

CARLISLE'S INSTRUCTIONS.

THE SECRETARY TO THE CUSTOM COLLECTORS.

POINTS ON THE NEW TARIFF BILL.

The Free List and Bonded Goods Cleared Up—Wool in Bond to Be Withdrawn Free of Duty—Reciprocity Treaties Revoked as Applies to Venezuela, Columbia and Hayti—Other News.

WASHINGTON, Aug. 28.—The tariff bill which has been in the custody of the treasury department since shortly after it was sent to the president was returned to the White House this morning. It is stated authoritatively that a veto is out of the question and that the bill will become a law at 12 o'clock to-night.

Secretary Carlisle has decided that goods placed in bonded warehouses under the McKinley law and made free of duty under the new tariff act are entitled to free entry and need not be exported and reimported to get the benefits of the new act. This is of great interest to the wool trade, a large amount of wool being stored now in bonded warehouses. In this, as in all other mooted questions, the secretary will follow the intent of congress and let aggrieved parties appeal to the courts if they care to contest on technical grounds. He undoubtedly will hold that diamonds are dutiable, notwithstanding the erroneous punctuation of the free list.

The secretary sent the following telegram to collectors at New York, San Francisco, Boston, Philadelphia, Baltimore, New Orleans, Chicago and Port Townsend, Wash.:

Treasury Department, Office of Secretary, WASHINGTON, D. C., Aug. 27, 1894.—Collectors of Customs: You are instructed as follows concerning the collection of duties under the recent revenue legislation of congress:

First—All articles heretofore subject to duty made free by the provisions of the new act may be withdrawn from the warehouses on and after August 28, 1894, without payment of duty.

Second—All manufactured articles especially or generally provided for in schedule "K" where composed wholly of materials other than wool or worsted or of which some one material other than wool or worsted is the component part of their chief value, will be admitted on and after August 28, 1894, at the rate of duty prescribed in the new act; all other manufactured articles specifically or generally provided for the said schedule will continue, until January 1, 1895, to pay the rate of duty imposed thereon by the act entitled: "An act to reduce the revenue, equalize duties on imports, and for other purposes," approved October 1, 1890.

Third—Coffee and tea, hides and skins, raw or uncurd, whether dry, salted or pickled, will be admitted free of duty on and after the 28th day of August, 1894, and treasury circular "B" 12,510, dated March 24, 1892, issued in accordance with proclamations of the president of the United States dated March 15, 1892, and directing the collection of duties upon certain articles being the products of or exported from Venezuela, Columbia and Hayti is hereby revoked.

J. G. CARLISLE, Secretary.

K. P. ENCAMPMENT.

The Flag Over Camp Washington at Half Mast.

WASHINGTON, Aug. 28.—The flag over Camp George Washington was lowered to half mast to-day on account of the announcement of the death of Congressman George B. Shaw of Eau Claire, Wis., past supreme chancellor of the Knights of Pythias. Resolutions were drafted at once by the supreme lodge, to be sent to his family.

Three hundred extra tents from the war department were raised to-day, making the number in the camp 2,000, but there were complaints of overcrowding and the Washington divisions, which had tented with the visitors, marched out of camp and gave their quarters to the Michigan men. Estimates of the number in camp are about 10,000, as each tent accommodates five men. There are also many unattached knights in town. Many divisions arrived during the day and there was a jolly time in camp notwithstanding the damp, uncomfortable weather.

The state brigades which are here are: Kentucky, Indiana, Kansas, Iowa, Illinois, Wisconsin, Texas, Pennsylvania, Nebraska, West Virginia, Missouri, New Jersey, Ohio, Tennessee, Minnesota, Michigan, New York and Connecticut. Separate regiments are on the field from Florida, Georgia, South Carolina, North Carolina, Maryland, Maine, Rhode Island, Louisiana, Delaware, Arkansas, and Colorado.

PISTOLS IN A CONVENTION.

Two Oklahoma Delegates Indulge in Wild Shooting to Express Disapproval.

ENID, Ok., Aug. 28.—In the Democratic county convention Saturday night, a bitter fight was waged for the nominations.

