

NOT UP TO EXPECTATIONS

DUN'S WEEKLY REVIEW OF THE BUSINESS SITUATION.

NOTHING ESPECIALLY NEW RECORDED

Cotton Below 6 Cents and Wheat Below 55 Cents, Each Lower Than Ever Before Known, and Export of Gold Instead of Products the Salient Features of the Week.

NEW YORK, Oct. 22.—R. G. Dun & Co.'s Weekly Review of Trade says: Cotton below 6 cents and wheat below 55 cents, each lower than ever since present classifications were known, export of gold instead of products are the salient features in business this week.

Wheat for October delivery fell to 54 1/2 cents on Wednesday and in spite of some recovery the average for October thus far is 2 cents below the lowest monthly average ever made, which was in September, and was nearly 10 cents below the lowest prior to this year, the October average being 50 cents below that of October, 1891, or 1890.

Domestic exports from this city in two weeks of October were 18 per cent less in value than last year, while the increase in value of imports has been 27 per cent. Much of the decrease in exports is in the price, but in August and September over a quantity of wheat decreased over a third. Provisions and cotton gained but oil decreased, and in minor products exports in September declined 16 per cent.

BOLD TRAIN ROBBERS.

A Texas Pacific Train Held Up in Broad Daylight.

WEATHERFORD, Texas, Oct. 22.—The west bound passenger train on the Texas Pacific railway, which left here at 10:30 yesterday morning, was held up and robbed by four men near Gordon about noon. The correspondent learned from Mr. J. B. Young of Gordon, who was on the west bound train last evening, that at a point about two miles this side of Gordon four men, unmasked, approached the section gang and forced them to obstruct the road and flag the train as it approached, and when the train was stopped the bandits forced the express messenger to open the door of the express car. They also forced the section men to go into the car with a sledge hammer and try to batter the combination of the express safe, but their efforts to open the safe were unfruitful. The messenger's way safe was battered open and what money there was in it was taken by the robbers. The amount secured, it is estimated, runs anywhere between \$500 and \$8,000. To-day being payday at Thurber for the large number of hands that work at the mines, there was in the combination safe \$30,000 consigned to the Pacific Coal company, which was to pay off the hands.

The Queen Sanctions a Wedding.

LONDON, Oct. 22.—The Gazette prints an order in the council by the queen dated October 15, consenting to the marriage of Prince Adolphus of Teck, eldest son of the duke and duchess of Teck, and brother of the duchess of York, to Lady Margaret Grosvenor, the youngest daughter of the duke of Westminster, probably the wealthiest nobleman in England. The engagement of the prince and Lady Margaret was announced in July last.

MRS. FLOWERY BADLY BITTEN.

A Pet Bull Dog Sticks His Fangs into the Chin of the Governor's Wife.

NEW YORK, Oct. 22.—Governor and Mrs. Flower came from Albany on Tuesday to spend a few days in this city, and Fred S. Flower, a nephew of the governor, who is connected with his uncle's banking house and makes his home with him, brought "Billy," a full blooded bulldog and a pet of the family, from the bank, where it had been kept while the family was away. The dog seemed as gentle as usual until yesterday afternoon when, just as Mrs. Flower stooped to pet it, it sprang at her face and sank its teeth into her chin, but soon released its hold. Messengers were dispatched to the drug store and in search of a physician, and the wound was properly dressed before the family physician arrived.

It was found that the fangs of the dog had pierced the flesh on Mrs. Flower's chin near the under lip. The incisions were deep and one was nearly an inch long where the dog's tooth had torn downward. Mrs. Flower was, however, well enough to return to Albany with the governor, and it is believed the injuries will not be permanent. The dog was a present from Senator Murphy.

A PICTURESQUE CANDIDATE.

The North Dakota Anti-Fusion Congressional Nominee a Queer Genius.

FARGO, N. D., Oct. 22.—In the Democratic state convention some delegate proposed the name of Bud Reeve, "The Sage of Buxton," as a congressional nominee. He was nominated, though the action was immediately rescinded and the Populist candidate endorsed.

