McCook, Nebraska, August 23d, 1892.

GENERAL VAN WYCK allow me to make you acquainted with Comrade Weygint.

THE democrats of the Fifth Nebraska district have endorsed McKeighan, but they have done it in the spirit which bodes no good to his chances of political success.—Bee.

JOHN C. ALLEN, republican candidate for secretary of state, is one of the most popular candidates now before the people. Mr. Allen has made a grand record in the office to which he was chosen two years ago, proving himself a faithful and capable public servant. He is besides the most genial of gentlemen, who makes friends of all acquaintances. A couple of gentlemen, of the name of Easterling and Crow, will still be trudging wearily and foot-sore down the homestretch, after Mr. Allen has passed under the wire and retired to the floral hall to receive the congratulations of the people.

THE phenomenal performance on the Omaha half-mile track by the wonderful two-year-old colt, Online, bred and owned in Nebraska, is the talk of the turfmen, who consider it as remarkable in its way as the latest record of Nancy Hanks. The young prodigy went amile in 2:17 on a heavy half-mile track on three shoes, having cast one of his hind shoes before he had gone 100 yards. It is only six months since this remarkable infant pacer was first put in harness. He had smashed the two-year-old pacing record before by going a mile in 2:16 on a kite-shaped track, but under the circumstances his latest performance is far more remarkable than that. It is predicted that with a pneumatic sulky and a fast track he will do his mile in 2:10 before the end of the season. The climate of Nebraska seems to be favorable for the production of fast colts, and yet it is to be hoped that the cultivation of corn and sugar beets will not be abandoned.—Bee.

THE editor of the Macon (Ga.) Daily News writes to the editor of the New York Sun commending the course of that journal in insisting that the force bill shall be paramount issue of the present campaign. "Even in the city of Macon," he says "many prominent democrats assume antagonistic attitudes on the tariff issue, and yet they are a unit in their unqualified condemnation of the most tyrannical measure that was ever conceived in malice and brought forth in hatred—the force bill." "Away with the tariff issue, therefore! Down with the force bill! Down with negro domination!"—Journal

The indications of distress are itching and redness of the nose and then blackness under the eyes. A woman who was dying apparently on a trip recently was sent back on the locomotive to the foot of the mountain, where she recovered. The summit is 14,400 feet above the level of the sea.

Insurance Against Frost. A frost insurance company is being formed in France and it promises to be a successful venture. It is estimated that the loss to agriculture by frost in France is about \$15,000,000, and the company will insure against this.
