

73 10 per cent. interest; and were all redeemed by the middle of July 1888.

Under the act of March 3, 1865, there were issued, for the purpose of taking up treasury notes and other obligations of the government including greenbacks, \$948,471,600 of five-twentieths bearing 6 per cent.

In March 1867 and July 1868 there were issued \$85,150,000 of temporary loan certificates bearing interest at 3 per cent. to redeem compound-interest notes.

The refunding bonds of 1890, of which \$1,500,000,000 were authorized were to take up previous issues.

Besides these were the bonds issued for the Union Pacific railway to the amount of \$64,618,832.

Any further questions relative to the above will be cheerfully answered so far as the records at hand will permit.

CHAS. T. GRIFFIN.

THE IRREVERENT SAMUEL.

Sam Jones has remarkable powers of description, as witness the following word painting of Congress as he sees it: "Of all the box-ankled, bandy-shanked, flea-bitten, bob-tailed, lopped, mangy, courageous, brainless jackasses that ever assembled since God made the world, I think for pure downright cussedness the present gang in Congress, headed by Hill in the Senate and tailed by 'no quorum' in the House, beats them all."

BROTHER REINHART of the Polk County Independent says the cause is still growing in "Little Polk," where Populism is politically enthroned. Gen. Weaver has been secured to deliver an address at the County Fair in September.

MR. L. A. STOCKTON, member of the People's party national committee, and editor of the Sidney, Nebraska, People's Postcard, has downed his malicious conspiring political enemies in Cheyenne county who last fall trumped up a charge of embezzlement against him. The court a few days ago decided the case in Mr. Stockton's favor, and his venomous foes are finally and completely discomfited. We hope all our exchanges will rejoice with and publish this victory of an honest Populist brother.

WE intended before this to particularly mention Mr. Woods, the man who so beautifully designed the heading of our paper. Mr. W. is the teacher of drawing at the Wesleyan University in this city, a man of genius with the pencil, and possessing much inventive talent. Any of our exchanges or private parties who need ornamental pen work, titles, monographs, &c., should correspond with him. His prices are reasonable.

To Send a Speaker to Oregon.

POPULIST HEADQUARTERS, LINCOLN, NEBRASKA, APRIL 21, 1894:

There is a movement on foot to send a speaker from Nebraska to Oregon. The Oregon election takes place in June and there is a splendid chance of Populists carrying the state. If they could do so, it would create a popular tidal wave to the People's party. The Oregon committee is too poor to pay speakers, therefore, the national committee insists that strong Populist states like Nebraska shall choose some of their best speakers and pay their expenses and some little compensation to take part in the Oregon campaign. The money could not be expended to better advantage, for victory in Oregon in July will do more to bring about victory in Nebraska than a dozen speakers could do.

Therefore, the state committee, while it makes no assessment for the purpose, asks Populists in all parts of the state to contribute what they are able to an Oregon fund. Even though it be but a mite, every little will help.

The money should be sent to J. V. Wolfe, Lincoln, treasurer of the state committee, and should be marked "Oregon fund."

J. A. EDGERTON, D. CLEM DEAVEN, Secretary. Chairman.

The members of the Fourth Congressional district committee of the People's Independent party will meet in Lincoln, Neb., May 18th, at the same time and place that the state executive committee meets.

Novel Binder Transport.

When the self-binder was first made, it weighed something over a ton and its transportation from place to place was to the farmer what the elephant is to a traveling circus. Its full width of thirteen or fourteen feet monopolized the wide road and made it impossible of transport over the narrow ones. This state of affairs led to the adoption of the binder truck, by means of which the machine was transported sideways. This invention was considered a great boon to farmers, but the task of lifting the heavy machine onto the truck was always severe and unpleasant, if not actually dangerous. But recently an invitation has been patented which does away with the binder truck altogether.

This device solves the problem of binder transportation by jointing the platform near the inner end so that in a few minutes the platform can be telescoped in such a way that the grain wheel is brought close to the foot of the elevators, and the machine runs on its own wheels. In this way the machine is narrow so that it can go wherever a hay wagon could be driven—over narrow roads, narrow bridges and through gates. This by reduction in width also accomplishes a considerable saving of storage room.

This improvement as far as we know, has been put out only by William Deering & Co., of Chicago. We understand they are protected by strong patents. If they were not, the evident utility of this device would certainly lead to its imitation by all makers of harvesters. We are credibly informed that critical examination of a large number of these platforms which have been in use for three years or more, has shown that the joint is the strongest part of the platform, and that the tendency to sag, which was predicted by the incredulous, has steadily refused to show itself.

We want fifty thousand new subscribers to THE WEALTH MAKERS. Will each one of our present subscribers help us by sending two new names? If you are unable to get yearly subscribers, send them in for three or six months. See our special offer in another column.

THE WEALTH MAKERS ALLIANCE DEPARTMENT.

BY MRS. J. T. KELLIE, SEC'Y.

Saunders County.—Brother Wright visited us on April 7 and introduced the Aid Degree, which seemed to meet with considerable favor, several taking insurance. We had a meeting last night and planned for renewed efforts to make this Alliance the banner Alliance of the county, as in days gone by. Please send all the information you can give in regard to purchasing supplies, the key to the situation here, neglect of which, it seems to me, once broke us up. M. S.

Red Willow County.—We are a little slow, but our lodge is built on a solid rock and will stand until the enemy is no more. C. W. P.

Hitchcock County.—We have been working hard to keep up our Alliance, but times are hard and money scarce and it is hard to keep up dues. Please write us the doings of State Alliance and of other sub-Alliances. I think it will help our Alliance. Yours for victory, J. M. H.

[I can give news to all better and fresher through this column than any other way, and I hope our members will send in all Alliance news that we may have an interesting paper. Let us know of your success or failure in educational, financial, political, and social matters.—Editor Alliance department]

Sherman county.—Our county Alliance was to have met the 18th, but it rained nearly all day, consequently there was only four of us met; so we adjourned until Saturday. The weather then was still bad, and roads muddy, but by ten o'clock people began to come in from all directions, to hear W. L. Greene of Kearney, who was advertised to speak in the afternoon and evening. While waiting for Mr. Greene the county Alliance held a short meeting. Mr. Greene came in on the two o'clock train and went immediately to the opera house, where we listened to one of Greene's best, and it was good. He handled his subject in fine shape, and the G. O. P. without gloves. If the weather had been good there would have been an immense crowd. As it was there was people some 15 miles to hear him, notwithstanding it had rained all of Friday night and the roads were in bad shape. Secretary, Sherman Co. Alliance.

Cherry County.—Yours of March 30 received. I have taken time to consult with some of our old members. I am ready to reorganize and bring into line our Alliance whenever I think it can be done. It is the general opinion of our members that dues could not be met this year. Perhaps they might next year. I do not think that we have two members, myself included, that could pay dues without taking that much from an insufficient food fund—a bad state of affairs, but true. W. H. S. [I know of one Alliance that was in that shape and many of the members were buying flour. They went to the mill and made a contract for any of their members by presentation of their membership card to get flour at wholesale rates. They saved 50 cents a sack. Enough to pay their dues for six months.—Ed.]
