HAS OFFERED TO QUIT

SHERMAN SAID TO HAVE TENDERED HIS RESIGNATION.

The Anarchist Assassin of Premier Canovas to Be Garrotted—Old St. Louis Negro Who Saved Grant from Capture Is Dead.

Has Offered to Resign.

A dispatch on Monday to the Chicago Tribune from Hotel Champlain, N. Y., where President McKinley is spending his vacation, says:

It is learned here that there has been considerable correspondence over the management of the foreign department of the government, and a report comes here that Secretary Sherman, inspired by rumors of the president's displeasure at his lack of diplomatic etiquette, in discussing matters of the department, has written the president asking if it is his desire to have a change.

The president has been in communication with Judge Day almost constantly since his departure from Washington, but it is not believed here that the assistant secretary is any better informed as to Mr. Sherman's intentions than any one else.

That there will be a change in the state department is considered certain, but Judge Day is not regarded as the likely successor of Mr. Sherman in any event. Should Mr. Sherman retire, Whitelaw Reid, it is believed will be the president's choice.

TRIBUTE TO THE STRIKERS.

Judge Collier Commends Miners for Their Peaceful Conduct.

The hearing in the injunction case against the striking Pennsylvania miners came up before Judges Stowe and Collier at Pittsburgh Monday, and is perhaps one of the most important and interesting ever held in a Pennsylvania court. From the testimony adduced and from the expression of the court it can safely be said that there will be some surprises. That the injunction will be materially modified there can be no doubt, which on its face would indicate a victory for the strikers.

Judge Collier said in court that the strike would go down in history as one of the wonders of the country, remarkable for the lack of disorder, for which the strikers are commended and have the sympathy of the court. He said: "This case is no question as to what our duty is under all the testimony, but I am somewhat in doubt as to whether or not the order should be modified. We cannot determine this without a consultation."

Judge Stowe said Monday afternoon: "This injunction will not justify the issuing of an attachment against any marchers who are not found in company with the men named in the injunction."

SAVED GRANT FROM CAPTURE

Old St. Louis Negro Who Spoiled a Confederate Scheme Is Dead.

Thomas Jefferson Saphington, an old negro who saved Gen. Grant from capture by the confederates, was buried Sunday near Saphington, a suburb of St. Louis. In 1863 when Gen. Grant came back to make a short visit to his farm near that city, Saphington, who is first lieutenant of the Second Missouri militia, learned that a number of the most radical sympathizers with the south had planned to capture Grant and take him south a prisoner. Saphington determined to thwart the scheme. He hurried to St. Louis and met Grant just as he was starting for his farm. The result was disappointment to the men who were lying in wait for him.

TO BE CHOKED TO DEATH.

Fate of Man Who Assassinated Premier Canovas.

Michel Angiolillo, the anarchist assassin of Premier Canovas, has been tried by court martial at Vegara, Spain, and found guilty and sentenced to death. Upon hearing his sentence the prisoner turned deathly pale and had to be assisted from the courtroom. He will be garrotted in prison.

Over 34 Years on the Bench.

Associate Justice Stephen J. Field of the supreme court of the United States on Monday broke the record for continuous service on the supreme bench, having served thirty-four years, five months and six days, one day longer than the former chief justice, John Marshall, whose services hitherto had been the longest of all justices since the establishment of the national tribunal of last resort.

Disastrous Storm in Ohio.

A terrific storm swept over Hicksville, Ohio, the other day, doing \$10,000 damage in unroofing and otherwise injuring buildings. The loss to crops in the surrounding country is great.

Moonshiners in Chicago.

Internal revenue officers Saturday arrested Samuel Marlow and son, whom they found making moonshine whisky in the heart of Chicago. Several others have been located and other arrests are expected.

Crack Bike Racers Matched.

Bald, Cooper, Loughhead, Kiser and Banger have been matched for a race on the Buffalo (N. Y.) Athletic field August 24 and for a \$1,000 purse. The races to be run in mile heats, best two out of three.

BLOODY RACE RIOT.

Three Men Dead, One Dying and Two Seriously Wounded.

