

Citizen's Railway Company

W. E. SHARP, Pres. I. M. RAYMOND, V-Pres. GEO. WOODS, Sec. J. H. SMITH, Treas.

OFFICES: FRATERNITY BUILDING

The Citizen's Railway Line is the best to take to the Fair Grounds
BECAUSE:

It is the safest. It does not cross 13 Railway tracks, and its rails are new—not 25 lb. but 60 lb. rails.

BECAUSE:

It lands you at the main entrance and you are not funneled through crowds coming and going.

BECAUSE:

You can buy 6 tickets for a quarter and will be given transfers to and from any part of the city.

BECAUSE:

Its equipment is new and ample and its service is every two minutes.

BECAUSE:

This line is owned by Lincoln Citizens and should receive your support.

Passengers can use either the State Fair Grounds Cars or the 25th Street Lines. For the convenience of those living in the city the 25th Street Line has been extended to the Rock Island Viaduct and these cars will save you from taking the cars in the city that are congested by State Fair Visitors from out of town—and in returning home after a tiresome day a seat will be appreciated.
