

The National Democratic Convention.

CHICAGO, JUNE 21, 1892.

THE Samoset Club of Omaha has arranged for a Special Train to Chicago by the Burlington Route, leaving Omaha, 7 p. m., Saturday, June 18, and arriving in Chicago early the next morning. The special train will be composed of Vestibuled Sleepers & Reclining Chair Cars, and will be run through solid; it will carry the principal Democrats of Nebraska, who, with the members of the Samoset Club and friends throughout the state will act as an honorary escort to Governor Boyd. The Samosets will be met upon arrival in Chicago by the Reception Committee and escorted to their Headquarters in the Sherman House, where an entire floor has been reserved for their exclusive use; reduced rates have been arranged for.

The Samosets extend to their brother Democrats in Nebraska a cordial invitation to attend the convention with them.

Railroad tickets will be sold from all stations at half regular rates, June 16-20, and are good to return until July 6. Purchase tickets at your local station through to Chicago and return and join the Samosets in Omaha on the evening of the 18th. Inquire of local agent B. & M. R. R. for further information.

Address all requests for sleeping car berths, hotel accommodations, etc., to

The question of licensing engineers is being so agitated in every state in the Union that within a short time, for the protection of human lives, it will be impossible for any one intrusted with steam to hold or secure a situation without passing a rigid examination and obtaining a license. Stephenson's Illustrated Practical Text has been published to aid engineers preparing to pass such examination, and as it embraces all the questions asked on the Boiler, Pump, Engine, Dynamo, Corliss Engine, &c., it has already met with such a demand that it is now in its fourth edition. This work, which only costs one dollar, can be obtained of the publisher, Walter G. Kraft, 70 La Salle Street, Chicago.

COLUMBUS believed the solid part of the sphere to be larger than the liquid part, and the distance by the sunset road between the East Indies and western Europe to be less than it is. But in those two capital errors lay the great incentive to the execution and success of his purpose. Had he known the vast planetary spaces covered by the waters; the continent interposed between his own Europe and the land of diamonds, gold, and spices; the difficulty and peril of the passage yet to be braved in the far regions of the antarctic pole in order to sail from our continental Europe to the oriental Indies by the western way, he would perhaps have shrunk back in alarm and dread.—The Century.

THE house of representatives has passed a bill to classify and prescribe the salaries of railway postal clerks which, if it becomes a law, will materially better the condition of those hard-worked public servants. It establishes six grades in the service and the salaries range from \$800 up to \$1,800. The life of a railway postal clerk carries with it many risks, and the character of the service ranks among the highest under the government. The men are deserving of the proposed increase of salaries, and they are fortunate in the fact that it is so generally recognized in congress.

"Tales From Town Topics, No. 4," which has just appeared, is even brighter and gayer than the previous numbers of the series, as befits the season. It is a summer book of the happiest sort, and will doubtless add zest and excitement to many an idle hour in the hands of pretty misses and there attendants.—Town Topics, 21 West Third Street, New York.

ROARING, CRACKLING AND BUZZING.

Catarrh of the Middle Ear.

Catarrh of the middle ear, even after serious deafness has been produced, is curable by a faithful use of Pe-ru-na. Mr. Fredrick Bierman, of McCook City, Miss., had chronic catarrh very badly for many years. The disease finally passed up the eustachian tube into the middle ear, and had almost destroyed his hearing. He has been taking Pe-ru-na but a short time, and his catarrh is very much better, and he hears again as well as any one.

Mr. W. D. Stokes, Baton Rouge, La., writes: "I had chronic catarrh very badly, noise in the ears, and nearly deaf. I used your Pe-ru-na according to directions and am now well; can hear the tick of a watch ten feet. Your Pe-ru-na is a wonderful medicine."

Mr. J. W. McRobert, of Mason, Mich., box 156, writes February 25, 1891: "My wife has been afflicted with catarrh of the head for fifteen years, and was cured by taking three bottles of Pe-ru-na."

The eustachian tubes, are small tubes about two inches long, leading from the upper and back part of the throat to the middle ear.

If anything happens to obstruct the eustachian tubes hearing is very much impaired, if not entirely destroyed. Catarrh of the throat most commonly follows up these little ducts to the middle ear, thickens their mucous linings so as to completely or partially close them up, producing partial deafness. The roaring and crackling sounds which catarrh subjects so frequently complain of is due to the spread of catarrh to these tubes.