The bloodiest race riot in Arkansas in months took place at Palaram station, thirty miles from Little Rock, late Saturday evening. Three men are dead, another fatally wounded and two others badly injured. R. D. Owens, a deputy sheriff from Perry County, had a warrant for Harrison Kerr, a negro, charged with murder. When he attempted to make the arrest at Palaram Kerr opened fire on the officers. The first shot struck Owens in the groin and inflicted a serious wound. The money in Owens' pocket probably saved his life. Charles Andry and J. T. Clark went to Owens' assistance and five more negroes joined in with Kerr. A pitched battle ensued, in which over fifty shots were fired. When the shooting was over Andry and Peters lay dead. Clark staggered into his office and fell upon the floor. Owens was lying in a ditch near the station and Kerr and the remainder of his companions had disappeared. The entire town was at the scene of the shooting and a posse started in pursuit of the fleeing negroes.

Harrison Kerr was found lying dead in the road a mile away literally shot to pieces, blood running from five wounds in his body. The other negroes who participated in the battle continued their flight and have not yet been captured. The whole country is in a fever of excitement and should Kerr's associates be captured they will never come to trial.

BELFORTAINE STIRRED UP

Excitement Over the Murder of the Detricks Is Growing.

There were many detectives at work in Bellefontaine, Ohio, Sunday on the rumors regarding the double murder of David Detrick and his wife. While Tony Ford and Lew Deerwester are under arrest for the crime it is believed there are others who know something about it. In connection with the rumors in the neighborhood, one man attempted suicide on his wife's grave because he was suspected and a woman, after brooding over the horror, took morphine with suicidal intent. Saturday Mrs. Chas. Spellman a relative of the Detricks, charged her father-in-law, Mack Spellman, with criminal assault and there was talk of lynching the father-in-law as well as Ford and Deerwester, but no violence is anticipated, although the excitement is intense.

The developments of the past week have been such that many are apprehensive of the result. The sensation now is the alleged confession of Ford to Mrs. Wm. Ellsworth, previous to his arrest, that he committed the double murder. Ford now denies the confession.

DUEL OCCURS NEAR PARIS.

Prince Henri of Orleans Worsted by the Count of Turin.

A Paris dispatch says: The Count of Turin and Prince Henri of Orleans, fought a duel with swords at 5 o'clock Sunday morning in the Bois de Mareux Varesson. The seconds of Prince Henri of Orleans were M. de Leontieff, governor general of the equatorial provinces of Abyssinia, and M. Raoul Mourichon. The Count of Turin's were Gen. Count Avagadro de Quinto and the Marquis Carlo di Binori. The fighting was most determined and lasted twenty-six minutes. There were five engagements, of which two were at close quarters. Prince Henri received two serious wounds in the right shoulder and the right side of the abdomen. The Count of Turin was wounded in the hand.

A STAGE IS HELD UP.

Yellowstone Park Has Its First Robbery to Date.

The first stage robbery ever reported in the Yellowstone National Park occurred Saturday. Col. Young announced it to the secretary of the interior in the following telegram:

"Fort Yellowstone, Wyo., Aug. 14.—Transportation stage robbed by two men on Sol Fortuara Plateau, this morning; \$500 taken. Have ordered out everything available possible within the means at my disposal and desire authority to offer reward for capture. Yours, etc."

The acting secretary of the interior department has no authority to offer a reward for the apprehension of the robbers.

DOUBLE OHIO TRAGEDY.

Young Girl Accidentally Shoots a Companion and Suicides.

Maud Youngs, aged 16, and Jennie Meyers, aged 19, were visiting with Mrs. Jane Leak at Montpelier, Ohio. They were in a side room talking and laughing, when a report of a shot was heard in the room. Maud came out and excitedly exclaimed: "I have killed Jennie." Jennie had been shot in the head and is not expected to live. Maud rushed back into the house and shot herself and died in an hour. They were close friends.

Murder of Mrs. Hauptman.

Ten days ago the aged widow of Peter Hauptman, a wealthy wholesale cigar dealer of St. Louis, was found dead in their parlor with her throat cut from ear to ear. It was supposed that Louisa, aged 25, a daughter of the couple, who had been demented for some years, killed her mother. From what can be learned now it seems that Wm. Hauptman, her brother, may have committed the deed. William, who is 28 years old, has recently developed signs of insanity. He became so bad that he was taken to an asylum. William was with his mother when Mrs. Windsheim, a sister, found Mrs. Hauptman dead. He could not be made to say a word about the crime.

Price of Beef Is Lowered.

All Kansas City packers simultaneously raised the price of dressed beef to the local trade to 6 cents a pound recently. This action, being an advance of nearly a cent, caused protests from all sides. The result has been a reduction to 5½ cents, notwithstanding that the price of live cattle in the yards is even stronger than when the price of meat was first advanced. Every packer in the city announced the reduction, all at the same hour.

