

Raised Buns.
To one pint of raised bread dough add one cup of granulated sugar, one half cup of soft butter, one beaten egg, one-half cup of milk and one-half level teaspoon of soda. When well mixed add enough sifted flour to make of the consistency of bread dough and so that it can be kneaded well. Cover and let rise in a warm place until very light. Then work in three-quarters cup of currants and a half teaspoonful of lemon extract. Make small buns not larger than an egg and set closely in a buttered pan. Let rise very light and bake. Brush the tops with sugar and water when taken from the oven.

Some Resemblance.
A little girl in a California public school complained to her teacher that a Mexican boy had struck her. The teacher took Joe, the only Mexican boy in the school, sharply to task for the offense, but the boy denied it. "Mary," said the teacher, "Joe says he didn't strike you."
"Oh, no," said Mary. "I want Joe; that's that boy over there, and she pointed to the blackest of negro boys in the school."
"But, Mary, that boy isn't a Mexican," said the teacher.
"Well, anyhow," said Mary, "he's very much tanned."

Took It Personally.
An author engaged a young lady typewriter to take down his new novel from dictation. At the passage: "Oh! my adorable angel, accept the confession from my lips that I cannot exist without you! Make me happy; come and share my lot and be mine until death do us part!"—his fair secretary paused and indignantly inquired: "Is that to go down with the rest?"

Breaking the News Gently.
A good example of the extremely courteous in public correspondence was the notice sent to Charles James Fox that he was no longer a member of the government of George the Third. It read thus: "His gracious majesty has been pleased to issue a new commission, in which your name does not appear."

Judge Hoar and Gen. Butler were opponents in a case of a new trial. Gen. Butler quoted: "Eye for eye, skin for skin, tooth for tooth, yes, all that a man hath, will be given for his life." To which Judge Hoar replied: "Yes, the devil quoted that once before in a motion for a new trial."

SPECIAL KANSAS SESSION

NO APPROPRIATION WAS MADE FOR NORMAL SCHOOLS.

A Blunder by Enrolling Clerks Makes the Law as Passed Illegal.

Topeka, Kansas.—A special session of the legislature may be required to prevent the Kansas State Normal school from closing. It has been discovered that the enrolling clerks of the senate had made a mistake which may invalidate the entire appropriation for the normal school and its branches in Pittsburg and Fort Hays.

The senate passed a bill making the appropriations for the schools. When it got to the house the appropriations for the Pittsburg Manual Training school were cut down \$30,000. The bill went to a conference and a compromise was reached whereby \$18,000 more was given to the Pittsburg school than the house had previously voted, and \$13,000 less than the senate had appropriated.

But the enrolling clerks made a mistake and sent the bill, as sent by the house, and not the conference report, to the printer. In this way the house bill was signed by the governor, but it had only passed the house and had not passed the senate in that form. The conference report was passed by both houses, but was not enrolled.

The governor cannot now sign the conference report on the bill and make it become a law. The bill he already has signed cannot become a law because it never passed both houses. The conference report cannot become a law, because it was not submitted to the governor to sign in the time limit. The matter has the state officials worried now. Conferences are being held about it, but no decision has been reached.

Sees a War Cloud Again.
Berlin, Germany.—The Lokal Anzeiger's Vienna correspondent gives an extremely pessimistic view of the Balkan situation. Quoting an unnamed official, he states that all the efforts of the powers to mediate have proved fruitless. The present situation, he declares, cannot last longer than a few days. Serbia must give unequivocal guarantees by the end of the month of her peaceful intentions or otherwise only a miracle can avert war. A despatch from Vienna to the Tagerblatt is similar in tone.

A Veteran Blacksmith.
Independence, Missouri.—J. G. McCurdy, a resident of Independence 61 years, celebrated his 91st birthday anniversary Saturday by working as usual in his blacksmith shop on North Main street. Mr. McCurdy is one of the last of the men who, at the time of the Santa Fe trail, wrought by hand in Independence, turning out all kinds of iron work needed by emigrants. Although his health has been feeble several years he has steadfastly refused to retire from business, but goes every day to his shop.

Paris Strike Collapsed.
Paris, France.—The great strike of the employees of the post office department, which has practically isolated Paris and cut France off from communication with the outside world for the past week, collapsed Sunday. The strike committee decided to call off the employees and make the first move to effect a settlement, virtually suing for peace. The government met the committee half way.

Death in Burning Leaves.
Springfield, Missouri.—While burning leaves in her yard here, Mrs. Agnes Roach, 29 years old, suffered burns which resulted in her death. A three-year-old child of Mrs. Roach discovered that his mother's clothes were afire. As she ran toward her home a passerby caught her and tore off her dress. Mrs. Roach's legs were terribly burned. She leaves a widow and three children.

This Country Importing Potatoes.
Philadelphia, Pa.—Sixty thousand bushels of foreign potatoes, the largest consignment ever brought to Philadelphia, were landed Sunday by the steamship Buenos Ayres from Glasgow and Liverpool. They came from England, Ireland and Scotland and the shipment was made possible by reason of the moderate crop and high prices in the United States.

Reward for Kidnapers.
Harrisburg, Pennsylvania.—Gov. Stuart Tuesday night issued a proclamation offering a reward of \$15,000 for the arrest and conviction of the kidnapers of Willie Whitt.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product, has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed, because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States, in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.
