MUSIC FOR THE MASSES.

Our song book, Armageddon, is what our great industrial political movement has been long in need of. Its value is recognized and its songs will be the songs of the workers every where...

The Commander-in-chief of the Industrial Legion of America writes under date October 4th, as follows:

"Your song book is the very best, and fills a long-felt want in the party. It is a song book; it is not machine rot, but genuine high grade words and music."

From the New York Voice we clip the following notice:

Armageddon, The Songs of the World's Workers Who Go Forth to Battle with the Kings and Captains and Mighty Men. By George Howard Gibson. Manilla 130 pp., 35 cents, \$3.60 a dozen.

This is a collection of songs for the times, with bright, catchy words and good, stirring music. Among these are: "Get Off the Earth," "We Have the Tariff Yet," "The Taxpayers Settle the Bills," "Battle Hymn of the Workers," "God Save the People," "That Honest Dollar," "Hayseed in His Hair," "If I were a Voice," "A Politician Here You See," "It Stuck in His Crop," "Sunrise on the Hills," "The Road to Freedom," "A Drowning Cry," "Armageddon," "The Rallying Cry," "The Pauper's Last Smoke," "Only a Penny a Loaf," "Our Line of Defense," "Plenty of Room," "Old Error's Mists are Sweeping By," "American National Hymn," "Jeans Pants-a-Comin'," "The Money Power Arraigned," "Timothy Hayseed," and many more.

PROF. COMMONS in his book on "The Distribution of Wealth" classifies personal rights as those of life, liberty employment and marriage. Concerning this right to employment he says:

"The right to employment, when enforced, would have the effect of guaranteeing to every worker, even the lowest, a share of the total income in excess of his minimum of subsistence. It would give steady work through the year, which would increase the wages of the lowest laborer by thirty to fifty per cent. And by overcoming the chronic excess of laborers beyond the opportunities of employment, it would raise the marginal utility of the marginal laborers, thus raising the wages of all."

THE I. M. Raymond colored Republican club of Lincoln during the campaign held its meetings in a building just west of the Republican headquarters and kept free liquors, beer and whisky on tap in a back room opening out of the hall. A reporter for THE WEALTH MAKERS attended one night when the meeting was addressed by the very respectable Mr. Raymond, and the right honorable Ed. Sizer held forth. Sizer sacrilegiously paraphrased the Bible in his talk, and both at the close of the speaking went behind the scenes to wet their whistles. Raymond is a trustee of the Presbyterian church.

In this city today, voting, is the son of a Lincoln minister, brought back from Chicago by the Burlington to help elect its man Majors, brought back on a pass. The University students have also been tampered with, those who would vote the Republican ticket have been sent home at expense of the corporations. The g. s. p. is no more a party of the people. It is run by the corporations, for the corporations.

THE Independent Labor party of Great Britain, led by Keir Hardy, M. P., Tom Mann and others, a party that is gaining rapidly in votes and representation in Parliament, has this to say for itself: "The I. L. P. is not merely an organization for securing the return of a few workmen to Parliament, but a great national movement to bring about the reorganization, by constitutional means, of our entire industrial system on the basis of work for all, reward for all who work and the overthrow of the idler, whether rich or poor."

THE HUB 104, 106, 108 and 110 N. Tenth Street, Lincoln, - - Neb.

THE Populist committee has discovered a large amount of perjury and fraudulent registration in Lincoln. The Republican leaders in their desperation have paid a large number of men to swear falsely as to their place of residence. They have men registered as living on vacant lots, in vacant houses, and the same individual declares (swears) his residence to be in several places. They have planned thus to have men vote early and often for "Tattooed Tom" and the rest of the railroad ticket.

THE 1,200 bankers who met in Baltimore to formulate a new banking scheme to enable them to draw the largest possible stream of usury from the people, are jointly worth \$150,000,000 and represent a banking capital of \$700,000,000. They had much to say in favor of an elastic volume of the currency, but planned to do the stretching and contracting themselves. They are not a bit afraid of fiat money if they alone are permitted to issue and loan it.

