

# ARMSTRONG'S JULY SALE

—if you can wisely add one or several suits to your stock, you can most wisely do it now.

It's not alone the sensational reductions that are interesting—it's the quality of the clothing involved upon which we lay particular stress. The clothes which we offer were made expressly for us by America's greatest manufacturers, including ~~and~~ and Hirsch Wickwire & Co. We quote here the prices we've named to effect a complete clearance.

## HERE'S A UNION MAN

### Clark Dailey, of Havelock

There are several reasons why Mr. Clark Dailey is entitled to receive the republican nomination for the position of county commissioner, and a most important reason why the working people should vote for him. He deserves the support of the working people because he is a working man himself, and a union man also. Mr. Dailey is a progressive man and is public spirited to a high degree, and if nominated and elected will do all in his power for the advancement of better roads and bridges in Lancaster county. As Mr. Dailey is a union man it is not necessary to comment further as to advisability of our members supporting him, as a vote for him means a vote for a friend. When you go to the polls to cast your ballot August 17, remember Brother Clark Dailey.

### THE FOURTH ANNUAL BENEFIT.

The Central Labor Union Preparing for its Annual "Blow-out."

Friday evening, July 30, is the date set for the fourth annual theatrical benefit of the Lincoln Central Labor Union. It will be held at the Oliver theatre, through the kindness of Manager Zehrung of the theatre and of Manager Gaatz of the Grace Hayward Stock Co. The members of this splendid organization are taking a deep interest in the benefit and promise an exceptionally good bill and performance. The play selected for the occasion is "The Defaulter," which is full of human interest as well as clever comedy.

The regular prices will prevail, 25 and 15 cents. The central body's committee is now engaged in selling the tickets. It should be borne in mind that the tickets sold by the committee are not good for admission, but must be exchanged at the box office for reserved seat coupon tickets. By bearing this in mind great confusion will be avoided. The demand for the tickets is large, and the wise purchasers will reserve their seats as soon as possible. Reservations may be made at the box office after Monday noon of next week.

It is not necessary to introduce the Grace Hayward Co. to the theatre-goers of Lincoln. It is acknowledged to be one of the best organizations of its kind now before the public, and those who witness its performances are always loud in their praises. The engagement of this company runs indefinitely, thus affording opportunities for many a pleasant evening in a theatre that is always comfortable, even in the most torrid weather.

The committee desires and expects the hearty co-operation of the unionists of the city in making this fourth annual benefit the greatest success of the whole series.

### STREET RAILWAY MEN.

An Interesting Session of the Organization Held Saturday Night.

Despite the fact that the president and secretary were absent on their vacations the meeting Saturday night of Division No. 522, Amalgamated Association of Street and Electric Railway Employees was a pleasant and profitable one. Several new applications for membership were acted upon and those present received their July working cards and their certificates of

membership. These certificates are handsome enough to be framed. After the business of the meeting was transacted a social session was held, but of this there is nothing to report.

This association is growing in strength every day, and the several committees that are out on important missions report progress and expect to be able to bring in complete reports in a very short time.

### LABOR IN AUSTRALIA.

How it Might Be Here if We Would Vote Together.

The workingman is much in evidence "in the seats of the mighty" in far away Australia. A hodcarrier is vice chairman of the national council. This job is the same as the vice presidency of the United States. The man who sits at the head of the table at the meetings of the Australian national council, the present premier, is a coal miner. A metal worker is secretary of foreign affairs, a carpenter holds the portfolio for national defense, and the minister of trade formerly made hats for a living. The postmaster general is a miner, the minister of home affairs is a newspaper writer, and the attorney general is a lawyer well known for his friendly attitude toward labor.

### THE PRINTERS' RECORD.

The average payment per member made to the old-age pension fund of the International Typographical Union for the past year was 37.3 cents per month. The total earnings of the members aggregated \$40,293,738, or practically an average of \$897 for each one. No American trade union can show an average earning capacity for its members that comes anywhere near these figures.—Minnesota Union Advocate.

### THIS IS A CORKER.

The Italian lime burners at Rockland, N. Y., went on strike for an increase from \$1.50 to \$1.85 per day, and free and independent American scabs went to work in their places for \$1.75.

Printers have reorganized in Columbus, Ga.

O. C. BELL.

Herewith we present a likeness of O. C. Bell, who is a candidate for county clerk. Mr. Bell is a prominent business man of Lincoln, and is thoroughly capable of conducting the office in a business-like manner. The laboring men of Lancaster county will not make a mistake if they give him their support. Mr. Bell has lived in Lincoln thirty-seven years.

MINOR S. BACON.

Republican candidate for re-election for justice of the peace.

### UNION WOMAN HONORED.

Mina Berger, wife of Victor Berger, Wisconsin's leading socialist, has been elected to the board of education of Milwaukee.

The Houston, Texas, Labor Temple was set on fire by an incendiary July 5. Loss \$175,000.

### STORE IMPROVEMENTS

## Selling Out All Our Groceries at Cost

We are making extensive improvements in our basement. The restaurant, in order to accommodate its large trade, will move to the east side of basement and be enlarged and refitted; the china, housefurnishing and toy department will be enlarged. In order to do this it is necessary to close out the grocery department at once.
