ITEMS OF INTEREST AROUND THE STATE HOUSE.

## OF THE STATE CAPITAL

Doings of the State Officials and Other Happenings That Are of State-Wide Im-

portance.

Many Professors Are Promoted.

Dean Bessey, at the meeting of the ate university regents, introduced the matter concerning the raising of the pay of a number of the janitors who have been connected with the university for some time. The regents took the matter under advise nent and some plan will be formufor the raising of the pay of the older janitors. The board adjourned to meet at a special session one week from Tuesday. At this time the question of the cadet encampment will be considered and several important committee reports received. The university budget was under conideration. Owing to the smallness of the appropriations and the fact that several appropriation bills failed to receive the governor's signature, the budget is not in satisfactory condition for the next two years.

The list of appointments and changes in the faculty were made and are as follows: Dean Charles Bessey was selected as head dean and the ranking order of the rest estab ed as follows: Dr. Sherman, Dr. Davis, Dr. Ward, Professor Burnett, sor Richards, Professor Costigan and Dr. Fordyce. The order indicates the relative length of service of the deans. The title of Mrs. Berkley, dean of the women, was changed to advisor of the women. This change is in accordance with the custom pre vailing in the eastern colleges, and does not indicate any change in the duties of the official. The titles of the following were changed:

C. E. Persinger, to associate professor from assistant professor.

A. A. Reed, to professor secondary education, from associate professor. Guernsey Jones, to associate professor, from assistant professor. R. J. Pool, to adjunct professor,

C. L. Barnebey, to instructor, from assistant Instructor.

Alfred Boyd, to adjunct professor, from instructor. A. D. Schrag, to adjunct professor,

from instructor. Amanda Heppner, to assistant professor, from adjunct professor.

L. A. Scipio, to adjunct professor,

C. L. Dean, to assistant professor, from adjunct professor.

Albert Bunting, to adjunct professor, from instructor.

C. M. Heck, to assistant professor physics, from adjunct professor. J. E. Almy, to professor of experi-

mental work, from associate profes-

L. B. Tuckerman, to assistant profrom adjunct professor. L. E. Aylesworth, to assistant pro-

required to travel on Sundays. Den Leve Wins Mayoralty Fight. Don Love won over A. H. Hutton at the primaries Thursday afternoon C. Ozman triumphed over W. A. Hawes for the city clerkship. A light vote was cast. For other places on the ticket there were no contests. Love got 749 votes and Hutton 487. in polled 688 votes while Hawes

pot 521. The primary is barren of results as as the city election is concerned. On May 4 there will be a number of candidates by petition. The primary candidates must also be put on official ballot as candidates by

C. E. Spens Colonel.

On the recommendation of J. E. Kelby, attorney for the Burlington Railroad company, Governor Shallen berger has appointed C. E. Spens. Burlington general freight agent, to the position of colonel on the governor's military staff in place of one of the Omaha colonels who resigned during the battle over the early closing bill. This appointment fills the breach. and the war will continue with Colonel Spens in the van for 8 o'clock closing. still has thirty-four s in his staff.

Normal Board Is Not Worried. Although met by the refusal of Treasurer Brian to join with them, confronted by an opinion from Commissioner Calkins that the new normal board is not legally constituted and cast upon a cold world by Auditor Barton's statement that he would not pay its warrants, the new normal board created by the last legislature and appointed by Governor Shallenberger, met at the governor's call in his office Wednesday, organized, appointed its committees, reappointed principals and went ahead as it were put up in the true blue wrapper.

T. J. Majors, of Peru, whose appointment is questioned because he is a state senator, was made president and N. M. Graham, secretary.

The following committees were Auditing-State Treasurer L. G.

Briar, N. M. Graham, W. H. Green. Executive-Fred A. Nye, T. J. Maors, W. H. Green.

Teachers and Employes—E. C. Bishop, N. M. Graham, T. J. Majors.
Text Books and Libraries—Fred A.
Nye, E. C. Bishop, E. L. Adams. Judiciary-E. L. Adams, Fred A. Nye, L. G. Brian.

