President, W. L. Dale, Atlanta. Vice-Pres., Prof. W. A. Jones, Hastings. Secretary, Mrs. J. T. Kelle, Hartwell.

Chairman, I. N. Leonard, Lincoln. Executive Committee: E. Rederman, Bertrand; L. W. Young, Wilsontonville; C. M. Lemar, Wahoo; J. M. Dimmick, Macon.

THE WEALTH MAKERS ALLIANCE DEPARTMENT.

BY MRS. J. T. KELLE, SEC'Y.

We hold a company meeting on the 9th inst., when we will complete arrangements for the purchase of binding twine. We have purchased through the Alliance for the last three years and have saved ourselves as (farmers) much money.

Webster County—We take a question and each member answers it to suit himself. Then we argue over it awhile, then vote on which answer is the best, and when a majority votes for an answer then it is settled.

Frontier County—Enclosed please find \$5.00. Please send the following books: * * * We expect to send for more books soon.

Hayes County—There will not be 20 lbs. of twine used in Hayes county this year. We are in a pretty tight place, having lost our crops last year and no prospect of any this year.

Answer—Many claimed when the Coxyites passed through here that all of them could have gotten work if they had wanted it, but since getting the above I cannot hear of anyone who can tell me the name of anyone who wants a hand.

Webster County—We want to hold a great political meeting of not less than two days length in my grove July 3rd and 4th. The first day is our county Alliance meeting to be held in Bladen.

Dawson County—Our cause is gaining strength faster than I ever did and we will poll one-fourth more votes than we have ever before.

State Lecturer J. H. Powers writes that his meetings are mostly well attended through this worst season of the year to get the farmers out, and that the only reason he does not make more organizations is because the time in each county is so short.

Saunders County—We have planned for four meetings for Brother Powers, at Memphis June 14th, at 8 p. m.; Valparaiso June 15th, at 8 p. m.; Cedar Bluffs June 16th, at 3 p. m.; Wahoo June 16th, at 8 p. m. Please publish, and if any change should be made I will notify you.

Answers to questions on transportation: 1. What is meant by right of way? The privilege to travel and transport on designated lines or paths, and subject to restrictions by law, and entitled by law to protection.

2. What relation has the right of way to the liberty and prosperity of our people? The relation to the liberty and prosperity of the people is that of any other human necessity and cannot be separated from it.

3. What is a highway? A road for all to travel upon. 4. What is a private highway? A private highway to be owned by the government to be used for corporations?

5. How can the people, and in which way, be made to have rights to all highways? The people to be made to have rights to all highways?

6. How can the people be made to have rights to all highways? The people to be made to have rights to all highways?

7. How can the people be made to have rights to all highways? The people to be made to have rights to all highways?

8. How can the people be made to have rights to all highways? The people to be made to have rights to all highways?

Enough to construct them and keep them in good serviceable condition.

7. Should the expenses of the same be met by the whole people or by those who use them?

All use them directly or are benefited by them, hence all should contribute to their maintenance.

8. How can the ownership of the railways be equitably and safely secured by the government?

Establish direct legislation. Seize the coal fields, ores and timber and make the roads out of the raw material and buy all existing roads at the cost of construction.

9. Should the means and business of water transportation be owned and operated by the government?

Yes. 10. Should the telegraphs and telephones of the country be operated by the government?

Yes. J. M. STRAHL, Mayflower, Adams County. Those who differ please send other answers.

Blair—There seems to be a lack of courage among even Populists. They, too, many of them want a theory to become popular before they speak for or against it.

Let those who are aspiring for public favors in the Populist ranks, tell the public plainly what they propose to do to make this world a better place to live in. If they have a scheme of amelioration, the fear of ridicule, moral cowardice, keeps them from proclaiming it to the world.

[Right, Brother B. If our so-called leaders will come squarely out for the most advanced reforms they will encourage the disheartened and they will work for victory. The trouble is many leaders (?) are not as advanced as the rank and file, and the consequence is many have given up looking for a peaceful revolution. Give us leaders who have no taint of cowardice, and victory is ours.

MRS. J. T. KELLE.

The Wagon Conveyance Endorsed. At a citizens meeting of residents of Oak precinct, Lancaster county, Neb., those present adopted the following:

Resolved: That we most earnestly endorse the proposed plan of a wagon campaign of delegates in attendance upon our state and congressional conventions.

