

THE WORKINGMAN'S Greatest Clothes Opportunity

When we purchased the Sterling stock of clothing we consummated the biggest clothing deal ever pulled off in the middle west. It involved a matter of \$100,000 --and we gained much while affording the clothes buyers of this section an opportunity to gain even more. We secured this immense stock at bargain prices, and now we turn around and offer you the benefits. We have no philanthropic motive in this matter. It is purely a matter of business. We gain in many ways, while giving you a chance to gain a lot in clothes values at a small expenditure. This Sterling stock is clean, up-to-date and well selected. We sorted it into classes and have put it on in different lots at prices that must move it within the next 30 days.

STERLING SUITS

That sold for \$40, \$35 and \$30 in this sale

\$18.40

EVERY TASTE CAN BE SUITED

The man who wants the very latest in cut, style and patterns; the man who wants the best in the plain styles; the man who wants quality without regard for fashion's stern decrees--in fact every man who wants clothing can find what he wants here, and at prices never before offered to bargain seekers.

FOR THE LADDIE WHO GOES TO SCHOOL

School will soon open, and the laddies must be fitted out. Now is the chance of a lifetime. Boys are proverbially hard on clothing, and keeping the school-boy well clad is a problem in economics. You can solve it here. You can buy two or three suits of serviceable school clothes for the boy, and pay no more for the two or three than you would ordinarily pay for one. Why not buy for a year or two to come, and save money?

FOR THE MAN WHO INSISTS ON STYLE

such a man can walk into this store now and get two stylish suits--latest in cut, style and pattern--for the price he would ordinarily pay for one. The union man who wants something up-to-the minute can make a week's wages go further at this sale than he ordinarily could make a month's wages go under average conditions.

FURNISHINGS OF ALL KINDS

The bargain stock of shirts, ties, hose, suspenders, hats, caps, work clothes, etc., is remarkably large and the price remarkably small. We call especial attention to the bargains in hats and shirts. They are the sensation of the year in furnishing circles. Only a combination of circumstances permits us to offer these remarkable bargains, and the like may never again be offered.

THE STOCK MUST MOVE AT ONCE

We must move this stock before September 1--and move it we will if price is any inducement. Last Saturday night we were swamped with business and many found difficulty in being waited upon. It will not occur again. We have reinforced our staff of clerks and can now accommodate all who can get into the store--and it is the biggest store in the west.