Reeve then became "anti-fusion Democratic" candidate by petition. He is touring the state on a horse, presented by the citizens of Valley City, shod with shoes presented by Buxton people. He is wrapped in a huge American flag, and on his shoulders is perched an American eagle. Accompanying him is a Scotch collie dog, which acts as master of ceremony, and marches at the head of the procession wearing a banner on which is inscribed: "This animal is no politician, but he knows better than to fuse with animals antagonistic to his nature."

A DRAWN BATTLE IN COREA.

Chinese and Japanese Said to Have Met in a Bloody Conflict.

LONDON, Oct. 22.—A dispatch received here from Shanghai to-day says that, according to Chinese advice, a severe battle has been fought on the lower portion of the Yalu river. The Japanese are said to have crossed the river and to have attacked the Chinese, but it is reported, after fierce fighting, were repulsed. Both armies are said to have lost heavily. The Chinese do not claim a conclusive victory, but declare that they still maintain their position.

Confidence Men Arrested.

KANSAS CITY, Mo., Oct. 22.—Al Guion and Adam Dunn, confidence men with a penchant for big poker games, who are under indictment in Chicago for swindling a man out of a large sum of money in a card game, were captured in this city by the police this morning. Guion was registered at the Coates hotel and was arrested there, while Dunn was taken into custody on his arrival in this city this morning from Smithville, Mo. The police are much elated over the capture of the men, as they are among the most clever of card swindlers.

Hay and Grain Exchange Burned.

KANSAS CITY, Mo., Oct. 22.—At 3 o'clock this morning fire broke out in the Kansas City Hay and Grain Exchange, corner Nineteenth and Wyoming streets. The building is 400 feet long and 125 feet wide and was filled with hay, about 500 car loads, and all efforts of the firemen to save it were fruitless and their attention was turned to keeping the flames from attacking the large lumber yard to the north.

Sensational Branch of Promise Suit.

MEXICO, Mo., Oct. 22.—Miss Mary Miller of near Farber has brought suit against John A. Criswell of the same neighborhood, through her attorney, John D. O'Rear of this city, for \$10,000 damages, accusing him of breach of promise and seduction under promise of marriage. Miss Miller is a young German girl, 17 years of age, and the daughter of well-to-do Audrain county parents. Mr. Criswell is a prominent farmer and stock-raiser of near Farber, and is 42 years of age.

Short in His Accounts.

EMPORIA, Kan., Oct. 22.—Before the final adjournment of the grand council of Kansas Red Men, which occurred last Wednesday night, it now develops that Grand Chief of Records J. H. E. Weigands of Leavenworth, was forced to resign the office which he has held for years and to which he had just been re-elected. Shortage in his funds was the cause, but just how much is not as yet known by the Red Men themselves, who are very reticent on the matter.

Satoli to Be a Cardinal.

BALTIMORE, Md., Oct. 22.—A clergyman of Cardinal Gibbon's household confirmed the report that Mgr. Satoli will become a cardinal, and in addition to that an archbishop will be a cardinal. "The most that can be said," added the clergyman, "is that he will probably be named at the next consistory, and that the next consistory will convene in Rome most probably in December of this year."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. A \$70,000 LEXOW BRIDE.

PURSE MADE UP TO BUY OFF THE COMMITTEE.

THE LATEST NEW YORK SENSATION.

Gamblers, Green Goods Men and Police Backers Name a Price for Which the Investigators Themselves Could Be Purchased, So Testifies a Policy Backer Before the Committee.

NEW YORK, Oct. 22.—Soon after the Lexow investigating committee resumed its hearing yesterday, George W. Kay, for years a policy backer, but now a reputable business man, testified that at a meeting of gamblers, green goods men and police backers, it was agreed that the Lexow committee itself could be bought up for \$70,000.

As Kay uttered this statement, Mr. Lexow cried angrily, "What's that," while Mr. Bradley whistled softly, Mr. Cantor smiled and Mr. Robinson appeared dumbfounded.