Pe-ru-na is the best, if not the only remedy that will cure these cases. Taken regularly according to the directions on the bottle the symptoms gradually disappear until a complete cure is the result. In some cases it takes months to effect a cure, while in others only weeks are required.

Colds, coughs, bronchitis, sore throat and pleurisy are all catarrhal affections, and consequently are curable by Pe-ru-na. Each bottle of Pe-ru-na is accompanied by full directions for use and is kept by most druggists. Get your druggist to order it for you if he does not already keep it. A pamphlet on the cause and cure of all catarrhal diseases and consumption sent free to any address by the Pe-ru-na Drug Manufacturing Co., Columbus, O.

If The Tribune is rightly informed there is not a farmer on the republican delegation to the Minneapolis convention from Nebraska and it regards this, if true a great mistake—perhaps the result of inadvertency rather than a premeditated insult to that class—but a mistake all the same. It is undoubtedly true that these slights are largely to blame for the secession of so many farmer republicans from the republican party and their going into a new party. Both the old parties are to much given to snubbing the bone and sinew of the two organizations by giving everything possible to others. While heartily supporting the republican party candidates, when they are honest and capable and fairly and honestly nominated, The Tribune protests against all such discrimination and asks for a just and fair distribution of the offices, positions and emoluments of the party.—Hastings Tribune, Rep.

Prof. Lewis M. Haupt, Director of the Civil Engineering courses at the University of Pennsylvania says that a good average road, through a rolling country, should never cost over \$7,000 per mile and frequently not over \$2,000. And the expenditure pays. To pull one ton on macadam costs just one-half as much as on hard dirt, and a fourth as much as on sand. It is estimated that in England improved roads have made it possible for three horses to do the work formerly done by four, thus saving \$100,000 annually. It is also stated that with improved roads, the farm produce of Illinois could be hauled for \$15,000,000 per annum less than now, and that \$160,000,000 would be added to the value of the farms.

Happy Hoosiers.

Wm. Timmons, Postmaster of Idaville, Ind., writes: "Electric Bitters have done more for me than all other medicines combined, from that bad feeling arising from Kidney and Liver trouble." John Leslie, farmer and stockman, of same place, says: "Find Electric Bitters to be the best Kidney and Liver medicine, made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and don't care whether he lives or dies; he found new strength good appetite and felt just like he had a new lease on life. Only fifty cents a bottle at A. McMillen's drug store."

La Grippe Again.

During the epidemic of La Grippe last season Dr. King's New Discovery for Consumption, Coughs and Colds, proved to be the best remedy. Reports from the many who used it confirm this statement. They were not only quickly relieved, but the disease left no bad after results. We ask you to give this remedy a trial and guarantee that you will be satisfied with results, or the purchase price will be refunded. It has no equal in La Grippe, or any Throat, Chest or Lung Trouble. Trial bottles free at A. McMillen's drug store. Large bottles, 50 cents and \$1.00.

A Good Suggestion.

From the Dubuque (Iowa) Telegraph.
The adjoining of the impeachment court last Saturday on account of Gen. Weaver's belly-ache, cost the people of this commonwealth nearly \$500, one dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy would have saved this expense; and we suggest, as a matter of economy and humanity, the state provide against future contingencies of this nature, by furnishing each senator with a bottle of that valuable remedy. 25 and 50 cent bottles for sale by George M. Cheney.

Just as sure as hot weather comes, there will be more or less bowel complaint in this vicinity. Every person, and especially families, ought to have some reliable medicine on hand for instant use, in case it is needed. A 25 or fifty cent bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy is just what you ought to have and all that you would need even for the most severe and dangerous cases. It is the best the most reliable and most successful treatment known and is pleasant to take. For sale by George M. Cheney.

Are you troubled with corns or bunions? If so, let us give you a little advice. Pare them down as closely as possible without drawing blood; then soak them in warm water to soften them and apply Chamberlain's Pain Balm twice daily, rubbing them vigorously for a few minutes at each application. A corn plaster should be worn for a few days to protect them from the shoe. As a general liniment for sprains, bruises, lame back or rheumatism, Pain Balm is all that can be desired. 50 cent bottles for sale by George M. Cheney.

