HERE'S A UNION MAN

Clark Dailey, of Havelock

There are several reasons why Mr. Clark Dailey is entitled to receive the republican nomination for the position of county commissioner, and a most important reason why the working people should vote for him. He deserves the support of the working people because he is a working man himself, and a union man also. Mr. Dailey is a progressive man and is public spirited to a high degree, and if nominated and elected will do all in his power for the advancement of better roads and bridges in Lancaster county. As Mr. Dailey is a union man it is not necessary to comment further as to advisability of our members supporting him, as a vote for him means a vote for a friend. When you go to the polls to cast your ballot August 17, remember Brother Clark Dailey.

WILLIAM C. SEVERIN.
The position of county treasurer is one of the most important within the gift of the voters of the county. In Mr. Wm. C. Severin, the present deputy treasurer, we have a gentleman who has filled this position in a highly creditable manner. He has served the people faithfully, and is thoroughly familiar with the work of the office. He has always been willing to assist the taxpayers in giving them any information pertaining to the

office at any time, and has been accommodating and courteous with all who have had business with the office. Mr. Severin has always been friendly in his attitude toward the cause of organized labor, and our friends will make no mistake in voting to give him the nomination to this important office. He has never held public office as have a number of his opponents, and is entitled to your support. If nominated and elected he will give the office careful and able attention.

The case against Mrs. Vera De Nole, who was arrested by immigration officers, soon after her arrival from Hong Kong, and held for deportation, was dismissed by United States Judge Hanford. The woman, who says she is well known as a New York newspaper correspondent, proved that she was born and educated in Iowa, and the wife of a Red Bank, N. J., man.

Louis Bleriot, a French aviator, succeeded in flying across the English channel in less than an hour. Serious floods are reported in China and it is feared a famine will result. "The Canal in Winter" by E. W. Redfield, of Center Bridge, Pennsylvania, the only American picture to receive a medal at the spring opening of the society of French artists, has been purchased by the government for the Luxembourg gallery.

The boiler of the tourist steamer Gutenberg blew up near Rolandseck, a resort on the Rhine. One stoker was

killed and five members of the crew severely hurt. Several of the passengers were injured, but none of them so far as known were Americans.

Delegates from thirty countries formed the world's prohibition confederation at London. The success of several suffragettes in obtaining their release from prison by carrying out a "hunger strike" has caused all of the suffragettes in Holloway jail to adopt this method of gaining their freedom. Miss Elsie Mackenzie was discharged from prison in a critical condition, having gone 151 hours without food.

The body of Oscar Wilde the writer which was buried at Bandaux in 1900, was Tuesday transferred to Pere La chaise.

W. Fish Marsteller, stenson of Gratus J. Clay, the American minister to Switzerland, is the first American to be graduated from the Geneva university. He took a course in French.

Hot Weather Comforts

Mr. Inside Man, you have an electric fan. How about your good wife? Has she an electric fan? Is she still broiling herself and the steaks over a red-hot coal range? Why not pause and consider her comfort and convenience a little bit? If not both electric fan and gas range—

Get a Gas Range

It will make the kitchen comfortable; it will save hours and health, and make home happy. Cheaper than coal—and so clean, convenient and comfortable. We sell the ranges (cash or payments) and furnish the gas. You furnish the match. And then the housewife is equipped with labor-saving machinery. Once used, never abandoned. Ask 5,000 Lincoln women who cook with gas.