Counsel Moss, who is assisting Chief Counsel Goff in conducting the cross-examination, remarked: "These gentlemen proceeded upon Sir Horace Walpole's theory that every man has his price."

Mr. Goff inquired whether a pool was being made up for the purpose of securing "protection" from the committee, but the witness assured him that he knew nothing about it, if such an attempt was being made.

Two or three colored girls testified that they paid the police \$1 a week for "protection." Upon bench warrants issued last night the following ex-police officers were arrested to-day: Ex-Captain Doherty and his two ward detectives, Hock and Mehan; ex-Sergeants Liebers, Parkerson, Jordan, Clark and McKenna. The warrants were issued on charges brought out before the Lexow committee and substantiated at the defendants' trial before the police board, on which occasion they were dismissed. The alleged offenses consist chiefly of extortion.

NEW ARMY REGULATIONS.

The Work Two-Thirds Completed and to Be Issued by January.

WASHINGTON, Oct. 22.—The new army regulations are rapidly nearing completion and three-fourths of them have been approved by General Schofield, while the rest will be passed on by him within the next two or three weeks. It remains then only to have the entire work approved by the secretary of war. It is probable that the new volume will be ready for distribution before the year closes. They are regarded as quite as important as the new tactics, embracing the common law of the army, with the orders of the president and war department, laws of congress, all questions of military discipline, rank and precedence, appointments and promotions, uniforms and equipments, furloughs, desertions, post canteens, ceremonies, pay and allowances, flags, music and the innumerable formalities which govern every branch of army life. A board of three veteran officers, Colonels Corbin, Gilmore and Babcock, now serving as adjutant generals, were detailed to supervise the work. Lieutenant John Trench, who had recently completed his service as recorder in preparing the new infantry, cavalry and artillery tactics, has had immediate charge of the work, with a force of clerks. The regulations embody the experience of about 100 years of army life.

GRANT THEIR CANDIDATE.

The Ex-Mayor Nominated by Tammany in Place of Straus, Resigned.

NEW YORK, Oct. 22.—Hugh J. Grant was named as Tammany's candidate for mayor, vice Nathan Straus, withdrawn, at the meeting of the executive committee in Tammany hall yesterday afternoon.

Mr. Grant, in response to the committee's notification, said: "My determination to accept is based upon conditions which I will hereafter state so there can be no mistake about my politics. My conditions are that such candidates now on the ticket, whose candidacy I regard as injurious, shall be removed from the ticket."

The committee then escorted Mr. Grant to Tammany hall, where he was received with tremendous applause. It was announced that a new platform had been prepared expressly for Mr. Grant. The new platform attacks first the apportionment provided for in the constitutional amendment and says Democrats must fight against so unjust division of district representation. The Sherman silver bill is held responsible for the recent hard times, and the platform also characterizes the A. P. A. as a foul institution, the intent of which is to divide parties and people upon a religious basis and to precipitate a sectarian war.

MRS. PECK MUCH WORSE.

The Santa Fe General Solicitor and Surgeon to Go to Switzerland.

TOPEKA, Kan., Oct. 22.—George R. Peck and Chief Surgeon W. G. Hogeboom of the Santa Fe will leave Chicago to-morrow for Geneva, Switzerland, where Mrs. Peck is ill. A cable received by Mr. Peck yesterday informed him that Mrs. Peck had become worse. During Mr. Peck's absence D. E. Kenna, general solicitor of the St. Louis and San Francisco railroad, will act as general solicitor of the Santa Fe system, and will advise the stockholders at their meeting here next week.

SENATOR MARTIN TALKS.

Discusses the Situation in Kansas and the Democratic Ticket.

TOPEKA, Kan., Oct. 22.—To a reporter this morning United States Senator Martin broke his long silence relative to the political situation in Kansas and outlined his attitude toward the Democratic state ticket.