It has taken us only one generation, since 1861, to do, in the matter of concentrating wealth, what it took Rome five hundred years to accomplish. Therefore an immediate, mighty uprising of the liberty-loving people can alone save us from what destroyed that ancient republic. The historian, Pliny, says: "The colossal fortunes which ruined Italy were due to the concentration of estates, through usury, brought about by lack of an abundant supply of money."

EIGHT great railway corporations own ninety-five per cent. of the anthracite coal fields of the country, and since 1879 the anthracite freight rates have been advanced, instead of decreased. This in the face of the fact that facilities for handling coal and the price of labor have greatly cheapened the actual cost of carrying it.

HAVE you noticed, the president always travels now in a special train? The corporations provide it free, and Grover and his attorney general, Olney, take care of the railroad interests. The common people no longer obtain legislation. The corporations have to be cared for and justice is too costly a thing for the poor to dream of.

Counterfeit Money Found. CLAY CENTER, Neb., Nov. 5.—Laborers in digging a main for water pipes in this place discovered 250 pieces of counterfeit money in denominations of fifty and twenty-five cent pieces. A peculiar feature of the find lies in the fact that coins of the same denomination bear different date.

TO OUR FRIENDS!

If you are in arrears on subscription to THE WEALTH MAKERS, you will receive a letter soon, telling you how much you owe, and earnestly requesting you to pay up and send in a dollar for your renewal for another year. The love you have for the principles of the Populist party may be measured by the response you make to this appeal. We do not wish to be compelled to discontinue the paper to a single subscriber, but shall have to do so if you don't pay for it.

If you are a Populist you ought not to wait till we ask you for money which you should have sent us a year ago.

We know it is hard to get, but in many cases the persons who are in most need of it are more prompt in renewing their subscription than others who can well afford to pay. It had been a wonder to us that many of our subscribers who are holding good positions, county offices in some instances, have paid no attention to our notices of expiration, while many others who could ill afford the money have paid a year in advance and given us kind and helpful words of appreciation. We have done the best we could, and have placed THE WEALTH MAKERS on a sound financial foundation; but to you who are owing us on back subscription, we must say that, in justice to ourselves, we can no longer send the paper to you. If you have not already, you soon will receive a statement of the amount you owe us, and if we do not hear from you immediately your name will be stricken from our list. To those of our friends who have stood by us through sunshine and shadow we express our hearty thanks, and assure them that we shall spare no time and expense to give them the best paper possible.

State Superintendent Goudy Not In It.

LINCOLN, Neb., Nov. 5, 1894.

Editor WEALTH MAKERS: Merely in order that my friends throughout the state may be assured from me that I have not prostituted my office to the methods of the politician, as was indicated in your columns of the issue of October 25, I ask the publication of a letter of Mr. Barton, whose connection with my office and with the "committee" referred to gave color to the charge. As I have always been, I am the servant of the educational interests, and am not inclined to coercion, as the letter of Mr. Miller, which was the cause of your editorial comments, indicates that those in sympathy with his methods are. I know that not all the committee approved of his start. This may account in part for his sudden withdrawal from the committee. A. K. GOUDY. LINCOLN, Neb., Oct. 31, 1894.

Editor WEALTH MAKERS:

In your issue of October 25 I find certain articles which connect State Superintendent Goudy with a committee of which I am a member. You quote a letter purporting to be from Mr. J. H. Miller, one of the original members of said committee, and commenting upon the same, you conclude that Mr. Goudy participated in the organization, acts, and deliberations of such committee, and permitting and allowing an improper use of stationery, postage, etc., belonging to the state.

I wish to state that said committee was made up without Mr. Goudy's knowledge and without consultation with him, and that the steps taken by said committee have been taken without his knowledge or consent. I further declare that not an hour of the state's time, not a sheet of paper, or an envelope belonging to the state, not a postage stamp, the property of the state, has been used by me, or by any one else, so far as I know, for campaign purposes.

What part I have taken in this matter has been taken on my own volition and without consulting or advising with Mr. Goudy, and for such part I am personally and wholly responsible. I am also confident that no other member of the committee has, at any time, advised with or consulted Mr. Goudy in this matter. (Signed) J. A. BARTON.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful, and by constantly falling to cure with local treatment, pronounced it incurable.
