## NORTH DIVIDE NUBBINS.

Mrs. Modrell has been suffering with an attack of neuralgia.

Grass has made a remarkable growth in the past few days.

Charles Cashen is the man of all work and is greatly in demand.

We'll take it all back, there's no one going away; it was all a mistake.

Walter Hickling was looking after the welfare of his tree claim, this week.

In a letter from Illinois we learn that all crops have suffered greatly for want of rain.

J. M. Henderson has found it necessary to replant about fifty acres of broom corn.

Garey Starbuck is hustling around betimes and handles a plow with becoming dignity.

A good many fields of wheat and oats bid fair to make half a yield and in some cases more.

All the gardens in the immediate vicinity of Box Elder have done gone and swimmid away.

Those who were too hasty in planting corn have a double stand besides a good show for weeds.

We understand that Mr. Woehner, Sr., of Box Elder will leave in a short time for St. Joe, Mo.

All the bridges in this community are woefully out of plumb owing to the continuous rains.

To list corn seems to be about the proper caper, now, and an immense amount of it is being done between rains.

Mushrooms grow in great profusion, here-a-bouts, and string beans or peas are not to be compared with this vegetable fungi.

Just before the rain J. D. McLain had his collar box packed in readiness to leave for somewhere else but has forgotten all about it.

Isaac Moore and wife departed, the fore part of the week, for Cripple Creek, Colorado, on a visit of some length to relatives and friends.

J. F. Modrell is of the opinion that his prospects for a corn crop were never better than at the present time and his residence here dates back fifteen years.

North Divide will have a well organized Sunday school before very long. The quarterly and other supplies have been shipped free of charge. Much good may be accomplished in this way.

Most everybody is busy with work, just now, and they are going at it with a good will, head over heels, as it were. We have every reason to believe that a good crop would not come amiss and will be well taken care of. CONNIE.

## DANBURY.

We now see a few movers going west again.

Jesse Ashton is putting a windmill, this week.

C. A. Gentry is moving into Frank Everist's house, this week.

Roy Hendershot and wife from Indianola are over, this week.

Danbury and vicinity has had about six and one-half inches of rainfall.

Many people who had a notion of going away, have a notion to stay since the rain.

There was a dance in the hall last Friday night, for the benefit of the Danbury nine.

The young alfalfa that was supposed to be dead, is now coming up nicely since the rain.

Jack Thomas and McGuire started for Missouri to hunt work. Jack Thomas came back, last Sunday.

H. H. Berry was over from the metropolis, Wednesday, accompanied by a strange gentleman, both on business.

Four washouts on this branch line between Hendley and Orleans, and there have been no trains yet this week.

Hendley was to play Danbury, last Friday, the 31st, but failed, and they will play Danbury at Willsonville, Thursday.

## RED WILLOW.

Willie Meyers had the misfortune to get a colt's leg broken, so that the animal had to be shot.

Nathan Tubbs moved his water soaked effects into the old Buck house, as his sod house was dangerous after the freshet.

The postponed Children's day exercises took place at the Christian church, Sunday evening. Mrs. Hatcher ably managed the programme. Mr. Longnecker gave a history of Children's day. The children's part in the performance deserved much credit. The hymn sung by the little Randel boys, sons of J. and Will Randel, and Mrs. Hatcher's two little ones, was greatly enjoyed. The church was comfortably filled; it would probably have been over-crowded but for the cloudy sky. It is so wet in Nebraska, now-a-days, one can never feel safe to go far from home.

## WELLS!

Frank Nichols guarantees the wells he sinks. Leave orders at Cochran & Co's. Prompt attention will be given the same.

Sheriff Banks and wife were up at the metropolis, yesterday.

The Courier announces its early removal to the Masonic block.

We have a new squint-eyed washee-washee. He hails from McCook.

Mrs. F. O. Gray caught a 4-pound fish in the Red Willow creek, one day this week.

Msddames Colfer and Duffy of McCook visited Mrs. E. C. Burkett, Saturday night.

County Judge Beck and Miss Lena drove up to McCook, yesterday afternoon on business of his office.

George Woods of Danbury, we observe, has enlisted on the government's training ship Richmond at Philadelphia.

John Rich of Lebanon precinct and William Hindman of Danbury precinct are recent beneficiaries of Uncle Sam's pension bounty.

Assessor J. L. Horton of Lebanon precinct reports 996 acres of land in Lebanon precinct planted to alfalfa, the mortgage lifter.

Treasurer Meserve and wife were in McCook part of the week, while he was looking after his stock interests on his Brush creek ranch.

Mrs. S. E. Hager has been entertaining her sister, Mrs. Williams of Imperial. Mr. Williams has been clerking in the office of the clerk of Chase county, but lately resigned.

P. J. Hickman of East Valley precinct, who planted 200 acres of alfalfa, this spring, and thought 170 acres of it had been destroyed by the dry weather, now says that "the rain is starting my 170 acres of alfalfa that I thought dead".

F. Bert Risley and his two talking machines were in town, Thursday. Bert informs us that he is impatient to get into the editorial harness again, and has his good right optic on Arapahoe as the place in which to exercise his talent.

## PROSPECT PARK.

A nice shower, Sunday. Corn planting is the order of the day now.

Small grain that was thought to be entirely dead, two weeks ago, now bids fair to make quite a crop.

L. A. Stephens and Clifford Dunham arrived home from North Platte on Wednesday of last week, and are very busy listing in corn.

Andrew Anderson entertained quite a number of relatives and friends from Tyrone precinct over Sunday.

Children's day was observed by the Sunday school of this place with appropriate exercises. A very appropriate programme was arranged and rendered by the teachers and younger members of the school.

Mrs. Joe Sawyer, who was bitten by a rattlesnake over in Grant precinct, is thought to be very slowly recovering. It is feared that she will lose the sight of one, and perhaps both of her eyes.

## WOMEN WHO SUFFER

WITH ANY FORM OF FEMALE COMPLAINT SHOULD READ WHAT DR. HARTMAN SAYS.

It would be impossible to present an exhaustive array of the symptoms caused by these troubles, for their name is legion; but prominent among them are to be mentioned smarting, throbbing, scalding, beating, burning, quivering, aching, trembling, bloating, flashes of heat, tremors of cold, prickly sensations, sinking feelings, faintness, numbness, indescribable puncturing, piercing pains flying from part to part with provoking uncertainty, mocking the victim with momentary relief, to begin its tortures elsewhere. No two cases are exactly alike in number or severity of symptoms, some being only slightly annoyed, others being actually confined to the bed.

In all of these perverted functions of the female organs take a tablespoonful of Pe-ru-na before each meal and between meals, and enough Man-a-lin at bedtime to keep the bowels continually in a natural condition. Vaginal injections of hot water should be taken three times a day.

Book on female diseases sent free by the Pe-ru-na Drug Manufacturing Company, of Columbus, Ohio. For free book on cancer address Dr. Hartman, Columbus, Ohio.
