Friday Evening, 16 JUNE ... 16

For first class merchant tailoring see My Tailor, where you will have suits well made and trimmed, which is the main part of merchant tailoring when they are made to order. Call on My Tailor and have prices quoted.

THURSDAY TOPICS.

The Carl Wilde house, corner of Sixth and Park, occupied by L. C. Bargelt, is being repainted. Norfolk lodge No. 46, I. O. O. F., meets this evening. There will be work in the initiatory degree.

on Olney's pasture yesterday afternoon, resulting in a victory for the institute youths, by a score of 17 to 14.

Miss Josephine Tappert celebrated her eighth birthday yesterday by inviting a merry crowd of her little friends to her home during the afternoon.

The merry-go-round, that institution which lends an affrighted atmosphere with discordant tones called music and extracts nickles from pockets of the little ones in return for genuine joy, has made its annual appearance in the city and will shortly be ready to do business.

At the meeting of the fire department last evening plans were completed for the Fourth of July ball which will be held at Pasewalk park.

Storrs Mathewson, Talcott Olney and Miss Mae Olney went to Stouxs City this morning to attend the wedding of Robert Mathewson and Miss Elizabeth McKichan, which takes place at 7 o'clock this evening.

The attempted meeting of the West Side Hose company last night was a failure, no quorum being present. Now that provision has been made for a hose house and cart on the west side, those who agreed to join the company should get together without further delay and complete their organization.

President Luikart of the bicycle club was absent from the city last evening, and no formal meeting of the club was held. Among those present, however, the plan was talked of raising a fund to prosecute those who violate the city ordinance, or to offer a reward for evidence which will convict any one of its violation, and such a plan will undoubtedly be adopted.

There is some complaint against the kind of forecasts the weather bureau has been sending out lately. It must be admitted that they have not been all that could be desired during the past week. For instance, on Wednesday generally fair weather was predicted for Nebraska, and that day was the cyclone at Herman, while yesterday local rains were announced but not a drop of water fell.

Do not miss the opportunity of seeing Dr. Seymour at the Oxnard, June the 19th.

The Weather.

Table with 2 columns: Weather condition and temperature/precipitation. Includes Max/Min temperature, Average, Precipitation, Total precipitation for month, Barometer, and Forecast for Nebraska.

Notice to Owners of Madison County Warrants. Notice is hereby given that all warrants issued against the general and road funds of Madison county will be paid.

Carl Wilde, County Treasurer. Fresh pike at Glissman's. Phone 85 for plumbing, N. F. & Mfg. Co. Dr. Frank Salter—Diseases of children.

Leave your name at the Oxnard if you wish to be sure of meeting Dr. Seymour, as he will be here for one day only, and many have already made appointments by mail. Consultation free. Telephone No. 112 will ring up Dr. F. Verges' residence and office. A full line of Oneida Community and Curtice Bros' canned goods at Box's.

THE CRY OF DISTRESS.

Suffering People at Herman Need Help.

NORFOLK ASKED TO CONTRIBUTE.

Mayor Simpson Has Appointed a Committee to Solicit Funds and the Canvas will Begin Tomorrow Morning at 9 O'Clock.

The cry of distress which comes up from the desolate, wind swept town of Herman, as the story of awful disaster should be revealed to the extent of the damage done by Tuesday evening's storm, has touched the sympathetic heart of Mayor Simpson, and he believes that Norfolk should respond to the appeal for help in a liberal manner.

This committee will commence a canvass at 9 o'clock tomorrow morning with the idea of raising \$100 before noon, so that it may be telegraphed to a responsible party at Herman for the immediate use of those who are suffering for food, clothing and other necessities of life.

Let every person approached have at least a dollar ready for the committee. Let there be no unnecessary delay, as time in this case is an essential element of doing good.

This is an opportunity for Norfolk to show her generosity and it should be done in a generous open handed manner.

Dr. D. W. Green returned today from the eastern part of the state, and he says that the stories of desolation at Herman are not overdrawn one iota by the newspapers. The people in the path of the storm are left with absolutely nothing, no food, no clothing, no bedding—nothing. They need help and he hopes there will be a liberal response to Mayor Simpson's attempt to raise a fund in this city.

A full line of Heinz celebrated pickles and preserves at Box's.

If you want to buy or trade come and see us. G. R. SEILER & CO. Office in Mast block.

House and barn for rent on Ninth street. JOHN FREYTHALER.

PERSONAL.

If you want to sell or trade your property list it with G. R. SEILER & CO.

Suider's catenps at Box's.

Protect Our Food.

The doctors inform us that alum is a poison, and that alum baking powders should be avoided because they make the food unwholesome. Prominent hygienists, who have given the matter most study, regard these powders as an evil that should be suppressed by state action. In Minnesota and Wisconsin alum powders are not permitted to be sold unless they are branded to warn consumers of their true character, while in the district of Columbia the authorities have under the direction of congress, adopted regulations to prohibit the use of alum in bread altogether.

Are not the people of other states, as well as those of Minnesota and Wisconsin, entitled to warning of a danger which is apparently menacing them at close hand, and is not the whole country entitled to absolute protection, as the people of the District of Columbia are protected, by legislation which is entirely prohibitive?

Until we can have protection in the form of a statute, how can our state boards of health, state analysts of food commissions better serve the public than by publishing in the newspapers from time to time the names of the baking powders which they find to be made from alum?

Meantime, it will aid the housewife in designating the alum powders to remember that all powders sold at 25 cents or less per pound, are of this dangerous class. Pure cream of tartar powders are usually sold at from 45 to 50 cents a pound.

The Economic department of the Woman's club will meet with Mrs. Humphrey at the Pacific hotel on Friday, June 16, at 2:30 p. m. A full attendance is desired as the work for the ensuing year will be considered at this special meeting.

Mrs. LILLIE BAKER, Leader. MAUDE W. HUMPHREY, Secretary.

ALL OUR HATS and TRIMMED GOODS

Are made on honor. We mean that they are honestly constructed and are honestly worth the price we charge for them. We are prepared to meet any and all kind of competition. If you want cheap hats we can make them for you from 50 cents up. It is a point, however, worthy of your consideration, to know that all our hats are so made as to be of service for more than one season. When you rip them up for retrimming, you will find the material so used as to be easily convertible into other shapes to suit the change of style.