ANARCHIST AND A RAZOR.

A Combination that Causes a Bloody Scrimmage in Pittsburgh.

James Elbert, an Austrian arrested in Pittsburgh, Pa., as a suspicious character and supposed to be an anarchist, created much excitement Sunday morning at No. 3 police station house by slashing five policemen with a razor. One of the officers, George McIntyre, is horribly cut on the face and his condition is serious. The other officers are badly cut, but not seriously. Elbert, after cutting his way through the guard of fifteen policemen, made his escape from the station by jumping thirty feet from a rear window hotly pursued by the officers, while blood streamed from their wounds. After a chase of several blocks, Officer Corless finally fired his revolver, the bullet taking effect in Elbert's arm and he was then captured. The man fought desperately and had to be clubbed into insensibility before he could be taken back to the station.

R. G. DUN & CO.'S REVIEW.

Wheat's Rapid Upward Rush Feature of the Week.

R. G. Dun & Co.'s Weekly Review of Trade says: Every city reporting this week notes an increase in trade and nearly all bright crop prospects. The strong rise in stocks, the growth of bank clearings and railroad earnings, the heavy speculation in many products, but most of all in wheat, have made the week one of surpassing interest even to those who best remember the upward rush in 1879. In all the great industries a heavy demand for products appear, with strong speculation in materials and intermediate products. In the iron and steel branch, starting of many works after settlement of wages keeps prices low, and even decreases some, but the fact that the demand is growing leads to heavy purchases of iron ore. Failures for the week have been 239 in the United States, against 298 last year, and 99 in Canada, against 36 last year.

IS SAID TO BE LEPROSY.

Several Deaths from the Disease Reported in Minnesota.

There is a revival of the report of the existence of leprosy in Clay County, Minnesota, between Georgetown and Perley. The death of Hans Aldrich, which occurred some months ago, is said to have been due to this disease. He was sent to Mt. Clemens, Mich., for treatment, and hastily sent home, on the ground, it is now learned, that he was affected with leprosy. He went in a public car. Other cases of death are reported to be due to the same cause. New cases are said to have been recently reported. The county will take steps to investigate the matter, and if leprosy is found stringent quarantine will probably be enforced permanently. It is said few or no precautionary measures have been carried on against the spread of the disease.

DEFAULTER AND BIGAMIST.

Embezzler Green Marries in Brooklyn Under an Assumed Name.

Wm. R. Green, the defaulting cashier of the Hannibal and St. Joseph Railroad, who was arrested in Brooklyn, N. Y., on Monday, proves to be a bigamist. When he fled from Kansas City in March, 1896, taking with him, it is charged, \$4,000 of the company's money, he left a wife and two children in Ottawa, Kan. In Brooklyn, under the name of W. W. Bowen, he married a young woman of respectable family and was living at 281 Jay Street when arrested.

Can Now Remove Tobacco.

LaLucha, the government organ published in Cuba, is authority for the statement that the Spanish government at Madrid has issued an order that all claims for tobacco by American manufacturers have been allowed and the tobacco can be removed.

Not Andree's Balloon.

Dr. Nansen, the explorer, is of the opinion that the balloon sighted Saturday by the steamer Konghalidan was not Andree's balloon.

Inventor Haskell Dead.

Col. James R. Haskell, inventor of the multicharge gun, died at his home at Passaic, N. J., Sunday, aged 65 years.

STATE OF NEBRASKA

NEWS OF THE WEEK IN A CONDENSED FORM.

Four Hundred Thousand Acres of School Lands on Which \$226,879 of Rent Is Past Due Restored to State Control—Other State Items.

Reclaims School Domain.

The board of educational lands and funds have cancelled delinquent lease and sale contracts in thirty-three counties, involving \$25,287 acres, and the amount of rental and interest which is lost by reason of its being necessary to make such cancellation is placed at \$226,879, the payments having been allowed to become so far delinquent that the holders of the contracts will not pay up. Many contracts are delinquent seven and eight years, while in other cases speculators have paid only \$1, or sometimes less, for a quarter of a section, and have paid nothing since, these running delinquent two, three and four years.

It is not the policy of the present board to cancel contracts held by persons living on the land and who are making an honest effort to pay for the same; and where this fact is proven to the commissioner of public lands and buildings and a part of the delinquency paid, extensions to the end of the year have been granted with the understanding that the remainder will be paid. Commissioner Wolfe is traveling over the state, leasing these and other school lands as rapidly as possible, with the result that a great deal of the land which has been idle, rental having been lost by failure to keep up collections, will now begin drawing rental, and will continue to do so if the present policy is followed; much of this land having been held heretofore by speculators and others who have paid little or nothing for the use thereof.

