by President John Fitzpatrick, of the Chicago Federation of Labor. The constitution of the A. F. of L. is to be printed in Spanish.
Of 90 locomotives just ordered for the Grand Trunk railway, 70 will be built in Canada and only 20 in the United States.
Thousands of mill operatives throughout New England, most of whom are employed in textile manufacturing establishments, have resumed work.
Mayor Fitzgerald of Boston has assured labor union officials that there will be no discrimination in the city departments against any man because of his labor organization affiliation.
From little acorns large oaks do grow. Porto Rico has three flourishing unions affiliated with the Boot and Shoe Workers' Union. The union stamp travels fast and is today found in all civilized countries of the globe. The reputation of the shoe is the cause of this world-wide publicity.
General President of the Commercial Telegraphers of America, W. W. Beattie, of Chicago, is in Washington, where he will assist the two telegraphers who are members of congress in drafting bills in the interest of the operators.
The Damascus Nickel Steel Company plant of East Carnegie, Pa., has resumed after a shut-down of fourteen months. The plant is now under the control of the Carbon Steel Company of Pittsburg. The new management intends to make the Damascus grades of steel besides the crucible and commoner grades.
Electrical Railway employees of Fort Dodge and Des Moines, Ia., in suburban, secured an agreement with that company to run until May 1, 1909, and thereafter unless notice is filed 30 days previous to termination.
The Friend paper mill at Dayton, O., resumed operations with 1,500 men on Monday.
Glass telegraph poles are to be used in Germany. It will be interesting to bystanders when the first lineman attempts to go up one of those poles with a pair of climbers.
The Valley plant of the Republic Steel and Iron Company and several departments of the Brown-Bonnell steel plant at Youngstown, O., have resumed, giving employment to 5,000 men.
There will be no strike of firemen on the Missouri Pacific, trouble having been averted through the efforts of Charles P. Neill, United States Labor commissioner, and Martin A. Knapp, chairman of the Interstate Commerce Commission.
The Ohio Federation of Labor will fight Senator Foraker for any position to which he may aspire at the hands of Ohio voters.
Trustees of the sanitary district in Chicago have decided to provide every employe of the electrical department with accident insurance, as does the Commonwealth-Edison and other large manufacturers of electrical power in the country.
The Italian government has presented a bill prohibiting bakers from working at night and establishing a heavy fine in case of infraction, which will go to the fund for incapacitated and aged workmen.
Steam and hot water fitters in South Bend Ind., are jubilant over the fact that their trouble is being so amicably settled.
Garment workers and bosses employing union labor in England have favorably considered the suggestion to fight the sweating system by a union label to be affixed to all garments made under fair conditions.
With the signing of a contract by the Minneapolis & St. Louis Railway, the machinists' union now has an understanding with six Northwestern railroad companies. All of these roads are paying the union scale of 40 cents an hour, and the men are working a nine-hour day. There has never been a time when the railroad machinists were working under better conditions than at present.
A Terre Haute, Ind., "rat" printing office has been fined by an Indiana court for using a bogus label of the Terre Haute Allied Printing Trades Council union label.