Just before the close Delegate Mulholland of Waukomis denounced the action of the convention and, drawing his revolver, began shooting out the lights. Delegate Phillips of Jonesville, a South End suburb, rushed at Mulholland and, with drawn revolver, began shooting through the floor. There was a wild scramble for the windows and doors, but fortunately no one was injured.

Postage Stamp Changes.

WASHINGTON, Aug. 28.—General changes in postage stamps have been ordered by the postoffice department. Many which have been issued for years will be discontinued and a number of new denominations in the several issues will hereafter be put into use.

A Talk With the Old Party Whooper.

The campaign is on and the band is playing. We must get out and whoop. For what? Why, for the candidates. Who is he. Don't know. It makes no difference; he was nominated. By whom? Don't know; we were not there. Is he a good man? Guess so; don't know anything about him.

Is he a friend to the farmer? Must be; says he is. Hadn't you better inquire into his record? No time for that, got to whoop.

But suppose, when he is elected, he refuses to do anything for you or to recognize your industry. Can't consider that matter now; will look into it after election. Must devote every energy to whooping until the ballot box closes.

But that is not the way a sensible business man should act, is it? Make no pretense to being sensible; don't want to be sensible. But just hear me whoop. There is patriotism in that whoop; there is love for the old flag in it; there is noise in it. Noise makes votes; noise is the stock in trade of American politics. Whoop her up and beat the big drum.

But, friend, wheat is less than 50 cents; cotton is down accordingly; taxes are high; the mortgage is pressing values has shrunk 50 per cent. Great heavens, politics means something under such conditions. Doesn't your own safety and prosperity demand that you vote carefully and intelligently. Too full of whoop to think of the common affairs of life. Ready to burst with whoop. Must whoop or die.

But politics has to do with your home, schools, your church, with the dearest interests you have on earth. As a citizen, husband and father there is a heavy obligation resting upon you, and can you afford to treat politics lightly? Feel the responsibility, but it is not as big as my whoop.

And the fellow keeps on whooping until his throat is sore, his teeth loose, his pocket book empty and the party ticket elected. Then he kicks. For what? Because the man he elected works and votes against his interests all the time; and then he whoops again; goes up and down the land whooping against the treachery of the politician. He is a constitutional whooper. He is all noise, like a bursting bladder balloon. Tied to party he whoops his life away and dies a partisan, whooping slave!—Farmer's Voice, Chicago.

Rawlins Strike Sympathizers Held. CHEYENNE, Wyo., Aug. 27.—City Marshal Haley, Editor J. F. Egan, and Clerks of District Court Burke, citizens of Rawlins, charged with contempt of court in interfering with United States deputy marshals during the recent strike, were held to-day by Judge Riner in \$500 bonds each to await the action of the United States grand jury.

Four of a Family Drowned.

PORTSMOUTH, Ohio, Aug. 27.—A. A. Parrott, ex-county commissioner, and his wife and three children, riding in a spring wagon, attempted to ford the Scioto river, it being very low, but the team struck a sink hole and all the occupants of the wagon were drowned except a 13-year-old boy who managed to get to shore.

Returns From Tennessee Election.

NASHVILLE, Tenn., Aug. 26.—Full official returns of the election for supreme judge have been received by the secretary of state from every county. Democrats, 145,158; fusionists, 131,289; Democratic majority, 13,869, a gain of 25,835 over the aggregate opposition vote for governor in 1892. The total vote is larger than was expected.

BY MRS. J. T. KELLIE, SECT.

Action of the Alliance Executive Committee. Meeting of the executive committee of the F. A. & I. U. at Grand Island, August 23, 1894.

A letter was received from the secretary of the American Railway Union at Pullman, Ill., which was as follows: PULLMAN, Ill., Aug. 8, 1894. Secretary Nebraska Farmers' Alliance: We understand that the members of the Alliance are liberally disposed towards the movement here in Pullman and think they will respond to our call for aid. There are thousands of people here on the verge of starvation. I have been instructed to make this appeal to you on behalf of the Pullman people, and ask that you use your influence in whatsoever way you can for their relief. Our cause is certainly a just one, and it is impossible for us to work for the wages we received prior to our strike, as we cannot make both ends meet. We, too, realize that the strike is not the proper means to attain justice for labor, and have determined to make another and yet more powerful strike, at the ballot box, this fall. We are organized into People's party clubs, and have candidates from our own ranks and sympathizers on the ticket, and feel confident of their success this fall. Anything the members might wish to contribute can be sent to D. V. Gladman, Treasurer Relief Committee, Pullman, Ill.