The Parisian Fashion Journals
"La Mode de Paris" & "Album des Modes," so well known as the publications giving the choicest of Paris styles one month in advance of all other journals, appear to be growing just a little too popular. The demand for them is growing so rapidly that the publishers, A. McDowell & Co., 4 West 14th Street, New York, have found it difficult to keep up with the increasing demand each month. They claim the American ladies are now buying their journals to such an extent that most of the news-dealers are entirely out of them by the fifth of the month. As all the plates are made in Paris by the best artists, the publishers claim that it requires considerable to catch up with such an increased demand. We agree with our lady friends that these are superior fashion journals. We suggest to them to become regular subscribers, thus making sure of receiving their journal each month, and securing that valuable book, "Dressmaking Simplified," that is given as a premium to each subscriber paying \$3.50 in advance for either "La Mode de Paris" or "Album des Modes" for one year. You may place the order through your news agents or send direct to publishers.

The Question of the Hour,
And one that is frequently asked Mr. Wisdom, "what is it in your Robertine that produces such a delightfully cooling and refreshing sensation and adds a most delicate tint to the complexion?" to which we answer: It is a combination of rare and harmless ingredients scientifically prepared. There enters into the composition of this article ingredients which have never before been used in preparations of this kind, hence the effect is so strikingly different from that produced by all other toilet remedies. The powders used in the composition of Robertine are all of the very smoothest and finest division it is possible to produce, further more each and every ingredient must stand the crucial test of chemical purity, insuring freedom from all foreign and deleterious substances. Thus with rare and harmless ingredients of the very finest division it is possible to make, all of absolute purity and combined with scientific precision, it is but natural that we should produce a superior article and one that has long been aptly termed the "Peerless Beautifier." 51-4ts.

Literary Notes.
The June number of "Romance" contains sixteen original and selected stories of remarkable ability and even merit, stories of America, England, France, Spain, Russia, India and high seas. The balance between grave and gay, the wild and the reasonable, is admirably maintained. One sheds a tear over Guy de Maupassant's terrible description of "Fear" and hastens through "The Thief in the Grange," "Running a Slave Ship," and others like them, in order to reach the solution of their clever mysteries. Of special interest is the production, for the first time in English in this country, of "The Song of the Swan," by Georges Ohnet. This distinguished Frenchman, whose popularity in his own nation is phenomenal, is too little known in America. This magazine is issued by Romance Publishing Company, Clinton Hall, Astor Place, New York. The price is 25 cents a copy; subscriptions, \$2.50 a year.

SHERIFF'S SALE.
By virtue of an order of sale directed to me from the district court of Red Willow county, Nebraska, on a judgment obtained before J. E. Cochran, judge of the district court of Red Willow county, Nebraska, on the 11th day of December, 1891, in favor of the Clark and Leonard Investment company as plaintiffs, and against Jennie Walters and John Green et al, defendants, for sum of one hundred and forty seven dollars and sixty seven cents, (\$147.66) and costs taxed at twenty-nine dollars and seventy-eight cents, (\$29.78) and accruing costs, I have levied upon the following real estate taken as the property of said defendants, to satisfy said judgment, to-wit: The northeast quarter of section 31, township 3, north of range 20, west of the 6th P. M. in Red Willow county, Nebraska. Will sell said land subject to Chas. E. Yates, mortgage of \$500. This mortgage having been assigned to C. E. Yates by plaintiffs. And will offer the same for sale to the highest bidder, or cash in hand, on the 6th day of June, 1892, in front of the south door of the court house, in Indianola, Nebraska, that being the building wherein the last term of court was held, at the hour of one o'clock P. M., of said day, when and where due attendance will be given by the undersigned. E. R. BANKS, Sheriff of said county. Dated April 28th, 1892.

SHERIFF'S SALE.
The Iowa Mortgage Company, plaintiffs, vs. Robert P. Smith and Diania S. Smith, defendants.
Whereas in the above entitled action pending in the district court of Red Willow county, Nebraska, for the foreclosure of a mortgage upon the following described real estate to-wit: The southeast quarter of section number six, in township number four, north of range thirty, west of the sixth P. M., in Red Willow county, Nebraska. The said Iowa Mortgage company on the 17th day of March, A. D. 1892, obtained a decree of foreclosure and sale of the above described real estate, and whereas an order of sale as provided by said decree has been issued to me commanding me to appraise, advertise and sell according to law the above described real estate. Now, therefore, notice is hereby given that I will on Monday, June 6th, 1892, at the hour of 2 o'clock, P. M., at the front door of the court house at Indianola, Red Willow county, Nebraska, sell said real estate at public auction to the highest bidder for cash in hand to satisfy said decree then due thereon in the aggregate being the sum of \$740 and \$31.83 costs and accruing costs. Dated May 4th, 1892. E. R. BANKS, Sheriff of said county.