Asked first as to the report that he and ex-Governor Glick were about to issue a manifesto advising their friends to support the Populist state ticket, Mr. Martin said:

"I can not say what action we may take. It is certain that we have not refused to give it our support. What we may do hereafter will depend wholly upon circumstances. There is no doubt that that ticket is a good one—it is Democratic all the way through, and it was intended to be such when it was nominated. The convention which put it before the people was composed of Democrats, the men who made it were sincere and honest in their intentions and the party managers are endeavoring to carry out the will of the convention."

"While all this is true, the question arises in the minds of some Democrats that perhaps the Democratic campaign may, in effect, work more to the advantage of the Republican party than to that of our own party. Do we, as Democrats, want the Republican party to succeed in this campaign any more than we did in the campaign of 1892? These are material questions and honest Democrats have the right not only to raise them, but to discuss them in their own minds. Now, I am not prepared to say that we ought to withhold our support from that ticket. As I said before, circumstances may arise later in the campaign which may guide us. Possibly to withhold our support would do our party more injury than to go in and make a fight for the ticket on the lines mapped out by the committee. I am talking not as a politician, but as a man who has the interests of the whole party, of the people, if you please, at heart. The question is, Do the Democrats of Kansas want the Republican party to succeed in this fight?"

"Do I think the Republicans will win? To be frank with you, ten days ago I believed they would be successful, for all the signs pointed that way. But a change has come over the situation since. The signs now point to the success of the People's party and the Republican managers and campaign speakers are themselves responsible for it. Down in the breast of every American citizen there beats the spirit of fair play and in this campaign that spirit is in rebellion against the methods pursued by the Republicans to overcome their Populist opponents. The people like a fair, open, manly fight and, per contra, they abhor vilification, slander and abuse."

PITTSBURG "POOLS" EXPOSED

The Investors in the Concerns Make a Rush to Get Out Their Money.

PITTSBURG, Pa., Oct. 22.—The "discretionary pool" system is on the rocks in Pittsburgh. These concerns have been springing up almost daily in this city and it is estimated that they now hold between \$3,000,000 and \$4,000,000, representing 50,000 investors. Their clients are workmen, domestics, washerwomen and some farmers who were dazzled by the prospect of securing anywhere from 20 to 100 per cent a month on their investments. Many men have mortgaged their homes and placed the money in the "pools." It is common talk that the trustees of one or two estates have also risked the money in their charge in these concerns.

For several days past the local newspapers have been showing up the impossibility of these "pools" lasting any length of time, and alleging irresponsibility of the managers. This morning these publications had their effect and there was a rush of its investors upon a "discretionary pool" known as "The Public Stock Exchange." As soon as the rush began the managers announced that they were the victims of a conspiracy by the banks and fell back upon a clause in their agreement by which they can require several days' notice of withdrawal.

A short time later a run began on "The Pittsburgh Syndicate." Investors were paid until noon, when the manager announced that the concern would only pay during banking hours and would resume at 9 o'clock Monday. The panic is spreading, and it is anticipated that within the next three days almost every "discretionary pool" in the city will be wiped out.

GREAT ROCK ISLAND ROUTE To Texas, The "Fixed Star" State. TO THE EAST. Best Dining Car Service in the World. Nothing can be clothed with more facts than the statement that thousands of farmers and fruit growers will leave the more northern climes and locate in Texas. This was evinced by the excursion of January 8th, over the Chicago, Rock Island & Pacific to Texas, and the hundreds that availed themselves of the low rates were well repaid for the trip, and if each one could be heard on the subject, the unanimous verdict would be, "It is better than I expected to see, and just suits me." Many thousands will avail themselves of the coming excursions and low rate offered, as did the hundreds on the last one, and everyone who desires to secure a farm of 160 acres, or a 20 or 40 acre fruit tract in that land of mild climate, should not stand on the order of their going but "Go" the first excursion possible. Apply for detailed information as to rates of fare to any representative of the Great Rock Island Route or any coupon ticket agent, or address "Editor Western Trail," Chicago, for full facts as to the land.