Offers to Pay Depositors in Full.

A meeting of the stockholders and directors of the defunct Nebraska National Bank of York will be held on August 21 to take action on the proposition made by the City National Bank to assume the liabilities of the former. The latter bank offers to pay depositors in four equal payments in six, twelve, eighteen and twenty-four months' time, with interest at 4 per cent. The depositors have been canvassed and it is thought they will agree to the plan and thus avoid the trouble and expense of a receiver.

Ride all the Way on One Horse.

Jim and Kid Gabriel passed through Nebraska last week on their way to Chicago, where they are to finish a contract to ride 2,500 miles with one horse each. The object is to test the western range horses and to introduce them into the Russian cavalry. They started at Sheridan, Wyo., went north to Deib River, Northwest Territory, down to Miles City, Mont., then to Belle Fourche, S. D., through the Black Hills to the B. & M. Railroad. The horses look well.

Woodmen at Wayne.

The second annual picnic of the North-east Nebraska Logging Association, Modern Woodmen of America, was held at Wayne last week, and it was the biggest event of the kind ever held in northern Nebraska. Nearly thirty camps were represented, and 5,900 Woodmen and other citizens were present from every town in that part of the state. The principal address was by Lieut. Gov. Northcott of Illinois on woodcraft.

Girl Bitten by a Rattlesnake.

A little girl of Henry Kiester's of Juniata while playing around one of the large cribs of corn in that village, was severely bitten above the knee by a rattlesnake. She ran home at once and her parents began giving her whisky and took her to a physician who drew out all the poison possible and burned the wound. More whisky was given her until she was quite drunk. She is reported all right now.

In Jail for Passing Bogus Checks.

Mr. Perry took a steam swing to Hastings some weeks ago and is now in the county jail charged with passing his accounts about the city with bogus checks. He skipped out and went to Columbus where he was captured and taken back to Hastings. He had his hearing before the county judge and was fined \$5 and costs. Failing to pay the fine he is serving his sentence in the county jail.

Fatal Hog Disease.

A fatal hog disease has been invading the swine on the bottom lands in Dakota County, and now but very few farmers have escaped its ravages. The disease is quick in its results, often performing its deadly work inside of twelve hours, and somewhat resembles typhoid pneumonia. All sorts of remedies and preventives have been resorted to, but the disease keeps on spreading.

Two Children Drowned.

Willie and Mary Vogel, aged 4 and 10 years respectively, were drowned in the Blue River at Crete. They fell from a narrow walk and were carried over a mill dam to the rocks below. A 12-year-old brother swam manfully to the rescue and for a while kept them to the surface, but the current was so swift he was obliged to let go.

Dragged by a Horse for a Mile.

While Harry Boyle of Kearny, a delivery boy, was delivering some meat on horseback his horse became frightened and threw him off. His foot caught in the stirrup and he was dragged for over a mile before the horse was stopped. When found his head was badly bruised, both arms broken, and he was taken up for dead.

Boy Killed by Lightning.

The 10-year-old son of E. E. Pickering, a farmer living eleven miles northwest of Monroe, was struck by lightning and instantly killed recently.

Drowned in a Tub.

The 2-year-old son of Fred Langenberg of Norfolk fell into a tub of water while playing around the house and drowned before help could arrive.

Cure Him with Anti-Toxine.

Frank Vavra, a Bohemian farmer living about five miles from Crete, was caught on his farm by a wild pig, which attacked him and bit him terribly on the left thigh. Symptoms of tetanus or lockjaw appeared and the doctor telegraphed to Chicago for anti-toxine, to which lately recoveries have been attributed. Meantime he tried to check and lessen the severity of the spasms, and the first injection of the anti-toxine was given in twenty-four hours after the original wound. Spasms stopped at once after the injection and the patient is doing very well, the recovery being sure.

Invents a Beet Harvester.

A. Philipp, a Stanton man, has brought out an invention which is likely to become a necessary factor in beet harvesting. The machine is so constructed that it tops and lifts the beet at the same time, carries the tops and all rubbish away from the row and leaves the beets exposed to view and ready to be picked up and loaded into wagons. The topping is done by a knife onto which the tops are forced by a revolving wheel, both working automatically, so that beets standing deep in the ground are topped with surprising uniformity. As the tops leave the knife they are caught by a shield or plow similar to that of an ordinary road grader, and carried to one side of the row. A double plow passes under the beet and lifts it to the surface. Mr. Philipp estimates that one of these machines will harvest from three to five acres of beets per day.

