

#### THINK IT OVER.

"Hellow, Mr. Farmer. What are you doing?"

"Digging potatoes."

"Have you any to sell?"

"No."

"What are you going to do with them?"

"I sort them into four piles."

"What do you do with them, then?"

"The big pile of fine potatoes you see over there I give to the landlord as land rent for the privilege of living on earth; next the biggest pile I give to the money lord as interest; the third pile I give to the politicians as tax, and the little ones I give to the hogs, and what the hogs don't eat I eat myself. So, you see, between the landlord, the money lord, the politicians and the other hogs, I get my living."

"But what do you do with the hogs?"

"I give them to the railroad company for hauling the big potatoes to the landlord and money lord."—Equity Farm Journal.

#### FOUR YEARS OLD.

The Iron City Trades Journal, published at Pittsburg, Pa., by Mr. Kelley, has begun its fourth year. Mr. Kelley has made a remarkable success of a labor newspaper printed in a community where graft has too often been the labor paper way of living. The Trades Journal has always been clean, and for that reason it has been antagonized in certain quarters. But its merits have commanded recognition, and today it is being royally supported by thousands of union men who are only too glad to have an organ that is known to be square. Organized labor in Pittsburg, and throughout Pennsylvania, needs just such a fearless, upstanding organ as the Iron City Trades Journal, and we hope its editor, Mr. Kelley, will long continue to direct its energies.

#### MAYOR TOM BACK.

Lovers of good government all over this country will rejoice to learn that Tom L. Johnson of Cleveland, Ohio, has announced his intention to be a candidate for mayor of that city again next fall. For breadth of view, fearless courage, strict honesty and unselfish devotion to the interests of the people no man in the land surpasses Mr. Johnson. The results achieved by him when he was in office before have been of substantial benefit to his city directly and to other communities through the force of their example. We ardently hope he will be nominated and elected to the office again.—Minnesota Union Advocate.

#### CHILDISH IGNORANCE.

A brother of President Taft is said to have sent \$8,000 to Adams county, Ohio, in 1908 to use for vote buying. Of course he didn't know it was to buy votes with. The ignorance of these millionaires as to what is done with their money is surprising.—Portland Labor Press.

## NOT A BIG SENSATION

**The Big Purchase of David Adler & Sons' Clothing enables us to offer unusual Bargains.**

**Here they are:**

**\$15 Suits & Overcoats,  
at \$9.85.**

**\$18 and \$20 Suits and  
Overcoats  
at \$12.85.**

**\$22.50 and \$25 Suits  
and Overcoats  
at \$14.85.**

**All of these except the \$9.85 lot are hand tailored. Our regular stock is not included in this sale.**

**We bought this bill below the wholesale price, and according to our invariable custom we are giving our patrons the benefit.**

We claim no big sensational effect for this sale. We merely give our customers the full benefit of a bargain we secured far along in the season. That is our regular custom---giving our customers the benefit of everything possible. This explains why we never have a "bargain sale" such as are commonly advertised at the fag ends of the seasons. We make our bargain prices our original prices---thus giving our customers the benefits that others held off until the close of a season. Our original and only price is, generally, better than the belated "bargain" prices elsewhere. For instance, our spring lines will be sold in the spring at prices others will quote as bargains when fall comes. You can see the advantage you gain by availing yourselves of our system.

Incidentally we again call your attention to the fact that we handle more Union Made Clothing, Shoes, Furnishings, Etc., than any other store in this section. If it is made for men's wear by Union Men anywhere, we'll handle it. And we handle everything that Men and Boys wear. Our "Bargain Prices" are always NOW---not after the stocks are culled and the season over. Bear this important fact in mind.