The plan will be economy for our friends and will punish our enemies, and is the only plan that will enable the better elements of our people to go as delegates. We estimate that these conventions held in the usual way will cost our friends in cold cash about \$10,000, while the wagon plan need not cost one-twentieth part of this amount, besides from one to five or more speeches might be made each day and the people enlightened upon the living issues of the day.

Southwestern Nebraska Burning Up. SPRING GREEN, Neb., June 4, '94. Editor WEALTH MAKERS:

The following resolutions were passed at our Alliance, and we would be very much pleased if you could find space in your valuable paper to publish them. A good worker, in a good cause, gone home. I will say in connection with this, that south western Nebraska is literally burning up. Pastures today look as bare as in November. God knows the people will have a terrible time to pull through if it does not rain in two weeks. And then we are losing votes every day as emigration has commenced eastward. In my opinion, the only man who can carry this district (congressional) is McKeighan, in view of the fact that we are losing votes. McKeighan can spare a few, and still walk in.

Respectfully, GEORGE W. MARTIN.

RESOLUTIONS OF SYMPATHY. Resolutions of respect of Spring Green Alliance No. 617:

Whereas, It has pleased the Great Shepherd of the flock to call hence our sister and co-laborer, Mrs. Arminda Taylor; and

Whereas, By her death this Alliance has lost a faithful member and the sorrowing family a dutiful wife and loving mother, therefore be it

Resolved, That Spring Green Alliance No. 617 extend to the sorrowing family our heartfelt sympathy in their sad bereavement.

Resolved, That a copy of these resolutions be handed to Brother Henry Taylor, and to the Weaver City Times, and THE WEALTH MAKERS for publication. And be it further

Resolved, That a copy be spread upon the minutes of this meeting.

C. D. PRABNON, G. W. MARTIN, M. F. MCCORMACK, Committee.

Alliance Endorsements of Kem and Allen. Resolutions adopted by the Sherman County Alliance held at Rushville, Neb., June 2, 1894.

Resolved: That we heartily endorse the fearless course of Congressman Kem in his unceasing efforts in upholding the rights of the agricultural and laboring classes of his district.

Resolved: That it is the sense of this meeting that the legislature of our state did a wise thing when they elected that wise statesman, noble patriot and champion of the People's cause, W. V. Allen, to the Senate of the U. S., and we heartily endorse his action in the defense of the common liberties of the

people and the unemployed citizens of our great commonwealth.

And we recommend that a copy of these resolutions be published in the independent papers of Sherman county and in THE WEALTH MAKERS, and a copy be sent to Congressman Kem and Senator Allen.

Get Rid of the Tariff Nuisance. ALFORD, Neb., May 18, 1894. Editor WEALTH MAKERS:

A neighbor suggests that we add a new plank to our next state platform which he says will make us many votes, and I think is likely to—"That we favor the speedy settlement of the tariff question, irrespective of politics, in favor of the masses of the people."

The country at large is sick of the tariff question; and we will never see the end of it so long as it is in politics. The masses will favor such a plank, and as the manufacturers always claim that tariff benefits the masses they can't find any fault with it, aside from politics. It can no longer be said that we dodge the question. The plank should be made conspicuous in our platform so that all who glance the latter over may not fail to see it. I favor a short, pithy platform. Please publish the suggestion.

Yours etc. N. H. B.

What Brother Erickson Proposes. LINCOLN, Neb., May 18, 1894. Editor WEALTH MAKERS:

I am glad glad you have championed the cause of the poor unemployed who are marching to Washington to try to have their grievances redressed through law enacted for their relief. But I see in the shadow of the capitol they have been clubbed and driven away, instead of welcomed.

I am glad to see Mr. Allen has introduced a resolution in the interest of the industrial class. I endorse his noble work for the poor.

Now a word to you farmers all over the United States. You have seen your brethren driven away from the shadow of the capitol, from under the eyes of the law making body. Isn't it time then for us to be up and doing something? Should we not follow the industrial movement with a petition and bills prepared to have enacted into law, providing for the postal banking system and a billion of greenbacks to be put into circulation after the provision of the bill; and for the government to take possession of all the railroads which are in the hands of receivers now; and the telephone and telegraph; and to take possession of all the land that is stolen by railroads and foreign syndicates?