Beatrice Files an Answer.

City Attorney Prout on behalf of the city of Beatrice has filed an answer in the United States district court to the suit brought by the Northwestern Mutual Life Insurance Company, to recover \$50,000 bonds, issued by the city to the Kansas City & Beatrice Railway. The bonds were delivered on the agreement that the road was to be built into Beatrice, but the company only completed the road to Virginia thirteen miles away, and for about a year leased the Rock Island track, and later the line was sold to the Missouri Pacific system and its terminus is now at Virginia. The answer questions the jurisdiction of the court and the right of the plaintiff to invest its money in such securities, and asserts that the company has failed to comply with the state law relating to outside companies.

Only One Encampment.

Some official information has been exchanged within the month between Gov. Holcomb and Adj. Gen. Barry on the subject of an encampment of the Nebraska National Guard. While no decision has been reached, it is probable that regimental encampments will be ordered for 1897 and a brigade encampment for Omaha in 1898. The question of expense is the one on which the matter hinges. The last legislature declined to heed the recommendations of the adjutant general and refused to increase the appropriation for the support of the National Guard. It is thus impossible to hold the annual brigade encampments without incurring a deficit of at least \$6,000, which Gov. Holcomb is unwilling to sanction.

Soldiers' Reunion.

The fourth annual reunion of the Douglas County Veterans' Association was held at Waterloo, and eclipsed in point of attendance any encampment heretofore held under the auspices of the association. In honor of Commander-in-Chief Clarkson of the Grand Army of the Republic, the camp was christened "Camp Clarkson." The camp was situated on the eastern border of the town in a cool and shady grove on the banks of the Elkhorn River. The local committees and members of the local Grand Army of the Republic post in preparing the camp grounds spared neither labor nor expense.

Wheat Nearly Pays for His Land.

John Stollar, a farmer living west of McCool Junction, bought on time an eighty-acre farm, on which he gave mortgages for nearly all of the purchase price, amounting to \$1,500. He finished thrashing winter wheat last week, which he raised on this land, and thrashed out 2,200 bushels of the finest quality of winter wheat, for which he will receive 60 cents per bushel, returning him \$1,300.

Ewing Will Have a Flour Mill.

Ewing is to have a flour mill. Arrangements have been made by Saunders Brothers of Badger, Holt County, to erect and operate a flour mill having a capacity of fifty barrels per day. The mill will be run by water power and work has begun and will be pushed rapidly. It is expected to have the mill in working condition within ninety days.

Caught Under a Clay Bank.

William Volk and Carl Schneiderberg were caught under a falling clay bank while at work in the brick yards of Herman Geriecke at Norfolk. Schneiderberg, who is an old man, was buried beneath two feet of earth. Two ribs were broken and probably fatal internal injuries were received. Volk was only partially buried and will recover.

Robbed on a Freight Train.

Adolf Berger, a broom manufacturer of Columbus was slugged and robbed on a freight train between there and Schuyler by a gang of tramps. Berger was going to Schuyler to buy some broom corn and could not wait for the passenger. He was relieved of \$31. No arrests were made.

Nemaha County Settlers' Picnic.

The annual picnic of the Nemaha County Old Settlers' Association was held at Nemaha the other day and was a grand success in every sense. The crowd was estimated at 5,000.

Stook to Be Fed in the Winter.

Many thousands of sheep are now on the way to Shelton for the winter's feeding, and many more will be shipped in by rail. Several thousand cattle will also be fed there.

Nebraska Short Notes.

There are 315 old soldiers living in York County. A large number of land seekers are reported in the vicinity of Bayard, Cheyenne County. The county of Holt, through the efforts of County Attorney Butler, has a first lien on all the property of ex-State Treasurer Bartley in that county, and the state, through its attorney, Mr. Smyth, has only a second lien, notwithstanding all reports to the contrary. County Treasurer Johnson of York County has paid \$37,500 of the old railroad bond issued in 1877, which have been drawing 10 per cent. interest. There is still \$8,000 more of the bonds out, but the money is on deposit at the fiscal agency in New York to redeem them. The state of Nebraska held \$28,900 of these bonds which was redeemed on August 2. The bonds were payable on August 1, 1897. A number of Bayard horsemen have just completed a fine half-mile track. The wheat and oats crop in Webster County is the best quality as well as the best quantity ever raised. The Grand Army reunion of the southeastern district, which was to have been held this month at Table Rock, has been declared off. Small grain is a heavy yield in Cumming County. The average on wheat is running all the way from ten to thirty bushels per acre, while the prospects are that the averages on oats will be at least forty-five bushels per acre.

