

THE NEW MEN STRIKE

DOUBLE PAY WANTED FOR SUNDAY WORK.

NEW SWITCHMEN MAKE DEMANDS.

Pending Settlement They Resume Work
—The Engineers and Firemen Not Likely to Be Involved in the Trouble—A Pennsylvania Militiaman Accidentally Killed
—Dynamite Blown Up.

BUFFALO, N. Y., Aug. 25.—The night force of the New York Central switchmen employed at East Rochester struck at 4 o'clock this morning, demanding double pay for Sunday work. When the day force entered the yards they refused to go to work. Assistant Division Superintendent Gould consulted with the men and they decided to go to work, pending a settlement of their grievance by the heads of the road at New York. All are at work now.

Chief Arthur of the Brotherhood of Engineers has not arrived in the city and has, it is said on the best authority, notified Grand Master Sweeney of the Switchmen's order that it "will be impossible" for him to be present at the proposed conference. This is construed to mean that the engineers will not co-operate in a sympathetic strike and that, therefore, Grand Master Sweeney of the firemen will not order out his men. The Western New York & Pennsylvania, whose switchmen went out Monday, has partially replaced the strikers and is handling some traffic to-day. Lackawanna, whose men struck yesterday, claims to have new switchmen close at hand, and the Buffalo, Rochester & Pittsburg, whose men also walked out yesterday, is putting on new men. On the other roads where twelve days ago there was a strike there is no trouble and traffic is moving about as it did a month ago.

Four riotous strikers were to-day arraigned, not before the police justice, as is usual in such cases, but before Judge Green of the supreme court, and committed to await the action of the grand jury.

Early this morning a Lehigh Valley engine was backing a train to Buffalo when it struck a sleeping soldier, John Delehanty of company D, Twelfth regiment. He was taken to the Emergency hospital.

Sheriff Beck says: "Under the present circumstances it would be unwise to remove any of the troops. We are getting the most serious part of the business."

The ante mortem statement of Thomas Manaher was taken this morning. He said he had been a switchman for the Buffalo Creek railway; was a native of America and was 31 years old. He was standing at the corner of Ganson street and the turnpike early last evening with four or five men. He struck one of the men working on the Lehigh Valley road and the man fired two shots at him from a revolver. Neither took effect. Then the soldier shot him. He declared that he attacked the switchman because he had taken his place.

ALBANY, N. Y., Aug. 25.—Governor Flower issued a proclamation to-day in which he says: "I direct the attention of the people of the state to the penal code relating to the interference with the running of trains." He offers a reward of \$100 to be paid on the arrest and conviction of each person who shall during the next thirty days violate the provisions of the penal code relating to railways.

MASSACHUSETTS.
NASHVILLE, Tenn., Aug. 25.—Supplies and clothing are being sent from this city to the soldiers at Coal Creek, as their stay is indefinite, especially since the indications are that the convicts will be returned to the mines in a few days.

The preliminary examinations of the men concerned in the riots began this morning and will continue indefinitely. Only two or three prominent insurgents remain at large. James Fowler and Charles J. Sawyer have been retained by the state to assist in the prosecutions.

The Tennessee Coal, Iron & Railroad company has notified the prison board that it is ready to comply with their lease contract to the letter provided its property is protected. It will also agree to conciliation on fair and equitable terms if it be desired.

A Carload of Ingots Blown Up.
PITTSBURG, Pa., Aug. 25.—A car loaded with ingots, consigned to Carnegie & Co., was blown up with dynamite or some other high explosive on a sidetrack of the Allegheny Valley railway at Thirty-fourth street early this morning. No one was near and the fragments which were scattered in every direction did no injury. The explosive was placed under the car while police guards were within a few feet of the track, yet they did not know of it until the explosion occurred and have no clue to the perpetrators.

New England Money for Homestead.
NEW YORK, Aug. 25.—Hugh O'Donnell, the Homestead labor leader, who has been making a tour of New York and New England to collect funds for the relief of the locked-out men at Homestead, is resting on Staten Island. He visited Toronto, Buffalo, Syracuse, Lockport, Utica, Albany, Boston and New York. In New England he raised \$17,000.

A Soldier Accidentally Killed.
PITTSBURG, Pa., Aug. 25.—Jerry Benninghoff of company K, Fifteenth regiment, on guard at Homestead, was accidentally shot by a revolver in the hands of one of his companions to-day. He died from internal hemorrhage about one hour and a half after the accident.

THE STRIKE ENDED.

Grand Master Sweeney Gives Up the Ghost.

BUFFALO, N. Y., Aug. 25.—A four hour conference was held last night between Grand Master Sweeney, Grand Master Wilkinson, Grand Master Sargent and Grand Chief Clark. After leaving the conference Grand Master Sweeney and Local Master Moriarty of the switchmen called together the committee that has been conducting the strike and at 11 o'clock it was reported a statement would soon be ready. As early as half past ten there was a camp of newspaper men on the fourth floor of the Genesee hotel before the door of 153, the quarters that have been the home of the switchmen's chief during his stay in Buffalo. Shortly after 11 o'clock the door was opened and the waiting throng entered. The statement of the end of the strike made verbally by the grand master, was in substance as follows:

"The duly authorized committee have declared the strike off at midnight and I have sanctioned their decision. Five hundred and fifteen switchmen cannot cope with twelve big railway corporations, and 8,000 militia and succeed. We have made a strong fight and lost."

As soon as the news began to spread over the city, which it did very rapidly, in spite of the storm, there was a general rejoicing. The immediate withdrawal of the troops is not expected, as it will take more or less time for a complete restoration of quiet and the cessation of the guerrilla-like attacks to which non-union men and soldiers are subjected.