Printing-W. H. Green, E. L. Adams, N. M. Graham.

Five junior normal principals were reappointed, this action following on the recommendation of State Super-intendent Bishop:
O'Neill-Dr. H. K. Wolfe.
Alliance-Superintendent D. W.

North Platte-Dr. J. A. Beattie. McCook-Superintendent C. W. Tay-Geneva-Superintendent R.

Eaton There are three other junior normals, located at Alma, Valentine and Broken Bow, to which principals will be later appointed.

Regents Create New Department. guages with Miss Miller as an instructor was created by the regents of the state university. The board also recommended the establishment of a Swedish department, provided the proper interest was shown in the new course. Some time ago the regents were petitioned for a new Swedish department, but the matter was dropped at that time since only about 75,000 Swedes reside in Nebraska and it was thought that the department would not receive sufficient support. The board reconsidered the matter, however, and will in all probability take favorable action upon it.

The resignation of Captain John G. Workizer as commandant of the university cadets was accepted and Captain Yates, a former Nebraska. graduate, was accepted as his successor. The change is to take effect next fall. The following were chosen for farmers' institute work: E. P. Brown, Davey; F. W. Chase, Pawneel City; Andrew Elliott, Galt; E. W. Hunt. Syracuse; B. F. Kingsley, Hastings; C. G. Marshall, Lincoln; Miss Gertrude Kauffman, Lincoln; Miss Gertrude Rowan, Lincoln; Miss Lulu Wolford, Pawnee City. The following will also assist in the institute work: William Ernest, O. Hill. Alnia, Neb.; H. A. Miller, Ashland; Mrs. O. J. Workman, Ashland.

Prode Fraternal Orders.

State Auditor Barton proposes to enforce the law requiring fraternal beneficiary societies to have a representative form of government. The statute requires this and the supreme court has defined a representative form of government, but Auditor Barton is the first auditor who has had courage to try to strictly enforce the law. The decision of the court on which he bases his action was given in the case of Lange vs. The Royal Highlanders wherein it was held that the inherent right to enact laws for the government of a corporation is in its stock holders and that this authority cannot be assumed by committees or directors or other bodies without express authority, that a representative form of government means one conducted by the agency of delegates "chosen by the people.

New Pavilion to Cost \$50,000.

Arrangements have been begun for the construction of the new stock judging pavilion at the state fair grounds for which the legislature appropriated \$50,000. Secretary Mellor. of the state board of agriculture, was at the grounds Friday preparing plats for the structure. The board of directors has decided on the location of the building and has made plans to

construct it 150x300 feet in size. Only one-half of the building will e constructed this year, the board having decided that the other part will not be built until more funds are secured from the state. The new pavilion will be located on the low ground west of the auditorium and between the race track and the cattle barns. The structure when compelted will cost \$100,000.

In its monthly statement the American Express company shows that its local business, upon which it is called upon to pay occupation tax, amounted in March to \$432.34, upon which it has paid \$10.82. A similar report by the Adams Express company shows a total local business of \$2,223.89, upon which is paid amounting to \$55.64.

Kearney City Bonds Rejected. After having heard arguments of at-torneys State Auditor Barton has rejected the \$100,000 water bonds issued by the city of Kearney and presented to him for registration. The city proposed to build a plant or to buy the American Water company's plant. The latter was appraised at \$165,000. The bonds voted are of doubtful legality. according to the auditor's opinion, and the city will have to go into court to get a reversal of his holding. The bonds were not sufficient in amount to buy the private water plant.

SAVING PAINT MONEY

It Cannot Be Done by Using Cheap Material and Cheap Painters.

In arranging for painting, a good many property-owners try to save by employing the painter who offers to do the job cheapest-or try to save money by insisting on a low-priced paint. But no property-owner would run such risks if he realized what must be taken into consideration in order to get a job that will wear and give thorough satisfaction.

No houseowner will go wrong on the painting question if he writes National Lead Company, 1902 Trinity Building, New York, for their House owner's Painting Outfit No. 49, which is sent free. It is a complete guide to painting. It includes a book of color schemes for either exterior or interior painting, a book of specifications, and an instrument for detecting adulteration in paint materials.