WOMEN AID THE STRIKERS.

Lend Their Efforts to Assist the Coal Miners—The Present Situation.

The week has seen no change in the coal miners' strike. The men who are out still maintain their resolute stand, and declare that they will not go back until their just demands are acceded to. The women of the Turtle Creek valley of Pennsylvania have joined hands with the strikers. Their attention has been called to the fact that the injunction which prevents the strikers from venturing upon the property of the New York and Cleveland Gas Coal Company applies to men only and that nothing in it is said about women. They have been urged to go where the men are unable to and add their entreaties and prayers to those of the strikers in their efforts to have the men who are yet at work lay down their tools. The women will enter heart and soul into the work and do all in their power to coax the men out.

A bomb was thrown into the camp of the striking miners at Sandy Creek when the New York and Cleveland Gas Coal Company refused to pay the wages due its men. A bitter fight will be made in the courts by the United Mine Workers to gain the money for the strikers. The New York and Cleveland company has individual contracts with all its men that are binding and tight. One of the provisions is that in case the men quit work voluntarily, against the wish of the company, they sacrifice all wages yet unpaid in the hands of the company. This District President Dolan of the Mine Workers, who will make the fight in the courts for the men, considers grossly illegal and will make a test of the legality of the contracts with the men as early as possible. He says the company violated them in two instances and that they have thereby dissolved all binding obligations on the men. The amount due the Sandy Creek miners is their wages for the first two weeks in July.

The miners are acting in a peaceable and orderly manner and although several mass meetings have been held during the week no violence of any kind has been threatened.

TO WED MRS. LANGTRY.

Austrian Prince Who Is to Marry the "Jersey Lily."

Prince Esterhazy de Galantha, who, it is announced, will soon lead Mrs. Langtry to the altar, is a noted character in Europe, although not well known in America. He is prominent in Austria and is very favorably known at the court of his country. Mrs. Langtry's prospective husband is 54 years old, but it is said that he does not look or feel his age by twenty years. His marriage may provoke no end of comment in continental journals, but it is highly probable that Prince Paul will care little what the journals say about him. Mrs. Langtry's recent divorce leaves her free to wed.

MIDDLE OF THE ROAD MEN NOMINATE COXEY FOR GOVERNOR.

Governor Jacob Coxey
Lieutenant Governor Morris Whitcomb
Supreme Judge D. C. Pomeroy
Attorney General C. A. Reider
State Treasurer F. M. Morris

The above ticket was nominated by the Ohio Populists at Columbus in one of the most exciting conventions ever held in the State. It was a turbulent assembly, and the efforts of the police were necessary to preserve a semblance of order. Charges were made that Senator Hanna and John R. McLean furnished money to aid the cause of anti-fusion and fusion, respectively, and several fights were indulged in on the floor. The middle of the road element carried the day, and nominated their ticket, headed by Jacob S. Coxey. Charges of corruption were openly made against delegates, who, it is alleged, received money for railroad expenses, and a committee was appointed to investigate. Mr. Coxey addressed a large ratification meeting at the State House at night.

OHIO POPULIST TICKET.

Men and Women

Anthony Hope, the novelist, is coming to America to give a series of readings. James Fenimore Cooper's old home at Cooperstown, N. Y., is to be turned into a park. Mrs. Marion Crawford, wife of the novelist, has dark eyes and golden hair, a rare combination. Secretary of State and Mrs. Sherman will celebrate their golden wedding anniversary next year. J. Nat Harbin, Senator Hearst's old mining partner, thought to be dead for fifteen years, has been found living in Mexico. Friends of Gen. Lew Wallace are actively managing his campaign for election to the United States Senate to succeed Senator Turpie. There is a 15-year-old widow at Covington, Ky. The girl was married a year ago to a 19-year-old boy, all the parents consenting. Her husband died a few days ago. United States Senator George Frisbee Hoar of Massachusetts and Senator Julius C. Burrows of Michigan are studying modern Greek in Washington with a Turkish tutor. Ambassador Hay and his family are already popular in London society, Miss Helen Hay in particular having won social success. Miss Hay has also made her debut as a poetess.