Dragged by His Horse.

ST. EDWARDS, Neb., Aug. 25.—Hiram Abbot, one of the early settlers in this vicinity, was thrown from his horse yesterday morning and seriously, if not fatally, injured. While dismounting his foot caught in the stirrup and the horse ran, dragging him several rods. He struck a tree which broke the strap, leaving him lying on the ground, where he was picked up and taken to the house in an unconscious condition. He seems to be hurt about the head and lungs which are filled with blood. Mr. Abbot is one of the most prosperous and influential citizens, a member of the grand army, and the sad accident has cast a feeling of gloom over the community. It is feared he cannot recover.

Nebraska Knights Complimented.

KANSAS CITY, Mo., Aug. 25.—Major General Carnahan, of the uniform rank, reviewed all the Pythian bodies in camp. The bearing of the knights was highly pleasing to the commanding general. The Nebraska brigade especially showed up in fine form and after the review General Carnahan personally congratulated the officers of the brigade upon the correctness of their marching, and remarked that it was the only brigade in the line that passed the inspector without the discovery of a flaw. Mona division, No. 24, of Kearney, Neb., attracted special attention by reason of its marching and its general military bearing.

Run Over by the Cars.

NORFOLK, Neb., Aug. 25.—Yesterday a farmer living near the F., E. & M. V. railroad track brought in a young man whom he had picked up on the track about three-quarters of a mile west of the junction depot. He had been run over, his right foot being shockingly smashed and mangled. It seems he was stealing a ride on an east bound freight and in jumping off slipped or stumbled and fell under the wheels. His foot was taken off by surgeons and he is resting as comfortably as could be expected. He gave the name of John C. Volmer, Tacoma, Wash., and had on a carpenter's union badge.

Arm Broken.

FAIRMONT, Neb., Aug. 25.—The little 6-year-old daughter of A. Bergstrand met with a painful accident yesterday. She went out to the barn unknown to the parents and succeeded in climbing on the back of one of the horses and started out for a ride. The horse shied at something, throwing her to the ground, fracturing the bones of the forearm. She was found shortly after by her parents sitting on the ground with the fractured bone protruding through the flesh.

Narrowly Escaped Death.

OMAHA, Aug. 25.—Wm. Tanner, a farmer living west of the city, came near being run down with a north bound Union Pacific freight train, at Savage's crossing, yesterday. Tanner was intoxicated and thought he could cross the track before the train reached him, but the train bowled along very lively and the head of the horses driven by him came in contact with a car. The bridle was torn off and the animal's head badly cut.

Senator Linn Dying.

HUMBOLDT, Neb., Aug. 25.—Hon. J. L. Linn of this city, member of the house from Pawnee county in the legislature of 1880 and state senator from Richardson in 1887 and from Pawnee and Richardson in 1889, is lying very low at his residence in this city. His immediate relatives are all at his bedside, and it is thought he can live but a few hours at the most.

Attempted Outrage.

LINCOLN, Neb., Aug. 25.—About 1 o'clock this morning Jeff Jones, a disreputable negro, entered the residence of a family named Hyatt on Q street, near the Opelt hotel, and attempted to assault Mrs. Hyatt. Fortunately officer Tom Carnahan came upon the scene and arrested Jones.

LEGAL LIGHTS IN COUNCIL.

The American Bar Association's Session Begun.

SARATOGA, Aug. 25.—The American Bar association met here to-day and was called to order by President John F. Dillon, with full attendance of members of the legal fraternity from almost every state in the Union. A feature of the session will be the discussion of the report of the committee on international law, which will submit an exhaustive review of the question whether "any legislation by congress is desirable and practicable to give the courts of the United States jurisdiction over criminal proceedings for acts of violence to the persons or property of aliens committed by citizens of the United States." At last year's session the committee was instructed to make a recommendation on the subject at the present session.

French Officers in Disgrace.

PARIS, Aug. 25.—Owing to the many cases of sunstroke among the French troops during the marches and maneuvers during the intensely hot weather of the past two weeks, an inquiry was held by order of M. de Freycinet, minister of war, and, as a result, the court reporting that the movement of the troops were entirely uncalculated and could have been postponed with no detriment to the service, two generals and one colonel have been placed on the retired list and the corps commander censured.

Gladstone's Nephew in Bad Plight.

DETROIT, Mich., Aug. 25.—Francis E. Gladstone, who claims to be the son of Sir John Gladstone of Musseburg, near Edinburgh, and nephew of the "grand old man," is stranded in this city. He says he was educated at Oxford, but was induced to try his luck at farming in Manitoba and went there with about \$25,000 several years ago. Bad crops used up the money, and he became sick with typhoid fever when his partner took what money was left and his jewelry as well and skipped out.

Hawaiian Duties.

HONOLULU, Aug. 25.—A bill has passed the third reading and became a law which will greatly affect the trade between Hawaii and other countries, especially America. It is a sort of Hawaiian McKinley bill and relates to the increase of duty on various articles, many of which were "free by treaty" with the United States.

Macon, Mo., Merchants Robbed.

NASHVILLE, Tenn., Aug. 25.—The convicts who were released by the miners at Tracy City, Inman and Oliver Springs, and sent back to the main prison in this city, are to be returned to those places and put to work in the mines.

J. G. TATE has acted manfully in the matter of his eligibility to the lieutenant governorship, as he does in everything else. He stepped down and out, giving the central committee the opportunity of putting another man in his place and is ready for the contest for the republican cause. He is a valiant knight who fights for his party and country though unhorsed in this instance. Mr. Tate will not sulk in his tent, but give the state the benefit of a well matured mind and brilliant abilities as an orator. —Hastings Tribune.
