

BOLD AGITATOR M'GREGOR.

THE MISSOURI STRIKE LEADER DEFIES LEAVENWORTH.

KEEPS HIS PROMISE AND RETURNS.

He Marches Up the Principal Street With His Followers and Is Not Arrested—Citizens Now Propose to Try Arbitration—Posses Guard Miners at Work—Other Late Strike News of Interest.

LEAVENWORTH, Kan., June 4.—Chief Agitator McGregor of the Missouri strikers, arrived from Lexington Mo., to-day as he said he would when he left here two days ago and was met at the depot by fully 300 striking miners of this city.

McGregor and a brass band headed a column of 300 miners and marched through the principal streets, and then took headquarters at G. A. R. hall.

The citizens' committee will now attempt to settle the strike by arbitration and avoid fighting if possible.

Unless a compromise be effected before Monday, grave trouble seems inevitable. At least half the miners of the city have arrayed themselves on McGregor's side and he has nerve enough to lead them anywhere and to do anything within reach of physical force.

A large posse under Sheriff Rothenberger, reinforced by volunteer citizens, regular deputy sheriffs and the entire police force in charge of Chief Cranston, marched to the North Leavenworth coal shaft at 5:30 o'clock this morning to see that no one interfered with the working miners.

ANTI-INCOME TAX PROTEST.

BUSINESS MEN OF NEW YORK HOLD A MEETING.

THE BILL VIGOROUSLY DENOUNCED.

Senator Hill Writes a Strong Letter Against the Measure—The Promoters of the Meeting Disappointed in the Small Attendance, Only About 1,000 People Being Present—Resolutions.

NEW YORK, June 4.—The business men's meeting in Carnegie Music hall last evening to protest against the income tax feature of the proposed tariff bill was notable for the character of the audience, number and enthusiasm of those who attended.

It was something disappointing that the promoters waited for the crowds to come, and the speaking, which was to begin at 8 o'clock, was delayed half an hour.

Colonel William L. Strong, president of the Central National bank, called the meeting to order, and nominated for chairman, President Evan Thomas, of the Produce exchange, and for secretary, Edward O'Dwyer, of the Democratic club.

Senator Hill wrote: "I regret that official engagements will prevent acceptance of your courteous invitation to be present at the meeting of the business men on Friday to protest against the incorporation of an income tax in the pending tariff bill."

"I need hardly assure you that I am heartily in sympathy with the purpose of your meeting. An income tax feature has no proper, legitimate place in a tariff reform bill. It engenders and embarrasses an honest, equitable revision of our tariff laws, which was expected, if not desired, by the citizens of all parties."

"The unfortunate effort to incorporate it in the pending measure has delayed a speedy disposition of the tariff subject, and induced a surrender of nearly every correct and consistent principle upon which a tariff reform should be based."

"It is immaterial whether this scheme is popular or unpopular; or whether it taxes the many for the benefit of the few, or the few for the benefit of the many, it is equally indefensible, vicious and unreasonably."

"As a representative, a citizen and a partisan I have opposed this income tax fully from the start. I am opposing it now and shall continue my opposition to the end. I remain your fellow citizen, DAVY HILL."

Speeches were also made by President Waldo Smith, of the Wholesale Grocers' association; Professor T. Lewis, in behalf of the insurance companies; Lewis Windmuller, of the Reform club; Frederick Taylor, on behalf of the bankers and brokers of Wall street; Lawyer Stern, John P. Townsend, of the Bowers Savings bank; Chairman Evan Thomas and others, all in a vein of earnest opposition to the income tax.

A LITTLE GIRL'S ESCAPE.

HOW SHE WAS RESCUED FROM A LIFE OF TORTURE.

Almost Beyond the Hope of Recovery—A Loving Father's Gratitude.

(From the Kansas City, Mo., Journal.) "Perhaps no disease with which a young person can be afflicted is so terrible and blighting in its nature as a nervous disorder, which gradually saps the strength of its victim and haunts him or her day and night."

This was the melancholy prospect which confronted Mr. L. L. Barbor's young daughter, of Edgerton, Kan., and the gratitude of her parents when a complete and lasting cure, was brought about may be imagined. Learning of the case, for it is one which has created a great deal of interest throughout the country, a Journal reporter sought Mr. Barbor to get the full particulars in the belief that much good could be done other sufferers by the publication of the facts of the case.

"During the spring of the current year, 1893, my daughter, Bertie, aged 13 years, became afflicted with a nervous disorder, which grew upon her to such an extent that it seriously interfered with her studies, and aroused the gravest fears that it would develop into St. Vitus' dance. My daughter became so nervous that she would drop her knife and fork while eating, and would at times be seized with nervous twitchings which excited the alarm of myself and wife. About this time my wife read in a newspaper of a wonderful cure of the same disease effected by Dr. Williams' Pink Pills for Pale People. So strongly was I impressed with the facts set forth in the testimonial that I wrote to ascertain the authenticity of the case. Receiving a reply which completely satisfied me, I sent for a box of the pills."

"From the very first dose a marked improvement in my daughter's condition was noticed. She had become thin and excessively pale, as is common to sufferers from nervous diseases, and her weight had decreased to an alarming extent. After a careful and thorough trial of the pills, she not only began to grow less nervous but also began to gain flesh."

"It is needless to say that I was both surprised and delighted with the wonderful change brought about by the first box of the pills. She is a new girl, and all the symptoms of her disease have disappeared. Dr. Williams' Pink Pills have certainly wrought a wonderful and complete cure, and I can say nothing too good in their favor. But now she is away on a visit, something she would not have thought of being able to do three months ago. From being shrinking, morbid, and timid she has become a strong, healthy girl, with no appearance of ever having been afflicted with any nervous troubles. The pills have done wonders, and I take great pleasure in recommending the pills to all who are afflicted with a similar disease. (Signed) L. L. BARBOR."

Subscribed and sworn to before me this 14th day of August, 1893. [SEAL] W. H. KELLY, Notary Public. Mrs. Barbor, who was present, cordially assented to all that her husband said regarding the remarkable cure brought about by the pills, and declared that they owed their daughter's life to them.

Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, neuralgia, rheumatism, nervous headache, the after effects of a grippé, palpitation of the heart, and that tired feeling resulting from nervous prostration; all diseases resulting from vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females such as suppressions, irregularities, and all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and Brockville, Ont., and are sold only in boxes bearing the firm's trade-mark and wrapper at 50 cents a box, or six boxes for \$2.50, and are never sold in bulk or by the dozen or hundred.