Now I should think it would be wise to send one man from each county in the United States in sympathy with honesty and fair play to all classes of labor, (that would make an army of 20,000 or 25,000 men) to have a day set in Washington. It would make a stir from ocean to ocean and lake to gulf. It would make more stirring among the masses than 5,000 orators in 5 years. It would cost only each person who is in sympathy with the cause 10 cents. I have no faith that the criminal Congress and legislature will do anything for our cause, but it will shorten the distance between relief and distress.

The Independent press please copy and get the ball rolling. A word to you, Brother Editor. I see in one of your issues that they are going on four horse teams to the convention. I am in sympathy with that movement and think it should be advocated in the whole independent press. I hope, Mr. Editor, you will push it to the front; because a demonstration through the country of flags and mottoes should be in the people all over the state. I see they are doing the same thing in Ohio.

Respectfully, E. V. ERICKSON.

CONCLUSIONS OF THINKERS. War is robbery, commerce is generally cheating.

Interest-bearing capital: Money that is worth more than money, value that is greater than itself! —KARL MARX.

Hunger, nakedness, death even was, come sometimes with cheerfulness, but injustice is insupportable to all men. —CARLYLE.

Sam Weller's memorable dictum: "Who it is I can't say; but all I can say is, that somebody ought to be whipped for this!"

I have worked out the question of interest of money, which always, until lately, had embarrassed and defeated me; and I find that the payment of interest of any amount whatever, a real "usury," and entirely unjustifiable. —BURKIN.

\$100 Reward, \$100. The reader of this paper will be pleased to learn that there has been one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The cure is not a mere temporary relief, but a permanent cure. Those who suffer from Catarrh should get this cure at once. It is for sale by all druggists and by mail. Address: J. C. A CIRCUS ON THE BILL-BOARDS

and a circus on circus day are two kinds of a thing. The greatest circus is usually on the Bill-boards, and the circus on Circus Day is consequently a disappointment. There is, of course, the occasional exception which proves the rule. McCormick Eiders and Mowers are an exception. Their promise on the "Bill-boards" is always fulfilled on "Circus Day." For years the makers of McCormick Grain and Grass Harvesters have been telling the World that they could and would at any time demonstrate the superiority of their machines in the actual competitive field test. The "Bill-boards" of other manufacturers have glancingly proclaimed that their machines are the best. But "Circus Day" came at length. The World's Fair urged all these manufacturers to take their machines into the field that the results might be compared. The McCormick was there; its show went on. It's promises to the World were carried out. But how about the other "great and only's"? They stayed at home consoling themselves with the reflection that "the people like to be humbugged," and their artists got up new pictures for the "Bill-boards." Before deciding about going into these field trials, the competitors of the McCormick went and examined the crops to be cut, and realizing the severity of the conditions, they said to themselves: "We don't propose to come here and compete with the McCormick;" "A live coward is better than a dead hero;" "The sucker is born every minute, and we'll catch some of 'em anyway. That policy may answer for the "Bill-board" sort of circus; it will not do for the McCormick. Promises must not be broken. If McCormick machines are not better than all others, they must not be so advertised. If they are so advertised, every Binder, every Reaper and every Mower must be ready at a moment's notice to go out into the field and show up. That's business. Write to the McCormick Harvesting Machine Co. Chicago;—or, better yet, call at once on your nearest McCormick agent.

WOOL! WOOL! WOOL!

WE are revolutionizing the wool trade by our prompt sales and quick returns. If you have ever shipped wool East you know that it takes them from six to twelve months to close out a lot of wool. We can make you full account sales within ten days after your wool is received. Sacks furnished on application. Liberal advances made when desired.

SAVE a million's profits by shipping us your pelts. We are not dealers, but have a large shaggy and tan our pelts. Does it not stand to reason that an exclusive wool commission house can do better for you than a general commission house who sell hay, grain, etc. Certainly it does. We give our full time and attention to wool. Write in writing to us mention this paper.

WOOL DOES WOOL GROWING PAY?

That depends upon how you sell your Wool. If you ship it direct to market and to the right house, it does pay. It is no experiment. Our shippers testify to it unanimously. We will not only obtain the highest market price for your Wool, if you ship us, but we will send you quick returns. We are revolutionizing the Wool trade by our Prompt Sales and Quick Returns. We have done what the Wool trade said was impossible. Instead of taking six to twelve months to make returns for Wool, as most houses do, we make returns in that many days, and our shippers back us up in this statement. Write for Prices on Wool and see the testimonials of our shippers. We are not an exclusive Wool house, but handle Hay, Grain and Product of all kinds.