Nearly every dealer has National Lead Company's pure white lead. (Dutch Boy Painter 'rademark.) If yours has not notify National Lead Co., and arrangements will be made for you to get it.

Grief That Kills.

"My poor boy," said the beneficent old clergyman, who had encountered a young waif sobbing in the streets, what ails you? Some case of dire distress has touched your heartchords, no doubt."

"No," sniffed the lad, "you're clear off your base, old kazzozicks. Me an' Snippy an' de rest of de fellies tincanned the mangy, old yellow cur up at Schwarz' grocery, and while old Schwarz an' de gang followed the dog. I sneaked back to the grocery to swipe dried apples. De Fido chased into Schmitt's orchard and de gang cribbed de swellest peaches you ever seen, an' then dey smoked grape-vine cigarettes and set the barn a-fire. I made a sashay into de apple barrel at de grocery, an' de delivery boy pasted me with a bed-slat and it hurts yet, and I didn't get to see de fire, and didn't get nothin' to eat, and I wisht i wuz dead-dog-gone it all!"-The Bohemian Magazine.

Too Literal. "Well, yes," said Old Uncle Lazzenberry, who was intimately acquainted with most of the happenstances of the village. "Almira Stang has broken off her engagement with Charles Henry Tootwiler. They'd be goin' together for about eight years, durin' which time she had been inculcatin' into him, as you might call it, the beauties of economy; but when she discovered, just lately, that he had learnt his lesson so well that he had saved up 217 pairs of socks for her to darn immediately after the wedding. 'peared to conclude that he had taken her advice a little too literally, and broke off the match."—Puck.

Not Our Discovery.

The Greek, Eratosthenes, 250 B. C., taught the doctrine of the rotundity of the earth and the ideas of the sphere, its poles, axis, the equator, arctic and antarctic circles, equinoctial points and the solstices were quite generally entertained by the wise men of that time. There were plenty of men in Rome, therefore, who were prepared to talk about the earth as a sphere and to make globes illustrating their ideas.

THE WRETCHES.

Uncle-How is it, young man, that you failed again in your examination! Nephew-Why, the wretches asked me the very same question I could not answer last year!

Casserole of Potatoes.

Pare thin and wash 12 potatoes; cover with water, add salt and boil until tender. Drain and set on back of range for about ten minutes and add piece of butter size of an egg. When butter is melted mash them and stir in a little at a time one-half cup hot cream, then beat until light with a fork. Arrange on a hot dish, forming an oblong, high mound, hollowed in the middle. Brush inside and out with beaten yolk of egg and set in oven to brown. When done fill with a ragout of mutton or duck or macaroni and oysters in cream sauce and serve bot.

Two Suggestions.

R.b bread and meat boards with cur lemons, then wash with cold water. It is much better than scrubbing

If the upper part or edge of the saucepan is well buttered you will find that chocolate, milk and other liquids will not boil over.

Stuffed Sirloin.

Procure a pork loin roast. Do not remove the tenderloin, but slit it and stuff with dry dressing made of stale crumbs highly seasoned with salt, pep-per and sage. Roast in usual manner and serve with potatoes roasted in pan with same meat, brown gravy and apple sauce.

Graham Cake.

One and one-half cups sugar, one half cup lard, one cup raisins, one tea spoon each of cinnamon, allspice and nutmeg, one-half teaspoon salt, one and one-half cups sour milk, one teaspoon soda, and three cups graham flour sifted twice. Bake in a slow

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure is all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure how known to the medical fraterativy. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and murcous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Doilors for any case that it falls to cure. Send for list of testimonials.

## WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play-when in health-and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy. Syrup of Figs and Elixir of Senna. manufactured by the California Fig Syrup Co. Syrup of Figs and Elixir of Senna has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs and Elixir of Senna has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs and Elixir of Senna, obtained by an original method, from certain plants known to them to act most beneficially, and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy, and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs and Elixir of Senna always has the full name of the Company-California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