Yours respectfully, M. J. PURCELL, Secretary A. R. U., No. 251, Box 551, Pullman, Ill.

A motion was made and seconded that the letter be received and placed on file in the records of the office. The following answer was then read by the secretary.

HARTWELL, Neb., Aug. 23, '94. M. J. Purcell, Sec'y A. R. U., No. 251, Pullman, Illinois. DEAR SIR:—Your letter of August 8th, received. You are correct regarding the feeling the Nebraska F. A. & I. U. entertain for the American Railway Union and especially the Pullman strikers. We have for them the most sincere sympathy, not as those might have who have never felt injustice; but as fellow-sufferers in the chains of industrial slavery.

Your letter has been brought before the Executive Committee of the State Alliance in our quarterly meeting and will be brought to the attention of all our members, and any of them who are able to assist you will doubtless rejoice to do so; but I shame for the patriotism and intelligence of the citizens of our state, that I must say to you that having always been ruled over by agents of foreign capitalists they have so robbed and plundered our state of the wealth produced here that now when we are having the first general crop failure ever in the state, there is scarcely exchangeable wealth enough among the toilers of the state to keep them from starvation until another crop can be raised.

Our bounteous crops for many years have been sold below the cost of production and we are not only destitute but heavily burdened with debt. Tens of thousands more will lose their homes, victims to the traitors of our state who have legislated only for foreign capital and have ever turned a deaf ear to our cries for justice or mercy.

Our Pullman hero is in the form of a hydra-headed monster called land, money and transportation monopoly, and our courts and executive officers carry out his decrees and hold us to be robbed at every turn. We feel that the only solution for our troubles is to utterly abolish land, money and transportation monopoly and put men in office who regard the lives and liberties of their fellow citizens as sacredly as those of capital.

We deny the right of any man to own more of the land than he wishes to use. He has no right to keep enslaved his fellowmen.

No more should the necessary means for the exchange of the products of labor, which includes money and all means of transportation, be owned or controlled by individuals.

So you see you can depend on the hearty co-operation of the Nebraska F. A. & I. U. at the ballot-box with the hope that by our united efforts we can bring peace and liberty to us both.

Hoping to go hand in hand to a complete co-operative commonwealth wherein is no lord or slave, I am Yours for industrial freedom, MRS. J. T. KELLIE, Sec'y, Nebraska F. A. & I. U.

It was then moved and seconded that the answer of the secretary be adopted as the answer of the State Alliance and forwarded to the A. R. U., and both given to the press of the state for publication. Carried.

A motion was presented as follows: The executive committee of the State Alliance and Industrial Union being in session at Grand Island Aug. 23d, had their attention called to an editorial note published in the Omaha Daily Evening News of August 17, in the following language:

The State Alliance and the farmers in of Nebraska in general are indignant at THE WEALTH MAKERS, published at Lincoln, on account of its scurrilous attacks on Mr. Bryan. It is understood that they have instructed THE WEALTH MAKERS to shut up or be publicly denounced by the Alliances throughout the state.

The State Alliance through its executive committee desire to state that no such action has been taken by the State Alliance. MRS. J. T. KELLIE, Secretary.

Metal Wheels for your Wagons. The season for cutting corn fodder being close at hand, it may be well for farmers to get a set of these low metal wheels with wide tires.

They can be had any size wanted from 20 to 50 inches in diameter, with tires from 1 to 8 inches wide. By having low wheels enable you to bring the wagon box down low, saving one man in loading fodder, etc. It is also very convenient for loading and unloading manure, grain, hogs, etc. and will save in labor alone their cost in a very short time. These wheels are made of best material throughout, and have every possible advantage over the high wooden wheels with narrow tires, and will outlast a dozen of them. There will also be no resetting of tires necessary, and consequently no blacksmith's bills to pay. Wide tires save your horses and prevent cutting up your fields. For further information write The Empire Manufacturing Co., Quincy, Ill. who will mail catalogue free upon application.
