50c and \$1. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. Sold by A. McMillen.

Merit Wins. We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. A. McMillen, druggist.

The Cleveland boom at present is enjoying life in clover, and if it keeps on growing it will be as fat as Grover.

An Expensive Shine.

A tailor would have sized his waist measure at forty-eight inches, and as he stepped out of a commission house on South Water street there was a wild, hunted look in his face.

"Say," he observed to an acquaintance next door, "you've heard that 'economy was wealth'—that a penny saved is a penny earned"—and a whole lot of other rubbish, haven't you?"

"Well, yes," and in the admission there was an inflection of the voice asking what of it.

"You have, hey? Well, it's all lies—every bit lies. Economy means bankruptcy if you aren't careful."

"What's the matter now?"

"Matter?" and there was a whole volume of minion solid in the exclamation. "Why, just now to save a nickel I tried to black my boots. At the first brush my eye glasses dropped off and broke on the floor. The next rip I made I broke a suspender and now I notice that in stooping over I've busied three fifteen-cent cigars into smash. That shine cost me \$3 at the least and it isn't half a shine, either."

Then the fat man kicked himself twice, went back into his office and fired the errand boy who owned the blacking kit.—Chicago Mail.

Chamberlain's Eye & Skin Ointment. A certain cure for Chronic Sore Eyes, Tetter, Salt Rheum, Scald Head, Old Chancres, Sore Feet, Sore Throat, Itch, Prairie Scarcities, Sore Nipples and Piles. It is cooling and soothing. Hundreds of cases have been cured by it after all other treatment had failed. It is put up in 25 and 50 cent boxes. For sale by George M. Cheney.

There is one remedy which every family should keep at hand. Mr. John Carpenter, of Woodland, Indiana says of it: "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy for diarrhoea and severe cramps, and pains in the stomach and bowels, with the best results. In the worst cases I never had to give more than the third dose to effect a cure. In most cases one dose will do. Besides its other good qualities, it is pleasant to take." Twenty-five and fifty cent bottles for sale by George M. Cheney.

Some of the Grand Army boys may be interested in the following from Alex. B. Pope, A. D. C. Commander Dep't Tennessee and Georgia. He says: "We have had an epidemic of whooping cough here (Stewart, Tennessee), and Chamberlain's Cough Remedy is the only remedy that has done any good." There is no danger of whooping cough, when this medicine is freely given. It completely controls the disease. Fifty cent bottles for sale by George M. Cheney.

Every family should be provided with some reliable remedy for bowel complaints. The want of such an article is the cause of much suffering, especially during the summer months. In almost every neighborhood someone has died, with cramp or cholera morbus, before medicine could be procured or a physician summoned. A fair trial will satisfy you that Chamberlain's Colic, Cholera and Diarrhoea Remedy is unequalled for those diseases. It is also a certain cure for dysentery and diarrhoea. When reduced with water and sweetened, it is pleasant to take. Children like it. For sale by George M. Cheney.
